

# SIDES, SOLDIER HAS WAR-LIKE CAREER

(Special to The Star.)  
Our hearts go out to Mr. and Mrs. Boyce Crocker in their recent loss of their little four months old baby.

It seems that Mr. Arthur H. Sides is the most war-like man in our community. His whole life has been centered around wars. He was born in March 1898, one month before the Spanish-American war began. In 1915 he went to Mexico with company F of Spartanburg then, he was called in April of 1917 to France to fight for his country. Across the seas he stayed and fought until peace was declared. We were glad to have a warrior from our community represented in the parade Tuesday. No doubt the sight of a soldier must bring back the sound of many a bugle call and many other horrible sounds and sights to him. We know he could tell us many an interesting war story.

Mr. Vernon Gilbert of Johnson City, Tenn., has been visiting Mr. and Mrs. Oscar Bridges.

Mr. and Mrs. John Greene and Miss Evelyn Jones enjoyed a nice swim at Cleveland Springs Wednesday night.

Mrs. Arthur Haney and children of Brookford were visitors during the week of her sister, Mrs. A. L. Burns. Mr. Burns' sister and brother of Greenville were also visitors. Mr. and Mrs. W. C. Story of Gastonia were recent visitors of Mr. and Mrs. A. C. Brown.

Misses Ora Hiott and Beale Gaskey experienced a childhood experience Wednesday when they went blackberry picking with their little sisters and brothers. They had quite a lot of fun, judging from their report.

Two of Mrs. W. W. West's sisters of Rock Hill, have been spending a few days of this week with her. A very exciting baseball game was played Wednesday night just after supper when the girls' baseball team played the married men. The girls lost the game by two scores but they played a pretty game.

# Kadesh Leaguers At Lake Junaluska

(Special to The Star.)  
Those attending the league assembly at Lake Junaluska from Kadesh were as follows: Misses Irene, Dorothy and Mildred Peeler, Marie Edwards, Ruth and Mary Sue Tillman, Kathalene Boggs, Ola Mae and Mary Brackett, Mr. Evans Gantt and Mr. Ralph Brackett, also our pastor, Rev. J. W. Fitzgerald and Rev. W. V. O'Kelly, a student from Duke university, who will assist the pastor in his work this summer.

The Epworth League from Fallston, Palm Tree, and Kadesh camped together making a total of 42 in camp.

Mrs. Bessie Dellinger was our chaperon and cook. We had lots of good things to eat and we would not have asked for a better cook.

As for a good time, words cannot express how much we enjoyed the trip. We were benefited spiritually, mentally, and physically. Every morning just after breakfast we had our devotional service.

# Heavier Tomes Highly Favored

CHAPEL HILL. — "Strangely enough," chronicles the Chapel Hill Weekly, "What is generally thought of as 'heavy' reading is as popular in Chapel Hill during the summer as during the winter months. Or so it seems from the sales at the Bull's Head Bookshop.

"Walter Lippman's 'Preface to Morals' and Beard's 'Wittier Man-Kind' are both among the best sellers. During the summer school there has been practically no increase in the sale of novels. "Mrs. Peterkin's 'Scarlet Sister Mary,' Seabrook's 'The Magic Island,' Odum's 'Rainbow Round My Shoulder,' are in constant demand. Numerous calls for 'Wings on My Feet,' Odum's forthcoming book, have been made.

# Intangibles Listed.

The tax supervisor of Stokes county seems to have hit upon a practical method of getting solvent credits listed for taxation. He instructs the list-takers to require every property owner to list his indebtedness in detail. Every bill, chattel mortgage, or other debt must be listed. Since one man's debt is another man's credit, it is possible to reach and tax the creditor in this manner. The tax supervisor goes over each list to see that items listed as debts, or credits against other intangible, on one abstract are listed as debts, or credits against other intangibles property on the other man's abstract. Whenever the tax supervisor finds that a paper or account has not been listed he calls on the owner to list it. After dealing with the tax supervisor for several years the people have learned that solvent credits must be listed as faithfully as land. Thus the tax books of Stokes county show a larger percentage of solvent credits than the tax books of many counties which have enjoyed more prosperity than Stokes.—E. A. Terry.

# To Form New Group

Yogo Hamaguchi, leader of the Liberal Party and Home Minister of the 1926 Government of Japan, will probably be requested by Emperor Hirohito to form a new government, necessitated by the resignation of Premier Baron Tanaka and his cabinet.

(International Newsreel)

# Celebrities Gather In Capitol Hotel

Many Of The Great And Near-Great Gather Daily At The Wardman Park.

Washington.—Here in Washington is a remarkable community, a city by itself virtually under a single roof, where families of cabinet members, senators, diplomats, high-priced lobbyists and social celebrities live and play among themselves the year around. There is nothing like it anywhere else in America or, presumably, in the world.

