

Shelby Stars Will Help Fight Prep Champs

Against this powerful aggregation on Cecil field, Lexington, January 2, the All-State high school football team picked by L. N. Byrd will try conclusions. The highs will have a line-up averaging perhaps 175 pounds or more to the man, perhaps the heaviest high school team ever assembled in the state, and every man a star and veteran. Murray Greason is coaching the highs this week at Lexington. Oak Ridge begins training Thursday at Oak Ridge.

Laymon Beam, one of the best backs who ever performed in a Shelby High school uniform, will play at end on the All-State eleven, and Big Joe Singleton, Shelby tackle, will play a running guard.

All-Star Eleven Smooths Up For Big Game At Lexington January 2

Two Shelby Boys Will Participate in First Game of Type Ever in State. Expect Big Crowd

A number of Shelby football fans are planning to attend the All-State High and Oak Ridge football game in Lexington next Monday, January 2. The contest is the first of the type ever scheduled in the state. Luther Byrd's All-State high school eleven will play Oak Ridge, prep school champs.

The eleven youths picked from the high schools of North Carolina and ranked as the best in the state are this week the guests of Lexington people and are being drilled for the big game by the Lexington coach. It is the first time an all-star team has been rounded up in the state and experts say the high school aggregation will look like an answered dream to any football coach.

Two Shelby boys, Laymon Beam and Joe Singleton will start the game for the All-state Highs. Beam at end and Singleton, at guard.

A Lexington dispatch tells as follows of the first practice Monday.

For the first time in North Carolina football history an all state high school football team had signal practice here Monday.

Eleven or twelve men expected to meet Oak Ridge here January 2 were in the initial practice under Coach Murray Greason and the twelfth arrived late Monday. The squad is composed of rangy, heavy players who ran through practice at high speed. Many local fans saw the workout and are enthusiastic over the appearance of the high school stars.

One of the features of the practice was the passing of Brown, Hamlet star while lineemen and backs alike showed ability in receiving. Brewer of Winston-Salem, Remsen, Oxford, Chety, Lexington and Hyatt, the Waynesville giant were also running in the backfield. The line included Belmont, Mount Airy; Singleton and Beam, Shelby; Underwood, Sanford; Smith and Raker, Lexington; McKenzie, Asheville, arrived too late for the workout.

An electric car to develop a speed of more than 200 miles an hour is claimed as the invention of an English engineer.

FOR CONSTIPATION

Mississippi Man Says He Has Found Black-Draught So Satisfactory, He Has No Need to Change.

Wiggins, Miss.—Mr. A. L. Cone, a well known Wiggins resident, says: "I have used Theford's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change."

"When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have."

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay.

Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive out the poisons so as to leave the organs in a state of healthy activity. Sold everywhere, 25c. NC-179

OSTRICH NOT HIDING; IT'S HUNTING WATER

Independent, Kan.—The Ostrich has become a universal symbol of folly because of the time-honored tale that it buries its head in the sand when danger approaches.

But Martin Johnson, African explorer and photographer of wild animals, brings word home from the other side of the world that when

the ostrich thrusts his head into the sand he is not hiding, but seeking water. And it finds it, too, Johnson says, even below the dry sands of its habitat.

Johnson, visiting his birthplace here, praised ostrich eggs as better food than hen's eggs—but not for the man who has to catch the 7-15 for they must cook 45 minutes to attain a soft-boiled stage and four hours to boil hard.

You Can't Fool Mr. Weather Man

Let the fashion magazines chat of Spring hats and airy crepe dinner gowns as much as they will. You and I know that you can't hoodwink Mr. Weather Man into believing that dog-days are just around the corner.

Some of the coldest of our winter days are right ahead, and if your work is carried on out-of-doors you must be especially careful to see that you are dressed warmly. Jack Frost is a rather rough playfellow, but a sturdy mackinaw or a horsehide vest will do wonders in outwitting his pranks.

If you don't work out-of-doors, then you must play there to keep healthy. Look over our stock of warm clothes. There will be plenty of days to wear them yet.

Moredge Stropper Efficient, Economical

Moredge Stropper. Lengthens life of your blades. Sharpens Moredge or Gillette Blades. 98c

Boys' Blouses Fancy Patterns

Boys' Blouses. Something for the smaller boy of the family. Well-made and full-cut blouses in fancy patterns, white and colors. 89c
