HAMPTON HELD IN ADERHOLDT MURDER

Gaffney Man Charged With Implication in Gastonia Slaying.

Gastonia.—At a lengthy session of municipal court here this morning Delmar Hampton admitted "Captain of the guard" which is alleged to have fatally wounded Chief of Police Aderholt and painfully wounded three other Gastonia officers at national textile workers union headquarters here in a riot June 7, last.

from the front door of the building or from a point very near the door, the second shot came from a window, and it was at this shot that Aderholt fell wounded; the third shot came from the tent, and from then on there was a regular fusillade, said Hord, Roach and Gilbert fell about the same time, he said, after Aderholt was shot. He said that Hampton told him in jail a few days ago that he was inside the building talking to Beal when the shooting was going on. All the shooting was from shotguns.

Mr. Hord testified that he had seen these armed guards several times on his occasional visits to the headquarters, and that they were armed with shotguns. He said he saw four guards that night, all armed with guns. Mr. Flowers tried on cross examination to get from the witness the admission that there was no trouble there and attempted to invade private property. Mr. Hord promptly met at the colony until the officers got there sally with the reply that they had been summoned to come there, that there had been some disorder, even if everything was quiet when they arrived. He told Mr. Flowers that the guard first accosted officers Gilbert with a shotgun, and that the trouble started then.

Judge Jones held there was probable cause and bound the defendant to court without bond on the murder charge and put him under a \$1,500 bond on the assault charge. Miss Julia Poyntz was among the spectators at the court, as was Walter Trumbull. John D. Brodsky, chief counsel for the defendants, was not in court.

Disfranchisement in the South. John Temple Graves in Orlando, Fla., Reporter-Star.

The New York World, in many respects the most able and interesting of American newspapers, inveighed last week against the Southern senators who voted for the exclusion of aliens in the congressional reapportionment act, but willing to have disfranchised southern negroes excluded also. The World charged that these senators are willing to ride roughshod over the constitution "in their effort to preserve for a comparatively small number of white voters in the south representation in congress out of all proportion to their number."

Mr. Hord testified that, in answer to a call from the strike headquarters he, chief Aderholt, Charlie Ferguson, together with Gilbert and Roach whom they picked up at the corner of Loray and Airline, went to the lot on north Loray street where the tent colony was located, according to Mr. Hord, the first shot came

GIVES FORECAST OF LAWS NEEDED

Winston-Salem.—An indication of what the legislative program of the North Carolina Federation of Labor will be at the next elections and before the general assembly has been given by T. A. Wilson, president, in a statement for publication.

He said "there should be a shortening of hours among the mill workers of the state. Night work in the textile mills should be prohibited. The age limit for child workers should be raised. Free text books should be furnished to the children of the underpaid parents of this state and the children of the farmers who are now suffering from the farm depression. Compulsory school attendance and no free text books work a hardship on the parents, and the state needs educated citizens for the future. The Southern textile states, with India and China, are the only places left that permit night work for women in textile mills. Even Japan has prohibited women working at night in cotton mills." Mr. Wilson states.

Mr. Wilson issued a statement for the labor press calling upon organized labor to make an aggressive effort at labor legislation and predict much activity during the next few months.

Simultaneous with Mr. Wilson's statement, the executive council of the American Federation of Labor issues a warning that the membership of the A. F. of L. should ignore appeals for contributions from Communists and the "bores-from-within." The council called attention to the International Labor Defense and the Workers' International Relief, stating that these organizations would use any money raised in an effort to injure the efforts of the A. F. of L.

MAXTON COP SOUGHT ARREST OF PATROLMEN

Passing through Maxton on a tour of the state recently, the 37 members of the state highway patrol headed by Capt. Charles D. Farmer failed in turning a corner to go around a safety flasher erected at a highway intersection, and Maxton's Deputy Sheriff W. W. Smith wired Sheriff McMillan at Lumberton to arrest the patrol for the infraction of the law, says the "Scottish Chief" of Maxton. "Mr. Smith says that Sheriff McMillan claims he was not in his office and failed to get the message in time to make the arrests," the paper states.

SICK HEADACHE

Ex-Sheriff Suffered From Constipation and Felt Very Bad Until Relieved by Black-Draught.

Arkmore, Okla.—Mr. W. N. McClure, for several years a resident of this city (111 Third Ave. N. W.), formerly was a political leader in Pike County, Arkansas, where he served as sheriff and county judge.

"I used to suffer with sick headaches," says Mr. McClure. "These spells would come on me and I would feel very bad. I would get bilious and upset. My trouble was constipation, and after I found it out, I began using Black-Draught. This quickly relieved the cause, and I got all right. I began using Black-Draught in my home, shortly after the Civil War, when I lived in Pike County, Arkansas. I came out of the war, like many other soldiers, with bad digestion. I suffered a lot from sick headaches and dizziness. I would get constipated, and for a while I would feel very bad. I found this medicine brought quick relief from constipation, and removed the cause of my headaches and dizziness, so we have always tried to keep it in the house. After I take a course of Black-Draught, I feel fine. My system is rid of poison, and my appetite picks up." Sold everywhere. Try it. No. 203

Her husband's sweetheart

A gripping story of a blind girl's fight to hold her husband's love

At last Christine knew the truth. A Gone was the sweet dream of love which her marriage to Relio had brought her—since that other woman, Nina, had come into their home. His "sister," Relio had called her. But he seemed to change somehow. Often there hung over him the odor of lilacs—Nina's perfume.

"You needn't lie," Christine once told him sadly. "I know you love Nina. But you needed money. So you married me, a blind girl, and brought Nina here as your 'sister,' thinking to hide from me the truth. The hurt to my heart doesn't matter. I can never repay you for the happiness you have given me, for having sold yourself to a blind girl, even for a time."

Of course he had denied, protested, pleaded—had almost convinced her that she had been wrong. Then came this fragrant summer's night when suspicion became certainty—when she had knocked at Nina's door—and Nina had screamed, "I shall wait for you, Relio, in my own room," Christine had called through the door.

And so now she waited, white-lipped, dry-eyed, gripped by emotions that seemed to rend her very soul. Read her dramatic revelation, "Our of Her World of Darkness," in August True Story.

ALL MECHANISM ON TOP where it belongs!

THERE are many reasons why all the mechanism of the General Electric Refrigerator is placed on top of the cabinet. Here are 3 vital reasons:

- 1. Refrigerating mechanisms develop heat in the process of cooling the interior of the refrigerator. This heat escapes and rises. Therefore, General Electric has placed the refrigerating mechanism on top so that the escaping heat travels away from the cabinet.
2. Placing all the mechanism on top of the cabinet achieves maximum food storage space within the cabinet.
3. With the mechanism on top, the inside of the cabinet is free from obstructions and easier to keep clean.

There are now more than 300,000 users and not one has ever spent a dollar for repairs. Visit our display rooms and see the new all-steel models.

have you been through the Rainbow? NOWADAYS it seems to the average motorist that there is a different colored gasoline at every gas tank he draws up to. If you have tried these gasolines—if you have been "through the rainbow"—we ask you to do two things. First, note that the new "Standard" Improved Gasoline is not colored. Second, try this gasoline and compare the results with any other gasoline at regular prices you have ever used in your car regardless of color or claims. Remember, it's performance in the motor that sells gasoline! Prove it yourself! "STANDARD" Improved GASOLINE [ESSO—the Giant Power Fuel is colored red merely to distinguish it from "Standard" Gasoline.]

THE CHOICE OF 100,000 MOTORISTS During the past Twelve Months. Image of an Oldsmobile car.

Oldsmobile is on the rising tide of public favor. During the past twelve months alone, more than one hundred thousand motorists have demonstrated their approval by buying Oldsmobiles. And this tremendous public acceptance continues to grow. Month after month, new records of success are being reported from every section of the country. Official figures so far available for 1929 show an increase of 55 per cent over the corresponding period in 1928. These buyers selected Oldsmobile from the entire field after driving it, giving it their own exacting tests, and making critical comparisons—because their own good judgment told them that no other automobile in Oldsmobile's price group combines such performance, reliability, comfort, beauty, and luxury. And they have found, in actual ownership, all the enjoyment and satisfaction that they anticipated. Thousands of owners have written in to express their enthusiasm for the Oldsmobiles they purchased. Come and examine this fine Oldsmobile Six—drive it—compare its specifications with those of other cars. Then you will know why thousands upon thousands are turning to Oldsmobile. Then you will understand why Oldsmobile owners everywhere are so ready to praise their cars.
