Hoodoo Playing Drops Game For Highs To Gaston Team

With Game "Sewn Up" Four Errors In Eighth And Ninth Lose It.

The hoodoo which has been trailing the Shelby high baseball team for several games worked its charm again Wednesday in Gastonia with the locals going down 4 to 3 after Gastonia scored four runs in the eighth and ninth innings.
 Early in the week at Forest City Sherrill Hamrick pitched a three-hit game, and only five Forest City players reached first base, but one of the five smacked the ball over the fence for a run and Shelby lost. Then at Gastonia Wednesday the locals had the game packed away on ice only to lose it in a series of blunders in the final minutes. Today the local outfit goes into the state championship race and it is the hope of fans that the hoodoo has run its course.
Moore Pitches Good.
 "Lefty" Moore started the game for Shelby at Gastonia Wednesday and at the end of the seventh frame he gave up only a single hit and Gastonia was scoreless. Meaning slugging hits by Gold and Harrelson and a sacrifice by Lee had turned in three runs for Shelby. So it was at the last half of the eighth inning—Shelby 3, Gastonia 0, and Marshal Moore had been hit only once. At that point things began to happen. The first Gastonia hitter sent up a fly to Rippy and was out. Moore walked the next batter, and Conch Morris promptly yanked the portside for Hamrick. The runner on first attempted to steal second, Farris tried wild and the runner moved on to third. Then Hamrick forced the next batter to fly out, and two were out with a runner on third. Two hits followed and two runs were scored. That was the end of the scoring until the last half of the ninth with Shelby still leading, 3-2. The first Gastonia hitter up walked and stole second, and the next was safe at first and the runner on scored when Gold bobbled a close in roller. That tied the score and then the runner on the paths scored on a single which Rippy permitted to get away from him in left field. And that was a ball game, 4-3.

American Housewife Wins Hubby's Heart By Hitting 'Tummy'

Washington.—The modern American housewife has reached her husband's heart—if the route lies through his stomach.
 The bureau of economic research, after a year's survey, today "commended in high terms the table the American housewife sets before her family."
 "Never before," the report declared, "was it so aesthetically attractive, never more varied, never more palatable." The investigation was made on behalf of the committee on recent economic changes of the unemployment conference, of which President Hoover is chairman.

Cox Is Candidate For School Board

To The Star and the Voters of Shelby:
 A good many of the school people, voters and citizens of Shelby have requested me to become a candidate to be voted for May 6, as member of the school board from ward No. 3 for the city of Shelby, and I have consented to do so. I want to assure you who vote for me to be a member of this board, that I will always vote and favor good teachers for our children and the interest I shall have in being a member of this board will be to make our schools as good as can be made and stay within the school budget.
 I want to say further if I am elected on this board any man or woman who is interested in our schools can always feel free to discuss any phase of the school problems you may desire and if there is any other person who will be more interested on the board in our school than I am will be only some person that has more children than I have, or I don't think he lives in ward No. 3.
 Yours very truly,
 H. CLAY COX.

Teacher Asked To Sponsor Smoking

Letters Come Asking Teacher To Write Insurance, Sell Merchandise.

To Editor of The Star:
 This is a wonderful age in which we are living; an age when opportunity raps at one's door, not one time and then leaves the individual alone for the rest of his life, but just seems to linger about the door eager for admittance any old time.
 But why pick on the school teacher?
 A few days ago the writer had a letter from a well known insurance agency stating that, in view of the fact that many teachers would probably have their salaries cut this year, it might be a good time to quit the school room and try the insurance game. Well, that was not so bad. More recently he has had letters inviting him to take up Chiropactry; to attend a business college; to prepare for a Civil Service Examination, and many other things, but today, he received an offer that makes all the others look like small potatoes. . . . And it is . . . For the purpose of advertising our brands of Cigars, (Naming the brands) "We have arranged to secure a supply of high-grade baseballs which we are going to almost give away . . . just 29 bands taken from any of the above cigars and 29 cents in cash. . . . Just for a little friendly co-operation. . . . We are sending you several poster cards for display about your school and will greatly appreciate your having these placed where they may be seen by your students" etc.
 Now, gentle reader, what would you do if you were a school teacher? Suppose you had been waging war on these very things for many years, would you fall for this offer? Well, it might not be so bad if out of line with some other great "falls" since old man Adam took such a tumble.
 Only a few years ago, a member of the N. C. legislature presented a bill "to prohibit the manufacture and sale of cigarettes in North Carolina." It is rumored that this man never returned home, but landed in a padded cell on Dix Hill and has been there ever since.
 Only a few days ago, a certain well-known church denomination that functions only slightly in N. C. declared itself as opposed to the use of tobacco. We will look on with interest to see if the millions continue to come into its treasury.
 Can it be possible after all these years, we are still making bargains similar to the one Esau made so many years ago, and for which he has been so severely criticized? Has the time arrived when we must wink at the things we know are wrong. Shall we teach our boys that well known maxim, "reach for a Lucky instead of a sweet?"
 H. M. LOY.

Washington.—The postmaster general and Mrs. Brown are in complete agreement on economy in the postoffice department.
 The postmaster general has a habit of pocketing every pencil he gets his hands on.
 Mrs. Brown does them up in neat bundles and every few days personally brings them back to the department and leaves them with her husband's secretary who puts them back into use.
 Mr. Brown is never told anything about it.

You can't wreck the SAMSONBAK BELT with your hands—so you won't by wearing it

STRONG men aren't all in the circus! That's the warning we received when we first challenged men to a tug-of-war on the new HANES SAMSONBAK Union Suit. But we knew our garment. And now big men and little men in every walk of life are satisfied that here are the longest service, the best fit and the most comfort ever found in a union suit.
 Hustle around to your dealer. Tell him you want to see for yourself how strong the SAMSONBAK really is. He'll get a stranglehold on one end of the suit. You grab the other. Then pull, pull hard.

The belt s-t-r-e-t-c-h-e-s marvelously, but never rips. That belt goes three-quarters of the way around your body too—everywhere there's any possibility of pulling or binding. And there's not a strand of rubber in it to break or lose elasticity.
 You won't find this belt in any other union suit—or anything like the comfort. The whole idea is patented. The cost is only one dollar. There are many other styles in HANES Underwear. See them all — particularly the smart new shirts and shorts. P. H. Hanes Knitting Co., Winston-Salem, North Carolina.

Look for the SAMSONBAK label before you buy. Center section of belt is in blue to help identification. **only \$1**
