## Mrs. R. L. Ryburn Endorses Al Smith

Prominent Shelby Church Woman Gives Her Reason For Supporting Governor Smith.

To the editor of The Star:  
 I have been an admirer of Governor Smith for two years and now that he is the regular nominee of the regular Democratic convention I am going to vote for him. I will not be voting for his church; I will not be in accord with his prohibition views, but I have absolute confidence in his character and in his ability. He has been true in all the relations of life, to mother, wife, children and friends, and while governor of New York he was a friend of the people and worthy of the people's trust.

Even his enemies know that Al Smith will not lie. And now may I quote from an eminent Methodist educator, (a dry Republican), Dr. E. T. Devine, of Washington, D. C., who says: "Gov. Smith is an able, experienced and resourceful executive. He has a genius for administration, for constitution making, for detecting

and exposing rascality; for finding a solution for new and difficult problems; for growing constantly to meet new emergencies, new epochs of human progress. Educators find that Alfred Smith is interested in education; social workers that he is interested in the relief and prevention of poverty, in the humane care of the sick and disabled, in the rational treatment of criminals; business men that he is sympathetically interested in prosperity and sound business methods, and farmers find that he is intelligently and fruitfully interested in practical measures for their relief."  
 Because I agree with Dr. Devine and for the aforesaid reasons I am going to vote for Alfred E. Smith for president.

MRS. R. L. RYBURN.

Call For Terms.

London.—Reported abandonment of the Franco-British naval agreement and official denial that the accord had been dropped called forth from some quarters demands that the terms be made public without further delay.

## He Will

From The Hendersonville Times-News.  
 A former football star is Democratic candidate for governor in Delaware. This gentleman ought to be able to successfully buck the Republican line. His candidacy reminds The Charlotte Observer that Max Gardner was a football hero in his college days. The Republican line in this state is of considerable proportions and weight, but Max shows a disposition to go through for a touchdown.
