### School Answers The Damosch Questions

South Shelby School Uses Radio To Advantage. Questions On Music Test Knowledge.

(Special to The Star.) The following program was rendered at the South Shelby school Friday morning at 11 a. m. during the R. C. A. educational hour. This concert was for grades 5 and 6, or grades 7, 8, and 9.

Flute and clarinet. Suite in B minor, Bach; minuet from Symphony No. 4, Beethoven; Chinese Dance, Tschalkowsky.

The following questionnaire compiled by Mr. Damosch for this concert is intended primarily to provide a means of testing the ability of the pupil to comprehend and to remember the explanations given during the radio concerts for schools, broadcast each Friday at 11 and 11:30 o'clock Eastern Standard time. Inasmuch as the answers to all the questions will be incorporated in Mr. Damosch's explanatory remarks, the questionnaire will constitute, principally, a memory test. Mr. Damosch hopes that these concerts may not only enhance the pupils' understanding of and love for good music, but that they may also stimulate a desire on the part of the pupils to take up the study of some orchestral instrument.

Q. What is a wood-wind instrument? A. An instrument made of wood, which is played by blowing into it.

Q. Are all wood-wind instruments really made of wood? A. Originally all wood-wind instruments were made of wood, but nowadays flutes and clarinets are sometimes made of silver.

Q. Give the names of some of the wood-wind instruments of the orchestra. A. Flutes, piccolo or litte flute, oboes, English horn, clarinets and bassoons.

Q. What is "suite" in music? A. A group of pieces that follow one another in a certain order.

Q. What is a minuet? A. A dance of olden times, in three part measure.

Q. What instrument plays the melody in the middle part of the minuet from the Fourth Symphony in Beethoven? A. Clarinet.

Q. How does the clarinet differ from the other wood-wind instruments? A. It has a larger range, or compass, than any of the others. Nearly four octaves.

