Say "Yes," Others "No." All Depends Upon What Beauty Is.

Is beauty inherited? Yes and no: It all depends upon what we mean by beauty, says Dr. H. H. Goddard of Ohio state university in Eugenics (New Haven.) Beauty as an abstraction, or beauty as a method of behavior, probably is not inherited, Dr. Goddard asserts. Beauty as physical features and proportion probably is inherited. He goes on:

"What do we mean by beauty? The proverb says 'handsome is as handsome does,' and from that view many would decide at once that it is not inherited, since we do not inherit what we do, but what we ference of opinion here, based upon a different understanding how the word was used.
