

Liquor Cases On Increase, Says Mull

In the past three years there has been an increase of 13 per cent in the number of criminal cases having to do with liquor, said Judge John P. Mull in addressing the Kiwanis club last night at Cleveland Springs. Three years ago 35 per cent of the criminal cases had to do with liquor and its evils. So far this year 48 per cent of the cases in the recorder's court have to do with liquor. Judge Mull made an appeal for men to uphold law and order and not even break even the minor statutes such as speeding, etc. "I don't believe in harsh punishment, but I do believe in certain punishment," said Judge Mull.

Critic Of Shelby Men Is Explained

In Wednesday's Greensboro News there appeared a letter in the "Public Pulse" column criticizing Max Gardner, Clyde Heay and Major Bulwinkle. The letter was signed "W. F. Wray, Shelby." Numerous well known Shelby people, somewhat resentful of the attack on the prominent Shelby men, declared that they knew no man by that name here and a letter was forwarded the Greensboro News containing that information. In today's Greensboro News editorial columns it is explained that the letter written with pen appeared had "Cleveland Co" written in the corner and the paper to locate it with a postoffice changed it to "Shelby."

Mabry said this morning he expects to have first copies on the street sometime during the afternoon.

- AT THE MOVIES -

A new star in the film firmament, Alberta Vaughn, is the headliner of F. B. O's "Aint Love Funny," billed for the Princess today. It is a picture of mirth and pathos—lively, snappy and wholesomely good to look at. Miss Vaughn has made a hit as one of the films liveliest comedienne. The story has to do with the career of a notorious flirt, who finally realizes there is the piper holding out his hand to be settled with.

Tomorrow a fast adventure story is the big attraction. Bob Steele is the hero, and Mary Maberry the heroine. It is an action picture of the first quality.

IT'S NOT THE FIRST COST of a job but the UPKEEP COST that is important.

This is true of your automobile, of your house, of your farm, of your old gray mule.

But it is of PLUMBING that we are talking specifically. You can get a cheap job of plumbing, as a first cost, and you will think you got out easy; but when the UPKEEP COST faces you week after week and month after month, you will see the thing differently.

UPKEEP COST on a cheap job of plumbing has made many a man see his sins.

We do it RIGHT to start with, and that is why the best business men have us do their work.