Q. What is a piccolo? A. A small flute which sounds an octave higher than the large flute.

Q. How does the tone of the piccolo sound? A. Shrill and piercing.

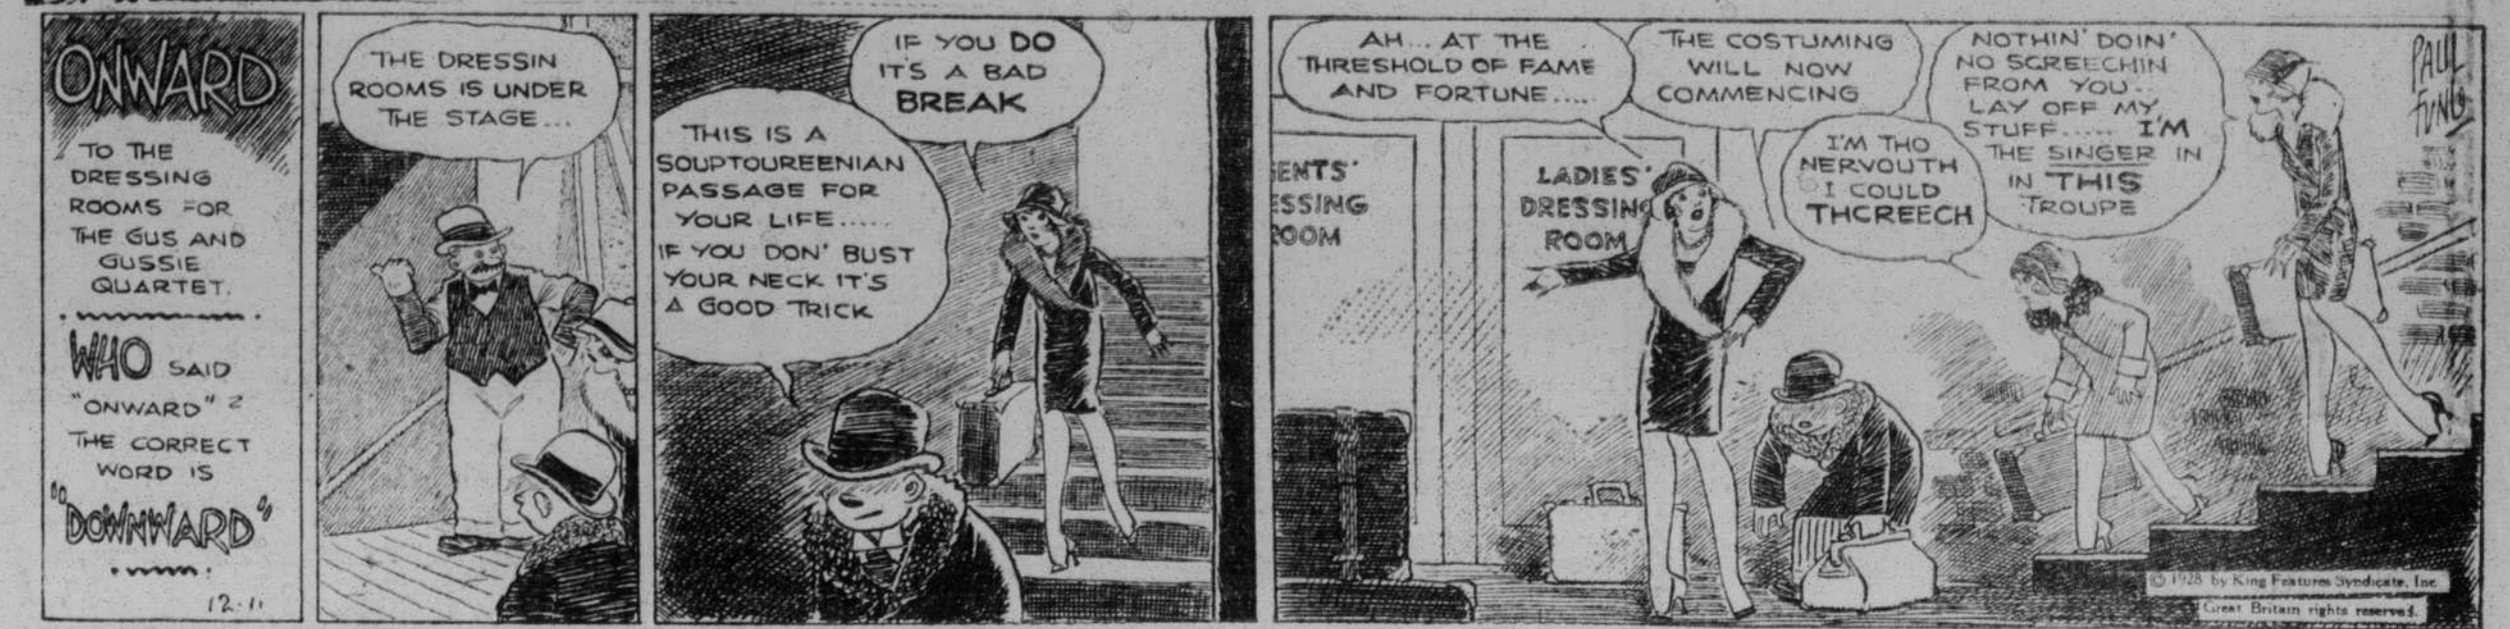

Q. What instruments play the principal melody in the "Chinese Dance" by Tschalkowsky? A. The piccolo, flutes and bells.

Q. What instruments play the funny clumsy accompaniment? A. The bassoons.

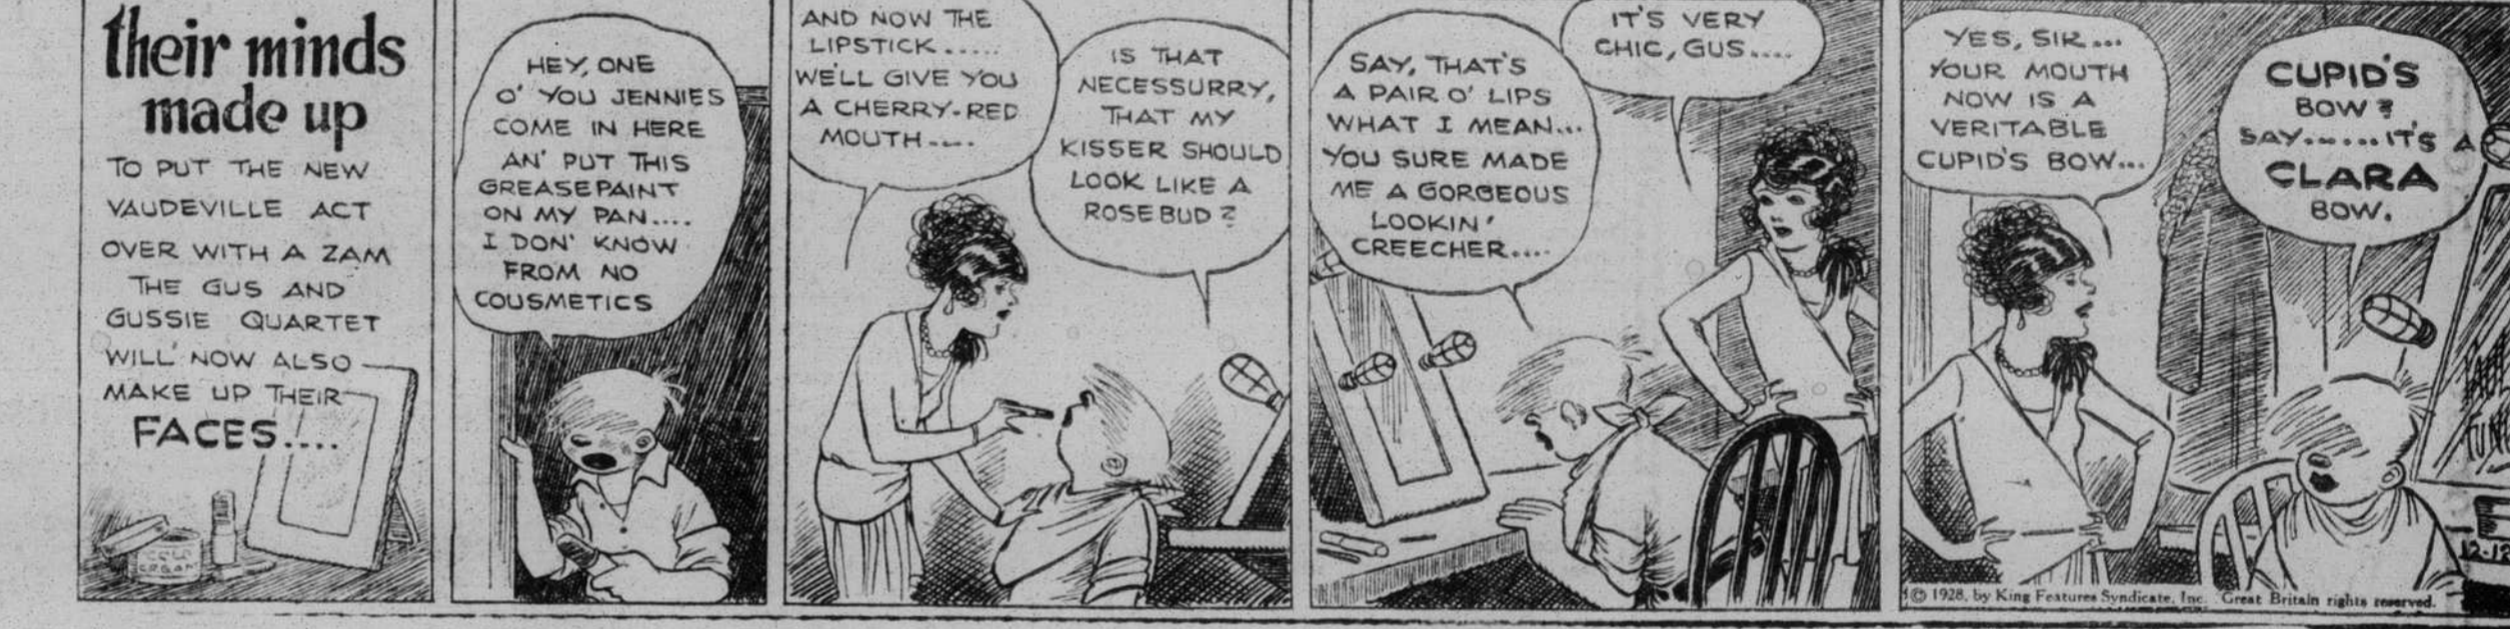

### Salary Cut.

New Bern.—A salary cut of from \$2,500 to \$600 a year for the chairman has been made here by the new Craven county board of commissioners. The new chairman, W. B. Blades, will not devote his full time to the office, as did the retiring chairman, L. H. Cutler.

### Calton Wins Guessing On Yield Of Cotton

Contest Waged At Lattimore On Yield Of Cotton Plat. Fertilizer Doubles Yield.

The \$500 gold piece offered by the Chilian Nitrate agencies for the one guessing the nearest to the yield on three plats of a demonstration conducted by John L. McSwain when the farmers made a tour of the cotton demonstrations last fall.

His guess was: Plat No. 1, 650 pounds; plat No. 2, 1050 pounds; plat No. 3, 110 pounds. Actual yield of seed cotton: plat No. 1, 680 pounds; plat No. 2, 1110 pounds; plat No. 3, 80 pounds. Error plat No. 1, 30 pounds; plat No. 2, 60 pounds; plat No. 3, 30 pounds.

