Anderson, S. C.—"I suffered a ong long time, before I tried Cartui, and my only regret is that I id not know about it sooner," says

My nerves 'went to pieces', and I

Militant Baptist Minister Issues Ringing Statement To Democracy.

flitant Primitive Eaptist preacher, Confederate soldier and life long Democrat, forwarded a ringing statement to the Democratic state executive committee favoring the Smith for president, O. Max Gardner for governor and the entire ticket, and calling upon all Democrats to loyally support them.

Elder Harrison, who is now years old, but would pass for much younger, is the oldest Primitive Baptist minister in the Kehukee association, which is the oldest in America. He has been serving three churches in that association for the last 63 years, and is a forceful and vigorous preacher who is known all over North Carolina. Just recently at a historical celebration at Plymouth he thrilled the large crowd with his description of the Confederate ram, Albermarle. With the death of the late Sylvester Hassell, he is probably the oldest and best loved preacher of his denomination in the country. Elder Harrison's address is Pinetown, R. F. D., and he lives in Washington county.

His statement given out today is

I am for Alfred E. Smith for president, because for four years I have studied the man and his works. He stands out today as the most appealing statesman in the nation. As much as I love my party I could not be persuaded to support him unless I was convinced he measured up to all of the qualifications of the presidency. Smith stands four square before every wind. He is honest, sincere and brave, and we will learn to love and be proud of the man we are going to put in the White House next March. When I see that Deputy Dixon Gets some that we have trusted in the past trying to seduce the Democracy of this state into the Republican party, it causes an old man like me to speak and to urge my fellow Democrats to stand and regel

The FIRST COST of a job but the UPKEEP COST that is important.

This is true of your automobile, of your house, of your farm, of your old gray mule ..

But it is of PLUMBING that we are talking specifically. You can get a cheap jeb of plumbing, as a first cost, and you will think you got out easy; but when the UPKEEP COST faces you week after week and month after month, you will see the thing
