## IT'S A LATE TIME TO BUY FARM LAND—BUT

We have a part of the O. Max Gardner, More-Per-Acre Farm just 3 1-2 miles east of Shelby on Post Road, with good 5 room dwelling, large barns, sheds, etc., with 54 acres, practically all in cultivation that is such a bargain that we know somebody wants this place, and they might as well get it this year. It's right ready to move to, land is in fine shape, should make 25 bales cotton first year, and plenty of corn, etc. This is the best tract of Gardner's original tract, lies on west side of road, very strong land, no rocks and we know it's the best buy IN FARM LAND IN THE COUNTY. Pay \$165.00 per acre on terms \$1,000.00 cash, get possession of the land now and next payment won't be due until January 1st, 1930. Interest, principle and the biggest annual installment combined will be just about what the rent amounts to. You can pay for the place out of the rents.

THE NEXT BARGAIN we offer is the Will Camp tract of 69 acres, more or less, in No. 3 Township, joining Sam Bowen and others. This land lies practically all level, has the one large field just to rear of the 6 room dwelling that contains 55 acres. It's one of the largest fields in the county. Strong land, close to church and school, very fine neighborhood and this tract like the one above is a real BARGAIN and can be sold on very reasonable terms. Price for the tract is \$5,750.00.

Both of the above tracts are owned by Governor Max Gardner who says: "If terms mean anything, then give them." This means that to any person in the county who really wants one of the best farms in the county—HERE IS YOUR OPPORTUNITY.

## At The Theatres

The wonder dog Ranger in "The Fury of the Wild" is the stellar attraction at the Princess today, with Pola Negri starring in "The Woman from Moscow" tomorrow.

The first is a high class action picture filled with thrills and chills—suspense. It is a supremely good plot.

"The Woman from Moscow" is the celebrated Miss Negri's latest. Norman Kerry appears in the cast. It is a modern story of Russia and Paris. A romance. It is the first of the Ludwig Berger pictures made in America.

A Booth Tarkington story, starring Marion Nixon and the renowned Mr. Eddie Quillan—"Geraldine" is on at the Webb today. It is a comedy-drama presented by Pathe. Mr. Quillan struts his stuff as a very youthful sophisticate, and puts it over beautifully. Lillian Gish in her latest "The White Sister" is the headliner tomorrow.

Appearing with Miss Gish is no less a personage than Ronald Colman. Otherwise the cast appears to be made up mostly of foreign players. This is one of the big pictures of the day.

We see by the court calendar that it is almost time for Secretary Fall's regular semiannual trial and acquittal.—Southern Lumberman.

A banker named O'Leary is one of the business men planning to clean up Chicago. A Mrs. O'Leary did it once, with a cow.—Fountain Inn (S. C.) Tribune.

## Band Concert At Piedmont Was Good

Lawndale Section Enjoys Concert  
By Sinclair's High School  
Boys.

On last Friday night Mr. Sinclair with his high school band gave a concert in the auditorium of the Piedmont high school. Judging from the many favorable comments, the concert was a decided success.

Last year the Shelby high school band won a very high place in the rating of concert bands in this section of the state by professional judges. Many who heard the concert Friday night predicted that the band this year is the best one that Mr. Sinclair has trained so far. The program Friday night was well balanced. It included numbers rendered by the band, brass quartets, violin solos, cornet and trombone solos. Professor Burns was so well pleased with the concert that he has determined to organize and train a band in the Piedmont high school.

On Friday night of this week, this band will give another concert at Bolling Springs junior college. It is hoped that many friends in Shelby will attend the concert, not only for their own pleasure, but also to encourage the band.

Sixth grade: Sara Hendrick, Myrtle Thrift, Floethe Roberts, Louise Anthony, George Patterson, Willis Lowe, S. L. Roberts, Eugene Camp.

## We Will Open For Business In Our New Banking Room "On The Corner" In The New Hotel Charles Building Thursday Morning, February 14, 9 A. M.

We will be glad to get back "home" after nearly a year's absence and will be happy to extend a cordial welcome to all of our friends. We invite you to come in and inspect our new quarters. We will have the same location that we occupied for nearly twenty-five years, with the addition of the space formerly used by the Cleveland Drug Store.

The building has been practically rebuilt, we have three new vaults; one for money and securities, one for books and one in the basement for storage.

We have entirely new fixtures, conforming to the latest type in bank fixtures, with low rail counters, giving the public easier access and closer communication with the men behind the counters.

Our customers have been lenient with us in our handicaps while occupying temporary locations and our aim and desire when we get back home will be to serve and strive to please them more than ever in our history.

A cordial welcome awaits you in our new quarters. There will be no formal opening.