### SPOTS BEFORE EYES

Miner Had Dark Spots Before Eyes. Felt Dull, Tired, Achy. Doesn't Get Down Any More.

Somerset, Ky.—Telling how he had known of the merit of Theodor's Black-Draught since he was a boy, Mr. Albert Garland, of this city, recently said:

"I used to work in the mines, but lost quite a bit of time on account of the sick spells I had. I would get to having a bad taste in my mouth, and a very dull, tired feeling and ache. I would have dark spots in front of my eyes, and I would be so dizzy I would stagger like I was drunk."

"I took medicine, but didn't seem to get any better. My mother told me to try Black-Draught, which I did, and after a few doses I felt much better. Now I take it as soon as I feel the least bad, and I don't get down. I certainly can say that it has done more for me than any other medicine I have ever taken."

"I never get without Black-Draught. If I go on a visit, I take a package along in my suitcase. My health is better now than it has been in years, and I believe it is the use of Black-Draught that did it."

Black-Draught is prepared from medicinal roots and herbs, of highest quality. Try it. NC-1

### WET WEATHER WARNINGS

Now is the time to have your shoes rebuilt.

### THE LANDIS SHOE SHOP

Does it the right way. All work guaranteed. Third Door From Western Union. WEST MARION ST., SHELBY, N. C.

were conducted by an agricultural student in Lattimore school under the supervision of V. C. Taylor, agriculture teacher. It has been worth considerable to students and farmers to observe this experiment. John L. says that if he had used 200 pounds of nitrate of soda as a side dresser he believes he would have doubled his entire crop. This is indicated by actual figures in the yield: plat No. 1, home mixed fertilizer, 680 pounds seed cotton;

platt No. 5, home mixed fertilizer with 200 soda, 1200 pounds of seed cotton. Increase in yield due to soda, 520 pounds seed cotton.

**Card Of Thanks.**  
 We wish to thank our neighbors and friends for their kindness shown to us during the tragic death of our father and husband. May God bless each and everyone of you.  
 Mrs. S. L. Gantt and Children.

**The Batwing Scarf.**  
 In the endless variety of scarfs, the batwing type in two colors is new. This is twisted once about the neck, clasped directly in front with the ends flaring out abruptly at the shoulders.

to me, I was so cross and nervous. Vinol has made me a different and happy woman."—Mrs. N. McCall.  
 Vinol is a compound of iron, phosphates, cod liver, peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Quinn's Drug Store. (adv.)
