Coming Summer

May Be Cooler

This Phonomenon Appears In 11-Year Cycles And 1928 Will

Be The Peak Year.

For several years the seasons

have been unusual. This may not

prove to be a summerless year, but

there has been less summer than

usual. In the early morning of Aug-

ust 27, the people of York, Pa., were

treated to a snow storm. Fires felt

comfortable on several mornings

the middle of August here in the

Next year may be even more

summerless for 1928 is expected to

be the peak year of our regular 11-

year visitation of sun spots. ' Old
