Hitherto he has divided his time between Vimilane Palace, the seat of the interior department, and Chigi Palace, seat of the foreign office.

Most American visitors had been received at the Chigi Palace. Today the premier presided at the sixth national council of the War Veterans' association, and tomorrow will review their parade.

Signing Of Boys From Cleveland By League Starts Fuss

Gillespie And Hord Lost To Wake Forest For Football Due To Baseball.

The following sport story by Wade Ison in the Charlotte News will be of interest in Shelby and this county because both of the boys mentioned came from this county.

Ralph Gillespie was a star baseball player at Shelby high, while "Runt" Hord is a native of Kings Mountain and played at the high school there. The article follows:

The National Association of Professional baseball Leagues shortly will be formally charged with breaking its promise as regards signing of college athletes by Patrick Miller, coach of athletics at Wake Forest college, it was learned here today.

Miller will file the charges with Hugo Bezdek, head of the National Coaches association (football), who also is head mentor at Penn State.

Such charges grew out of two stars of the Wake Forest football team—Runt Hord, a halfback, and Ralph Gillespie, an end—failing to report to the Wake Forest training camp due to a contract Hord is under with the Detroit Tigers and Gillespie's decision to join the Winter school of the St. Louis Cardinals in Ohio.

Both these boys were counted on heavily by Miller, whose proteges are dubbed the Demon Deacons and who represent the Baptist institution of North Carolina.

Miller came to North Carolina last year as an assistant to Stanley Cofall after the two had teamed together for the last nine years in the coaching business, giving up a position at Baltimore Loyola to accept the Wake place. Miller is a graduate of Fordham university and has played professional football with Summers he is life guard at Atlantic City, N. J.

Forbidden In East. "In our section of the country the pro ball leagues don't dicker with the collegiates, or if they do, they bind them to no such contracts as involves Hord particularly.

Recently Judge K. M. Landis okayed an agreement of the professionals in which it was stated that no league, major or otherwise, would tamper with a college ball player until his graduation." Miller stated.

"And I believe that this agreement holds down here. Anyway, I'm going to find out from Bezdek when I file my charges."

When questioned as to Hord's contract with the Tigers, Miller replied that the Detroit scout had Hord's name to a contract that prohibited his playing football anywhere. The youngster has two years of eligible play as does Gillespie, at Wake Forest.

Hord is a shortstop and played that position with the Concord Weavers, semi-pros during the summer just closed. Young Gillespie is a catcher and at present is playing with Reidsville against the Virginia State semi-pro champions. Neither has announced intentions of returning to the Wake campus unless their contracts were doctored by the two majors.

Elliott-Doggett Family Connection

The pedigree of James Smith Elliott, late of Boonville, Miss. Some close relatives asked me to give their connection to him. As several families are interested, I ask The Star to publish it.

He was a son of Thomas Elliott who lived on Buffalo creek, east of Shelby. James Elliott's wife was a Doggett. They came here from Virginia about 1806 and his brothers-in-law, Coleman, James and Dickey Doggett came with them. Coleman Doggett married Minor Smith's daughter, Mary. Tom Elliott married her sister and become brother-in-law to his uncle Coleman Doggett.

Coleman Doggett's children were first cousins to Tom Elliott on the Doggett side and uncle to them by marriage on the Smith side and they were also first cousins to Tom Elliott's children including James Smith Elliott.

Coleman Doggett's children, Sarah Ann, married Col. A. J. Elliott, Fanny married Burwell Blanton, Minor Doggett married Burwell Blanton's sister, Rhinehart Doggett died in the war. George Doggett

married Alberta Elliott's daughter connecting with the Elliott family. Col. A. J. Doggett and wife, Sarah Ann Doggett, were both first cousins to Tom Elliott and his wife was also first cousin to her uncle, Cousin Tom's son, James Smith Elliott, Col. A. J. Elliott's children are the closest kin, three times second cousins to James Smith Elliott. His children want a record of Cleveland county kinship. All other Elliotts of my generation are only second cousins. James Smith Elliott died last July, aged 82 years, making the highest age record of the family since his passing. I am posing as the oldest in my 85th year. George Blanton married Mary Jane Elliott, a daughter of Tom Elliott. They moved to Texas about 1868.

