G. A.'s To Meet.

The Girls auxiliary of the First Baptist church will meet with Miss Esther Ann Quinn at her home on S. DeKalb Street Monday afternoon at 4 o'clock.

Gale-Howell Wedding.

Mrs. Claude Harrill announces the marriage of her niece, Jesse May Gale to Mr. Marion Howell on July 4, in South Carolina.

Sunday-School Picnic.

The members of the Junior A and B departments of the First Baptist Sunday school with the teachers and superintendents of these departments enjoyed a picnic at Pine View lake yesterday afternoon and evening. Swimming and many games were engaged in after which a bountiful picnic lunch was served. There were about one hundred in the crowd.

Mrs. Alexander Honors Visitors.

Mrs. W. T. Alexander delightfully entertained yesterday afternoon at her home on West Marion street with a lovely bridge party, honoring her neices, Misses Dorothy and Mildred Bowman, of Morganton, who are visiting her this week.

The home was beautifully arranged with quantities of gladioli and other summer flowers and the four bridge tables were centered with crystal bowls of nasturtiums. Mrs. Alexander was assisted by Mrs. C. R. Webb in entertaining and serving a delicious salad course with candies. The guests included Misses Bowman, Elizabeth Austell, Ruth Dellinger, Marietta Hoyle, Elsie and Elizabeth Gidney, Alice Goode King, Isabel Roberts, Sara Harris, Reba Hamrick, Mary Fay Pennington, Ruth Thompson and Mary Frances Carpenter and Ruth and Jean Laughridge.

Mesdames Mills And Wood Entertain.

Mesdames Henry Mills and Draper Wood entertained again on Wednesday afternoon at 4 o'clock with the second beautiful bridge party this week at the handsome Ledford home on the Cleveland Springs road, which was elaborately decorated with lovely cut flowers, throughout. At this party, Mrs. Wood received in apricot chiffon and Mrs. Mills wore orchidorgette. Mrs. L. H. Ledford wearing flowered chiffon, passed the most attractive talles, which directed the guests to the ten bridge tables which were graced with green glass swans, filled with snapdragons. The high score prize was won by Mrs. Ed Post and she was presented with lovely hose. Mrs. F. R. Morgan was presented with a recipe file, for second high score prize. The most delicious pink ice cream with angel food cake served on green mats, with tall glasses of punch, and home-made candies made beautiful plates and salted almonds in fancy pink, green and white nut cups, cleverly carrying out the color scheme of pink, white and yellow emphasized in the decorations. Special guests invited for the refreshments were, Mesdames Mary E. McBrayer, F. O. Gee and R. L. Ryburn.

WARNS DRIVERS TO REPAIR CARS

Highway Patrol Says Brakes And Headlights Must Be Adjusted. Around 300 Arrests.

News and Observer:

"I'm just sitting here with my fingers crossed," observed Capt. Charles D. Farmer, of the state highway patrol, yesterday. "There were no fatal motor accidents in the state on the Fourth of July, and so far as I have learned none Sunday," he continued.

Capt. Farmer explained that he did not mean to credit this entirely to the effect of the recent publicity of the highway patrol in impressing on the public mind the necessity for care in driving had, together with the activity of the patrol, undoubtedly contributed to it. With only a very small percentage of fatal accidents credited to defective cars, the great majority are due to reckless, careless, or absent minded drivers. In curbing the reckless, and serving as a reminder to all drivers of their responsibility to operate cars safely on the highways, Capt. Farmer hopes the patrol will reduce the number of lives lost in the state each month through motor accidents.

More than 3,000 motorists with defective headlights and brakes have been warned by patrolmen to have their machines repaired so that they comply with the law. Lieut. Garland Goodwin of the fourth district in which Wake is located, reporting that considerably more than 200 drivers were stopped Saturday and Sunday in this district.

From the latter figure only three arrests were made, while around 300 were arrested in the state at large, these being drunken or very reckless drivers. However, drivers receiving notification to put their cars in shape are subject to arrest 48 hours after warning is given if the cars have not been fixed. The chauffeur of John Sprunt Hill, highway commissioner from the fourth district, was among those warned to have a tail light put on the car.

Lights that do not blind approaching drivers, or in other words those which have been focused in accordance with the state law, and brakes properly adjusted, are prerequisites to safe driving. Capt. Farmer declared, adding that these

two points would occupy the immediate attention of patrolmen. "We're getting a splendid response from the public," Lieut. T. A. Early, of the fifth district, reported yesterday. "A woman voluntarily came up to us in Southern Pines and said she was glad we were on the job, that her 12 year old son had been driving her car, but she could promise us he wouldn't drive any more."

