### CALLS CHICAGO LOOP MOST UNSAFE PLACE

Cleveland.—The Loop District of Chicago was called the unsafe place in the world by Newton D. Baker, former secretary of war, in an address before the national crime commission here.

"The city was once the place of refuge, even in Biblical times, but now the most lawless parts of the country are the big cities, with New York and Chicago, where life and property are least, greatest of them all, the places safe," Mr. Baker said.

General Pershing's divisions in the war were not as fully armed as the guards who stand at machine gun turrets while a bag of fall is moved from one side of Fall street to the other, he said.

Mr. Baker stated that in his opinion the crime situation in American cities today was due to three causes, the decreasing chance of being caught, the widespread belief that cases can be "fixed" and the lack of speed or malfunctioning of courts and prosecutors' offices.

## Late W. A. Mauney Was First Citizen At Kings Mountain

### Built First House There, Was First Mayor, And Built Section's First Mill

Kings Mountain.—William Andrew Mauney, who died in a Charlotte hospital Wednesday morning, was born in the Muddy Fork section of Gaston county near Cherryville, in December 1841. He was of German extraction, coming from the Pennsylvania Dutch. He was a member of the Lutheran church, maintaining his membership in the St. Matthews Lutheran church of Kings Mountain, where he has served actively as a leader ever since the organization of the church.

Before the War Between the States he was engaged in teaching and farming. He served as a soldier throughout the war and returned to find the country laid waste.

Moved To Kings Mountain. Moving to what is now the town of Kings Mountain on Easter Monday, 1873, when there was nothing here but a sawmill and a saloon, he built the first house, a small house, where he and his brother, J. S. Mauney, opened a small mercantile store. The old Airline railroad was just building its road through the city at that time and the nearest post office was at the home of a Dr. Tracy and was known as "White Plains." In a few years a post office was established and named Kings Mountain. Mr. Mauney, the first citizen, was chosen as the first postmaster and served in that capacity for seventeen years.

First Mayor. When the neighborhood was incorporated into the town of Kings Mountain Mr. Mauney was elected as its first mayor, which office he has held a number of times since. He has been a life-long Democrat and had served his party in both the legislature and the state senate, serving as state senator during the sessions of 1907 and 1908.

He was the industrial pioneer of this section, having been instrumental with the assistance of the late Captain Freno Dilling in promoting the first cotton mill in this section of the country, the Kings Mountain Manufacturing company, which was organized in 1888. Mr. Mauney served as the first president of the mill and has been actively connected with it ever since. He has been president and principal owner of several mills in Cleveland, Gaston and Lincoln counties. He was active in promoting a number of smaller, though very important industries in Kings Mountain, among which were the Kiser Lumber company, the Kings Mountain Cotton Oil company, W. A. Mauney and Brother, general merchandise Mauney Drug company, D. M. Baker and Company Hardware company. He was one of the leading stockholders of the First National bank, serving as president of the bank a number of years and at the time of his death was one of the leading directors in the bank. He was also connected with the First National bank of Cherryville and was vice-president of it for a number of years.

### Educational Leader.

Mr. Mauney was one of the leading educational promoters of the town and community, having been the leading factor in promoting the first school in Kings Mountain. He and his brother, J. S. Mauney, have contributed largely to the endowment fund of Lenoir-Rhyne college, Lutheran college located at Hickory. It was through his interest and generosity that the Mauney Memorial Lutheran church at Hendersonville was built.

He was president of the Mauney Memorial association, an association organized to preserve the history of the Christian Mauney family, he being a descendant of Christian Mauney, who lived at the site of the old Tryon school house located between Bessemer City and Cherryville. A monument has been erected on the old home site by the association. A reunion of the Mauney family is held there annually.

### FLIER EXPELLED FOR LEAP, LEAVES AIDE TO DIE IN PLANE

Los Angeles.—Al Wilson, stunt aviator, who made a parachute jump for the movies from a falling plane in which his mechanic, Phil Jones, met death on March 22, has been expelled from membership in the Professional Pilots' association.

The report from the association, which arraigned Wilson for jumping from the plane while his mechanic was in it, stated that Wilson had "violated the unwritten law of the air in leaping from the plane before all other occupants were clear, unless the plane was less than 1,000 feet from the ground."

The jump was made at "about 6,000 feet," the report said, adding that Jones, who was operating smoke pots for a "war-movie," was "unaware of the fact that the pilot had jumped."

Hereafter no Siamese man or woman under the age of 50 will be allowed to study psychology, because the "Guardians of Morals" have discovered that psychology is a very easy vehicle in which to make love, and that students of psychology are having too much of an advantage start.

### JUDGE DENIES RIGHT OF PROPERTY MOONSHINE HUT

Phillips, Wis.—A ruling believed here to have no precedent in the annals of prohibition enforcement was made by Judge Guillick N. Risjord in court when he held that a building used for the illegal manufacture of liquor had no property right.

The ruling came in the case of Hjalmar Blomberg, a former constable of Prentice, Wis., found guilty by a jury of arson for setting fire to a shack in which liquor was found. Judge Risjord set aside the jury's verdict in the case and discharged the defendant. Judge Risjord's ruling said in part: "While the officer perhaps had no right to set fire to the shack and should not have done so, yet this building being a part of a site for the manufacture of moonshine, there was no property right in it, hence the offense charged against the defendant was not committed."

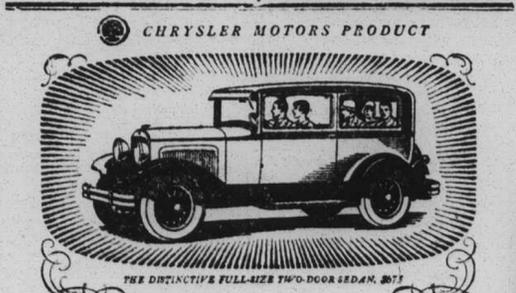

### COLOR FAST OLIVE DRAB IN SIGHT FOR DOUGHBOYS

Washington.—Brig. Gen. H. F. Rethers, assistant to the quartermaster general, announces a two-ply yarn is being developed for the manufacture of olive drab cotton cloth for uniforms, with every indication that the color will remain fast.

A fabric recently developed retained its color under all the rigid chemical and laundry tests and exposure to weather, but lost some color when scrubbed with a brush. It is believed that this loss of color can be prevented with a new weave. Delivery of a small quantity of the new cloth is expected within a few days. Should the new weave prove successful, it will be adopted as standard and orders placed for approximately 375,000 yards to meet immediate needs for cotton uniforms.

That black cat are signs of bad luck is the firm conviction of Richard Ross, of Montecello, Ga. A neighbor reported to police that a black cat staggered out of the front door of the Ross home. Officers made a raid and found several stills, 200 gallons of alcohol, and 100 barrels of mash.

### LADY'S SUFFERING

She Writes That "A Friend Told Me To Take Cardui and I Know It Helped Me."

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 213 Walnut Street, this city, recently wrote: "I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back."

"A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement."

"I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it."

"I certainly can recommend Cardui, for I know what it is to suffer, and I know that Cardui helped me." Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health.
