## LATTIMORE WINS 2 FAST CAGE GAMES

(Special to The Star.)

Lattimore defeated the fast Fallston team on the home court Wednesday night, 30-16. It was the second game the two teams have played this year. The Fallston team showed much improvement. The first half was close but in the second half Lattimore completely outplayed the visitors. Fallston didn't have their best form and while Lattimore was minus three of her regulars, Harrell and Weathers led the scoring.

The second game was between Belwood's first team and Lattimore's second team. The score was 17 to 6.

The visitors were outclassed in every phrase of the game. The second team presented a team that could certainly cover the floor and shoot in the most accurate manner, although many snowbirds were missed. They dazzled the Belwood guards with lightning-like pass work and simply would not allow them many shots at the basket. They made only one field goal. It was a clean, fast game, only fourteen points being called. It appears that some of the first string players are going to have a hard time keeping some of these boys off the team.

The Lattimore All Stars meet the fast Caroleen team here Monday night. Wednesday night Crouse girls and Casar boys will furnish the opposition.

## Cotton Market

(By John F. Clark & Co.)

Cotton was quoted at noon today on New York exchange: January 20.33; March 20.38. Saturday's close: Jan. 20.10, March 20.14.

New York, Jan. 14.—Worth street quiet Saturday but most houses had a moderately active week to report. Weeks business spotty with some orders of considerable size reported from day to day in print cloths. Manchester cable says cloth inquiries continue to expand but orders generally difficult to arrange. China proved the best feature, India demand moderate. Fall River reports sales for week exceeded four weeks average. Look for steady or higher prices on trade demand. Commodity markets appear to be coming into their own and there is a large long interest in cotton confident of a substantial advance.

## TO THE VOTERS OF SHELBY

At the urgent request of many of the good people of our City for me to announce for the office of mayor for another term I wish to say:

"I HAVE STOOD THE STORM ENDURED THE PAIN AND AM WILLING TO TRY IT AGAIN."

I have endeavored to live up to my platform, have made many changes and if re-elected intend to make more changes. We owe \$12000.00 less than we did at the beginning of this administration.

I will appreciate everyone voting for me who does not prefer someone else. The more votes a fellow gets the more he feels like serving the people.

If I should be elected I am particularly anxious that the four aldermen we now have be re-elected.