One refers to the Wardman Park hotel, which, with its new addition and annexes and grounds covers 14 acres and houses about 3,000 souls. With its great lobbies and porches, broad and long, and its recreational facilities, this plant becomes just about the most attractive spot in Washington in summer-time. It would be a favorite spot for tourists who like to see how the so-called great live and enjoy themselves if it were not rather off the beaten path, a couple of miles out Connecticut avenue just beyond the million-dollar bridge across Rock Creek.

A Mixed Clientele.  
This is the scene of some of the capital's most fashionable public dances, swimming parties, riding parties, drinking parties and tea parties.

Out at Wardman Park live Muddy Ruel, the Washington baseball catcher, and Edith King, leading lady of the local stock company, under the same roof with Secretary of State Stimson and parrot, Postmaster General Brown and Secretary of Commerce Robert P. Lamont and their families. Secretary of the Navy, and Mrs. Charles Francis Adams were there until a few days ago.

And numerous members of the "little cabinet," including Assistant Attorney General John Marshall and George R. Farnum, First Assistant Postmaster General John M. Bartlett and Second Assistant W. Irving Glover, Assistant Treasury Solicitor Harry K. Daugherty, Assistant Secretary of the Treasury Carl T. Schuneman, Director of the Mint Robert J. Grant, Immigration Commissioner Harry Hull, Commissioner of Internal Revenue David H. Blair and others.

Two or three of the smaller Latin American nations maintained legations at the Wardman Park until recently. The Swiss and Uruguayan ministers, Mark Peter and J. Varela, live there with their families. Other diplomats and attaches include First Secretary Conrado Traverso of the Argentine Embassy, General Augusta Villa, the Italian military attaché; Secretary Emil Counselor Jorge Boyd of the Bolivian legation, whose wife is a niece of Mrs. Woodrow Wilson.

Several senators and a bunch of representatives have their apartments in the same place—Senators Shortridge of California, Copeland of Colorado, Vandenberg of Michigan and Hebert of Rhode Island and Congressman Michaelson of Illinois, whose trunk leaked; Kiess, Wyant and Watres of Pennsylvania, Clancy of Michigan, Ackerman of New Jersey, Cole of Iowa, Goodwin of Minnesota, W. E. Hull of Illinois, Hess of Ohio, Evans of California and Davenport of New York.

And quite an assortment of more or less prominent persons such as William G. McAdoo, Mrs. Oscar Underwood, Ray T. Baker, Mrs. Leonard Wood, Marjorie Stinson, the aviatrix, Blair Coan, ex-Senator Robert L. Owen of Oklahoma, Rudolph Forster, executive clerk at the White House, French Strother, one of President Hoover's secretaries, and a number of congressional secretaries, including Senator Borah's, Miss Cora Rubin.

# INTEREST SHOWN IN MASONS' MEET

McDowell And Rutherford Fraternity Members To Gather On July 16.

Forest City, July 12.—Plans are now fast being made for an interesting, and instructive district meeting for the 44th Masonic district comprising all the lodges of Rutherford and McDowell counties.

The meeting is to be held in the Forest City lodge hall, Tuesday July 16, the business session to begin at 4 o'clock in the afternoon for the masters, wardens and secretaries, with the grand lodge officers.

At 6:30 there will be a banquet at Blanton's upstairs dining room for the grand lodge officers, and all officers of the lodges of the district, Forest City Lodge No. 381 hosts.

Night session at 8 p. m., special communication by the host lodge for the purpose of the district meeting, and work in the first degree, which will be conferred by the masters of the lodges of the district.

The high light of the meeting will be the presence of Grand Master John J. Phoenix, of Greensboro, and very probably presence of Junior Grand Warden J. W. Winborne, of Marion and Grand Secretary John H. Anderson of Raleigh.

District Deputy Grand Master P. H. Carpenter states the lodges of the district are cooperating with him in the arrangements as a unit, and he expects large numbers of Masons from each lodge in attendance and believes that this will easily be the best Masonic meeting ever held in the district.

# New Commander Of Veterans Praised

Many Shelby people had the pleasure of meeting Capt. Henry W. Edmonds of Charlotte, new commander of the North Carolina United Spanish war veterans, while the recent convention was in this city and all these were delighted with the affable army officer. The following editorial utterance from The Charlotte Observer will be read here with some interest:

"The election of Capt. Henry W. Edmonds to be commander of the ensuing year of the United Spanish war veterans, North Carolina department, brings to Charlotte the state headquarters of this organization." Captain Edmonds has not yet named his adjutant and other appointive officers, but the adjutant also in all probability will be a Charlotte man, as the closest cooperation is necessary between this officer and the commander in the conduct of the business of the organization.

"The election of Captain Edmonds was not accomplished in any haphazard manner. The signs have been pointing steadily toward this culmination for many months. In his capacity as National Guard instructor, Captain Edmonds has had occasion to visit every section of the state. Everywhere he goes he inquires about the welfare of Spanish war veterans, and organizes new camps wherever it is possible. It is largely through the efforts of Captain Edmonds that the state department boasts so healthy an increase during the past year.

