EXECUTOR'S NOTICE.
 Notice is hereby given that I have this day qualified as executor of the will of W. T. McKinney, late of Cleveland county, N. C. and all persons having claims against said estate are hereby notified to present them to me properly proven for payment on or before July 26, 1930, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment to the undersigned.
 This July 19, 1929.
 R. V. GREENE, Executor of the Will of W. T. McKinney, Deceased.

She Merely Gives Advice.

ECZEMA EVIDENCE OF LOWERED RESISTANCE

"Run-Down" Condition is Usually Sufficient Cause for Skin Blemishes, Says Dr. Copeland, Urging a General Health-Building Program.

By ROYAL S. COPELAND, M. D.
 United States Senator from New York.
 Former Commissioner of Health, New York City.

NOTHING can be much more comforting to its possessor than a clean, clear skin. Everybody wants it and seeks it. Unfortunately there are many diseases of the skin. Perhaps the most common is the condition called "eczema," or "salt rheum."

Like any other inflammation of the skin, the first symptom of eczema is redness. Not only is the affected part always red, but under excitement, irritation from rubbing or scratching, exposure to heat, or violent exercise, the redness is increased.

After a while little blisters form on the reddened skin. As these break, there is more or less moisture on the affected surface.

But the disease does not stop here. It is not long before scales and crusts take the place of the blisters.

The affected part itches, especially when the redness is increased from any cause. At times the itching is almost unbearable.

It is difficult to tell the difference between simple inflammation of the skin, called "dermatitis," and true eczema. The former is due mainly to some internal cause, and eczema is due to some external cause.

Any skin blemish is probably an evidence of lowered resistance. It may be the outward and visible sign of a poorly working stomach and intestines. These red blotches may be the danger signal of Nature.

They may indicate her protest against abuse of the digestive organs. They may mean that the kidneys are falling in their work.

It matters not whether the patient is a grown person or an infant, the presence of eczema should direct attention to the condition of the digestive organs. If constipation is present it should be corrected.

Excesses in food, highly seasoned food, abuse of alcohol, midnight suppers, and all indiscretions in diet are productive of eczema, and must not be permitted if cure is to be had. Some one food may act as a poison and be the real cause of the trouble.

The "run-down" person is often troubled with this disease. Overwork, loss of sleep, worry, any cause for nervous exhaustion is a sufficient cause for eczema. Tired out persons should be warned by the skin eruption.

The itching may be relieved by application of ordinary baking soda dissolved in water. Oxide of zinc ointment may be had at the drug store and is frequently a means of relief. Sometimes oxide of zinc is mixed with coal tar and used to dry up the blisters of eczema.

One of the most efficacious remedies for itching of the skin is hypochlorite of soda. This may be made up by placing a handful in a pint of water. If the whole body itches, place a cupful or more in a bath tub half filled with water and get into the solution. It will add greatly to your comfort.

In every case the family doctor should be consulted. He will determine whether the kidneys or other organs require attention. He will help to find what particular food is responsible for the disturbance.

Answers to Health Queries
 G. M. B. Q.—Will the juice of three or four lemons taken daily

W. E. Q.—What do you advise as an eyewash?

A.—A weak solution of boric acid, but it would be wise to have your eyes tested and see what is wrong. Strained eyes require no medicine.

J. C. Q.—Will cigarette smoking stop me from growing?

A.—In moderation it might do no harm, but growing children are certainly not benefited by smoking and are certainly damaged by inhaling smoke.

S. C. Q.—Is it harmful to eat raw potatoes?

A.—In moderation, no. I do not advise it.

H. C. Q.—How much should a girl aged fourteen, five feet seven inches tall weigh; also a girl aged sixteen five feet seven inches tall?

A.—They should weigh, respectively, about 125 and 132 pounds.

CERTIFICATE OF DISSOLUTION

State of North Carolina
 Department of State.
 To all whom these presents may come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Summers Drug company, a corporation of this state, whose principal office is situated on Railroad avenue in the town of Kings Mountain, county of Cleveland, state of North Carolina (F. R. Summers being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of chapter 22, Consolidated Statutes, entitled "Corporations," preliminary to the issuing of this certificate of dissolution:

Now therefore, I, J. A. Hartness, secretary of the state of North Carolina, do hereby certify that the said corporation did, on the 1st day of July, 1929, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 3rd day of July, A. D. 1929.
 J. A. HARTNESS,
 Secretary of State.

TAKE A PEEP
 at this one, we'll try to do better next issue of The Star.

A young beau brummel was motoring with his sweetie one moonlight night recently and he said: "Darling in the moonlight your teeth look like pearls," and she indignantly asked "and will you tell me when you were in the moonlight with Pearl?"

It would make us smile if you'd prove to yourself the superior qualities of Sinclair gas and Opaline oil. Every additional user of these products means another smiling motorist.