On the other hand, a patrolman requested a woman who had stopped at a filling station to have a headlight which was not burning fixed, Lieut. Early said. She protested that she wanted her lights just as they were, and had had a nice bright bulb put on one side, and the bulb taken out of the other light and the wire taped, explaining that other motorists couldn't tell which side of her car the light was on and consequently gave her plenty of room.

Aiding motorists in trouble is also a part of the patrolmen's activities, which is meeting with public approval, since stopping another car, especially at night, is sometimes difficult to accomplish.

100 Airplanes A Day.

Another indication of the tremendous extent to which the aviation industry is expected to develop in the near future can be seen in action taken at the recent convention of the airport section of the Aeronautical Chamber of Commerce.

This organization recommended that all cities of 100,000 persons or more must build their airports so as to be able to handle a traffic of at least 100 planes a day. In addition, it was estimated that at least \$50,000,000 will be spent on airports in the United States this year.

Figures such as these show how aviation is progressing. At present only Chicago reaches the 100 planes per day figure. If the small cities are to attain this level soon—and the industry's leaders believe they will—the business of aviation will have expanded to many times its present size.—Salisbury Post.

Congress has passed the farm board bill and voted a half-billion dollars to make it work. The cost, of course, will be added to the city board bill.—The New Yorker.

VOL. 1 JULY 12, 1929 NO. 25

On June 26, Ford reached a production of nine thousand and one hundred cars in a single day and yet it is hard for us to keep a supply.

We are glad to report that business is very good with us, we have delivered sixteen cars in the past ten days.

Mr. L. U. Arrowood knows his knots and lumber, he is now delivering his high class building material on a Model "A" Ford truck.

Don't overlook our big values in used cars and trucks, it will pay you to look them over and get our prices—and if you want a bargain in a big car, tell us.

Mr. S. Gideon Price is now giving his patrons on Lattimore route 1, the very best mail service with a beautiful new Model "A" Standard Coupe.

Mr. F. Y. McNeely, Lawndale route 1, is now the happy owner of a Ford Phaeton.

Eubert: "I've just been reading some statistics here. Every time I breathe a man dies. Forrest: Gosh, man! why don't you use Listerine?"

Ralph Hoey says his summer at Blowing Rock would not be complete and he could not meet all social engagements without a Ford, therefore he hurried down and bought a new Tudor Sedan. Now, we know Ralph will have a big happy summer.

"When I was a little boy your age I didn't tell lies," said Dad reprovingly. "How old were you when you started, pop?" inquired the small boy skeptically.

W. Hill Hudson says "The stork is the funniest bird alive. It kids the world."

Tom Moore says "a million germs will live on the head of a pig. Rather a peculiar diet."

Mr. Joe and Burgin Costner went with us to Charlotte this

week and Mr. Burgin Costner went home happy with a Ford Sport Roadster.

Mr. J. B. Case of the Cleveland Cloth mills also joined us on our Charlotte trip and drove home a beautiful Tudor Sedan.

Mr. Sam Gault says this is the greatest year in the history of the telephone company, his last report shows that there has been almost 100 percent increase in the number of wrong numbers.

Have you seen our beautiful New Town Sedan now on display in our showroom, give yourself a treat and ask us for a demonstration.

Mr. J. M. Beam bought our sample Three Window Fordor Sedan. Mr. James Berrong a Sport Roadster and Mr. J. R. Buff a Phaeton.

Mr. Tom Z. Bumgardner, Lawndale, made his third Ford a Standard Roadster and says he is going to make car number four a Sedan.

"Mr Meant-to" has a comrade. And his name is "Didn't-do." Have you ever chanced to meet them?

Did they ever call on you? These two fellows live together. In the house of "Never-win." And I'm told that it is haunted By the ghosts of "Might-have-been."

Mr. Farmer, you will soon finish cultivating your crops, take our advice, buy a Ford and take the wife and babies to the seashore or mountains. Don't you think you owe them a little outing?

Remember you will be under no obligation to place an order if you ask us to drive and test one of our Model "A" Fords, we can't tell you what a wonder it is, so let it do its own talking.

We have several real bargains in used Model "T" Ford roadsters. Fine for a light truck and to save hauling in the new car.