"Captain Edmonds is a World War veteran as well as a Spanish war veteran, but the latter organization is and has always been very dear to his heart. Captain Edmonds entered the service as an enlisted man in the Spanish American war, and rose steadily through the intermediate grades until he had earned his commission. It is because of this early service that his comrades of the Spanish American war are very dear to his heart. He is also a member of the American Legion.

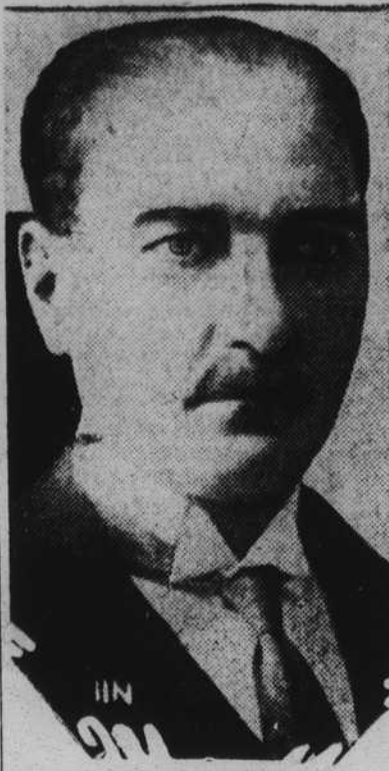

"The selection of Captain Edmonds to head the Spanish war veterans brings to Charlotte a distinction of note. The work of the North Carolina department during the last year has merited recognition from the national organization. It is becoming known at national headquarters as one of the promising departments in the nation. Charlotte, as the seat of state headquarters, will witness quite a lot of activity during the coming year. The Spanish war veterans stand for everything looking to the uplift of the community, the state and the nation. Chase Adams camp, which is the Charlotte unit, proposes to take an active part in all civic and municipal enterprises."

# Young Lady Rides With 'Chute' Flier

Miss Emily York, a local telephone operator, was given a free ride in the plane from which Jess Exum, parachute artist with the Mabel Cody flying circus, made his final leap Tuesday afternoon, closing the story of the circus in this city.

Miss York is the second young lady to be given the opportunity to ride with the flier in the machine from which the jump is made, the explanation being that the department of commerce frowns upon the practice, since there is always a possibility that the jumper will foul his "chute" in the plane. Notwithstanding the fact that this was Miss York's first trip in an airplane, she was not excited and said she enjoyed the experience very much.

# May Visit Uncle Sam

Mustapha Kemal Pasha, President of Turkey, may visit these shores soon, according to rumors that are being widely discussed in diplomatic circles. It is believed that he will undoubtedly receive a hearty welcome to the United States.

# Says Dry Laws Prove Success

Lake Junaluska.—National prohibition has been a reasonable success and only needs a fair trial to achieve full success, according to Dr. Ernest Cherrington, of Westerville, O., secretary of the World League against alcohol.

Dr. Cherrington told members of the board of temperance and social service of the Methodist church, South, that it will take as long to complete prohibition in the United States as it may be necessary for education to do its work among the people.

"The beverage alcohol problem will be solved only as sentiment for the righteousness of the cause of prohibition is created," the secretary said.

Bishop James Cannon, president and other members of the board of temperance also have arrived here. The temperance board and social service was in session through July 7, and mark the official opening of the season. Reading of the annual report of General Secretary E. L. Crawford was the main event of the opening session.

Among the summer arrivals are two notable groups of young people, 300 Epworth leaguers from Western North Carolina and 300 students in Duke summer school here.

# Cline Owens Lee Is Over The .300 Figure

Cline Owens Lee, Shelby high school baseball star, who is engaged in the pleasant pastime of showing up some of the veterans of the Southeastern league, while playing second base for the Columbus, Ga., club of that league, has again passed the 300 mark in his batting average, his exact figure for today being .307.

The Shelby youth, in Wednesday's game between Columbus and Jacksonville, obtained two hits out of two trips to the plate and also participated in one double play. He was not scored with the other two times at bat because one time he sacrificed and the other time he drew a free pass to first base. Columbus won from Jacksonville by a score of 3 to 2 and incidentally it might be remarked that Joe Poetz, former Charlotte pitcher, did the flinging for the Tars.

Must Register.  
To vote in the city school bond election July 30th, you must register. See the registrar at the court house Saturday.

Dr. Mayo says you can keep young by living as the young do. It won't work, Doctor. You can't get rich by living as the rich do.—Tuscon Citizen.

Notice of Sale of House And Lot.  
Under the power and authority contained in the will of E. A. Hamrick, deceased, I as executor of said will, will offer for re-sale, at public auction, to the highest bidder for cash, at 2 o'clock p. m., August 12, 1929 on the premises of the late E. A. Hamrick, deceased, the following described lot on which is located his late residence:
