Decarbonizer On Chrysler Cars Now

Announcement by Chrysler of a "decarbonizer," a device employing a new fluid, "carbonsolve," to free the accumulation of excessive carbon deposits, causing carbon 'ping,' in engines, and to assure the continued satisfaction of "clean engines" as a real boon by motorists throughout the country.
"Thanks to the careful scientific performance is being hailed design of Chrysler engines," said Carl Breer, Chrysler executive engineer, in connection with the announcement, "particularly with respect to the manifold, shape of combustion chambers, location of valves, piston ring structure, and other factors which contribute to the most efficient transformation of gasoline into power. Chrysler owners have always experienced a remarkable degree of freedom from carbon formation and its attendant annoyances.
"The fact remains that no matter how well an automobile engine is built, it is still subject to losses in performance capacity that may arise from carbon formation due to impurities in the fuel used, and other foreign matter that finds its way into the engine in spite of protective devices."

Chevrolet Making Million And Quarter Units During 1929

Chevrolet Motor company has established as its 1929 production quota 1,250,000 passenger car and truck units, according to Crawford Chevrolet Co. where Mr. Crawford has just returned from Greensboro, where he was in conference with factory and zone sales executives.
Mr. Crawford was enthusiastic in his comment on the meeting which drew into Greensboro 500 dealers from North Carolina. The dealers convened at the National theatre Friday afternoon, where they witnessed the most unique sales meeting ever sponsored by any company in the industry. Following the meeting there was a banquet at the King Cotton hotel, featured by an elaborate display of entertainment.
At the afternoon meeting Mr. Crawford said, he heard from the lips of M. D. Douglas, assistant general sales manager, the most inspirational sales discussion he has ever heard since he entered the automobile business. Mr. Douglas made the unqualified prediction that not only would Chevrolet build 1,250,000 automobiles during the present year, but that the cars would be sold as quickly as they were produced. Last year, according to Mr. Douglas, Chevrolet sustained its position as the world's largest automobile manufacturer with a production of 1,200,000 automobiles.
The Greensboro gathering which Mr. Crawford attended is one of a series of 40 such meetings which Chevrolet is conducting throughout the country during the next six weeks. No large center in the country has been overlooked on the itineraries which take three crews of ranking factory executives to every section in a complete coverage of the country.

Standard Out With Improved Gasoline

Just as changes in traffic conditions bring changes in motor and automotive engine design, so do trends in automotive engines create new motor fuels.
The Standard Oil company, of New Jersey, according to company officials, through the development of its research department of more than 300 trained men, and the cooperation of various manufacturers of motor cars has anticipated 1929 motor needs. The result is a new and improved "Standard" gasoline that not only works better in the most modern of motors, but starts rapidly and gives lightning-fast acceleration to older models as well.
Experimentation has been carried on with this improved "Standard" gasoline for some time. Tests were made by various local distributors of automobiles in their newest models. Without divulging the fact that a new gasoline was being sold motorists in different states were given the opportunity of powering their cars with it and asked if they noted any difference in the results.
"I've never seen my car start so fast," was the general conclusion.
"On cold mornings," said one, "I used to grow irritable because I wasted ten minutes' time in the garage. But there's something about "Standard" gasoline now that gets me out in a jiffy. I like it because it's a zippy gas, limber, smoother and richer. It's really the champion gasoline."
Thus the new slogan "It's the Champion" was evolved from the enthusiastic praises welcoming the new clear, sparkling, white gasoline.

SCHOOL LEADERS GUESTS OF CLUB LATTIMORE HIGH

Home Economics Class Gives Series
Of Banquets There. Radio
Concerts On.

(Special to The Star.)
The girls of the home economics class of the high school have given a series of banquets in the past week. The first was in honor of the boys and girls basketball teams. Covers were laid for 30. A delicious four course dinner was served.
Many games were played during the social hour, which followed and all were high in their praise of the fine entertainment.
The same class entertained the faculty and board of trustees of the Lattimore school on Thursday night.
Covers were laid for 28. The following menu was used: chicken, dressing and gravy, creamed potatoes, English peas, fresh tomatoes, pickles, rolls, coffee, fruit salad, saltines, frozen fruit dessert and cake.

On Monday the members of the county board of education, Messrs. Ridenhour, Hord, Willis, Forney, and County Superintendent Grigg, county commissioner, A. E. Cline, and Mr. R. M. Wilson, chairman of the Lattimore school board and Prof. Lawton Blanton were guests of the club at a one o'clock luncheon.

Miss Cleopatra Latham represented Lattimore at the Selma Webb contest in Shelby Friday night. Miss Aileen Walker won second place in the essay contest. The school is proud of the way these two girls acquitted themselves in the contests.

The school has now reached the highest enrollment of its history, there being 730 pupils on roll, which is 62 more than last year. Good attendance is reported from all departments and better grades as a result.

The school greatly appreciated the kindness of Prof. Lawton Blanton in bringing his radio to the auditorium and making it possible for the entire student body to hear the inaugural ceremonies in Washington Monday.

Mr. and Mrs. R. M. Wilson spent Sunday afternoon in Shelby with Mr. and Mrs. E. M. Wilson.

Miss Beoka Blanton spent the week-end at her home in Shelby.

Miss Annie Elliott of Uree, was the guest of Miss Maude Morehead Friday.

Those numbered among the sick are Mrs. F. S. Crowder and Mr. A. L. Calton.

Mr. James Rayburn is spending a few days with relatives in Lancaster, S. C.

Mrs. Emma Bridges of Somerset, Ky. arrived Saturday to spend some time with her aged father, Mr. Asbury Jones.

Mr. and Mrs. S. L. Beam of Shelby were dinner guests of Mr. and Mrs. S. C. Rayburn Sunday.

A number of people from here attended the funeral of Mr. A. L. McSwain which was held at Pleasant Ridge church Sunday afternoon.

Mr. and Mrs. Malcom Wilson spent Saturday night with Mr. and Mrs. W. A. Crowder.

Prof. and Mrs. Lawton Blanton also Mr. and Mrs. G. O. Hawkins were dinner guests of Mr. and Mrs. W. N. Blanton of the Sharon community Sunday.

Mr. Paris Weathers who holds a position with Hunt and Hewitt spent the week-end at his home in the Union community.

Mr. and Mrs. Malcom Wilson, Misses Maude and Daisy Crowder, Wiloree Calton and Mrs. A. L. Calton spent Sunday afternoon at the bedside of Mrs. Sallie Boggs of Fallston. Mrs. Boggs is very ill with pneumonia and owing to her advanced age of eighty-eight years, relatives are very anxious about her condition.

Prof. and Mrs. Karl Jordan, Mr. T. C. Stockton and family and Mrs. J. L. Jolly attended the funeral of Rev. C. M. Rollins at Mt. Vernon church Sunday afternoon.

Mr. and Mrs. Marvin Blanton of Shelby were guests of Prof. and Mrs. Lawton Blanton Sunday evening.

Mrs. R. R. Hewitt, Miss Elizabeth Hewitt and Mrs. R. L. Hunt spent Saturday in Shelby.

Coach A. C. Hood spent the week-end at his home near Hickory.

Miss Lolo Martin who teaches at Belwood spent the week-end at her home here.

Prof. E. M. Wilson whose home is at Fallston spent the week there with his parents.

The young people of the community surprised Miss Selma McSwain with a party Saturday night. Interesting games were played, a large crowd attended and all reported a nice time.

DISEASE EXPERTS GO TO RUTHERFORD

Forest City.—Dr. Poole, with Prof. G. W. Pant, disease specialists from the North Carolina experiment station in Raleigh, will be present for the next evening meeting of the Ellenboro farmers in the Ellenboro school building, Wednesday, March 13, at 7:15 p. m., when the subject, "Sweet Potato Diseases and Their Control," will be under discussion. A. B. Bushong, teacher of agriculture of the Ellenboro school, who is conducting the evening classes for the farmers of that community, and who secured these specialists for this meeting, urges all growers of sweet potatoes to be present.

CITY OF DAVID EMERGES IN SYRIAN EXCAVATIONS

Jerusalem.—Excavations on the Mount of Ophel designed to lay bare the City of David have revealed an ancient wall at depth of 20 feet. It is thought to have formed part of a fortress of the Syrian army stationed by the Greeks in Jerusalem.

One street has been cleared of earth. It is lined with the ruins of houses belonging to the Byzantine period. The buildings have mosaic floors of good design. Much of the pottery dates back to the time of the First Temple.

FOUND AT LAST

Sick For Three Years—Tried Many Things.
At Last! The Right One—Now Feels Better Than Ever.

R. E. Wadsworth;
There was no real pleasure in living said Mr. R. E. Wadsworth, 2 Thomas St., South Portland, Me. I had indigestion badly, dizzy spells, poor appetite and no ambition. I was about discouraged.
For three years I had suffered with terrible agony in my stomach. Everything I ate caused me distress. No matter how careful I tried to be my food would sour, ferment and form gas. Some doctors said it was due to my nerves, others said it was caused by the liver.
I took a lot of medicine, but it didn't do me any good.
I heard of Munyon's Paw-Paw Tonic and I took it as directed and my improvement was certainly good to feel. The gas is gone, together with the pain in my side. My appetite is much better, I eat moderately of anything I want and my food does not hurt me. I rest well and feel better in every way. I know Paw-Paw is doing me good and I am going to keep on taking it.
What Munyon's Paw-Paw Tonic did for Mr. Wadsworth it can do for YOU. Try it. It may spare you many days or weeks of suffering. It improves the appetite. It helps digest what you eat. It rests your nerves. It relieves stomach troubles. It promotes sleep.
It is recommended highly by thousands for indigestion, Biliousness, Heartburn, Gas, Bloating, Belchings, Headaches, Sour Stomach, distress after eating and nervousness and sleeplessness due to these stomach troubles.

Health is the open door to success and happiness.
