**Florida Permits School Marm To Bob Her Hair Now**  
 Tallahassee, Fla.—School teachers of Florida may bob their hair, wear silk stockings, shorten their skirts and attend dances as much as they please without running afoul of rules and regulations prescribed by state authorities, Attorney General Fred H. Davis, in effect, advises W. S. Cawthon, state superintendent of public instruction.  
 Cawthon requested the attorney general's opinion in the matter when a letter reached him from a school trustee of Holmes county complaining that contracts for teachers' employment in that county contained a clause against attending of dances or participating in them.  
 The state superintendent of education, the attorney general said, has the power to make rules and regulations governing the conduct of teachers, and it is the duty of the state board of education to cooperate with him in enforcing them. County superintendents and county boards, he added, have no right to prescribe rules and regulations in conflict with those of the state authorities.  
 "In the interest of wisdom and common sense, the form of contract prescribed by the state board of education omits any reference to whether the teacher shall bob her hair, wear silk stockings, shorten her skirts, attend dances, etc.," Mr. Davis stated.

**DUB TOURNEY AID TO SHELBY GOLF**

The play of Pete Webb, sensational young golfer, still attracts what galleries there are following the play.

Mr. Gold wants all of his old pupils to be on hand as well as delegations from all the churches in Cleveland, Gaston, Lincoln, and Rutherford counties, where he taught.
