At The Theatres

The Princess is featuring today the second showing of "Win That Girl" which will be a screen attraction, accompanied by the showing of the Fox News. This screen play was enthusiastically received by a big audience at the theatre last night. On the stage will appear the well known attraction "A Trip to the Hawaiian Islands," with the Hawaiian singers. Saturday on the screen will come Bob Steele in "The Amazing Vagabond," a thrilling action picture, with the 8th chapter of "The Vanishing West," with Paramount News, and a comedy. Also the last showing of "The Hawaiian Singers."

Claude Webb, proprietor of Webbs is daily expecting the arrival of the Vitaphone. He says it should reach here not later than tomorrow, and will be installed at once, so that this feature will be presented, probably without fail, some day next week. Meantime Mr. Webb is calling special attention to his intermediate shows, filling in the gap hours between five and seven o'clock. This extra showing feature has proved very popular, and he is giving it a thorough try-out to see if the local fans wish a continuous performance.
