A SAFE BANK FOR SAVINGS.

CLEVELAND STAR EVERY-OTHER-DAY

may we haul your
refrigerator to the
BONFIRE?

YOU might possibly get \$5 for your
old refrigerator from the junk
man. We will allow you \$25 for it!

Eventually, you will buy an electric
refrigerator. But if you are truly thrifty
you will consider buying one, not
"eventually" but now.

Consider this: Instead of selling your
ice box to the junk man for a few dol-
lars, you may (for the next few weeks
only) trade it in for \$25 as the full
down payment on the new, nationally-
famous Holmes Electric Refrigerator,
Model H-45. There isn't one cent of
cash to pay down, and the remaining
payments are moderate.

What will we do with your old ice box?
Burn it—in one giant bonfire, along
with every other old, germ-breeding
refrigerator turned in to us!

In six months, the Holmes has become
one of the most outstanding, most
sought after electric refrigerators in
the country. It represents the highest
achievement of years of research. It
sets new standards for compactness,
beauty and sheer, utter simplicity. It
is backed by a double guarantee.

Act now! This offer will definitely
expire very soon! Come in, see the
Holmes, check it point by point.