James C. Elliott.

When James Eskridge, son of Chas. L. Eskridge was injured Sunday as he fell from a truck on which he was riding in a car to the station, his father was on a fishing trip in Eastern Carolina with Her-

man Eskridge. The family sent a telegram to the nearest office where the fishing party was thought to be, but they were out on the water. A runner drove 35 miles in a car to the river bank, hired a motor boat and delivered the message to Mr. Eskridge on the water. He and his party left as soon as possible and reached Shelby at midnight after a drive of 285 miles through a down-pour of rain. Young Eskridge who had his skull slightly fractured when he fell, is getting along nicely.

Fights Red Writings Ban. The amendment of section 305 in the new tariff act to prohibit importation of alleged seditious and anarchistic literature, as well as obscene writings, was protested by the Civil Liberties union yesterday in letters sent to members of the United States senate and friends of the organization. Only the latter was forbidden entry under the act of 1922.

The protest is aimed specifically against that part of the amended section which proscribes matter "advocating or urging treason, insurrection or forcible rebellion to any law of the United States, or co-

taining any threat to take the life of or inflict bodily harm upon the president of the United States or any person."

It was charged that under the established law of 1902 no appeal can be taken from the ruling of a customs officer to the district court, as formerly was permitted.

Card Of Thanks. We wish to thank the good people of South Shelby for their kindness and sympathy shown us during the sudden death of our beloved husband and father. May God bless them all. Mrs. S. D. Gibson and Family.

60,000 BALES OF COTTON, 1929 CROP

Means that between \$5,000,000 and \$6,000,000 will probably be paid the farmers of Cleveland County from their Cotton Crop alone THIS YEAR.

TO YOU MEN AND WOMEN who made this crop—How much of it goes for fertilizer? How much for the LANDLORD? How much for expense, etc.

But there will be some left—and it's about the part that's left that we and YOU are mostly interested.

SOME OF YOU have been tenants long enough and are doubtless in the market for a farm of your own.

SOME OF YOU want more land, your family has grown and more land is needed.

SOME OF YOU have TOWN PROPERTY and want to exchange for land on which you and your family might live.

Whatever the REASON, we have what you WANT, and we believe that you will find the price better than expected.

FOR EXAMPLE, WE HAVE:

The Jas. L. Davis tract of land in No. 7 Township, containing 119 acres of about the best land in the county. This farm joins land with Monroe Green, Hoyle Turner and others, fronts on two good sand clay roads, has a six room and 4 room dwelling, practically every acre can be worked with tractor. 75 acres now in cultivation, with balance in good wood, pasture and timber. This farm is near Mooresboro, less than 1-4 mile south of Highway 20 and it is in an ideal neighborhood and section of the county. Price is \$100 per acre.

In the Sharon section, 69 1/2 acres more or less, with good 5 room sealed house, 4 stall barn, other buildings, strong red graveled land, fronts on two good roads, 50 acres in cultivation, good pasture, some wood, good orchard, usually makes 30 bales cotton annually, joins land with Charlie Dover and others, 7 miles of Shelby. Price \$65.00 per acre.

In the Race Path section of Rutherford county, two miles southeast of Ellenboro, the S. A. Padgett land. This farm is all level, fronts on good sand clay road, joins property with strong Baptist church and good school. It is an ideal small tract of land, very productive and has two good houses, both painted and sealed, one 6 room and one 5 room, outbuildings are in good condition. Price for the tract is \$4,850.00

AND FOR A SMALL COUNTRY PLACE, we have a new home 2 1/2 miles northeast of Shelby, right at Ross' Grove church. This place has 7 1/2 acres of land, good place for chickens, trucking, etc. The house has been built only about a year, has 8 rooms, all plastered, electric lights, fenced in yard, several outbuildings, close neighbors. It's a nice country home and the price is only \$4,000.

Then we have 55 acres, 2 miles southeast of Shelby, one mile of city limits, fronts 1000 feet on new 30 foot sand clay road to Luther Beam's, by the Dave Webb land, practically every acre can be worked, some good wood and timber, good stream of water, small 3 room dwelling, a very fine farm with about the prettiest place in county for country home. This place will make as good cotton as any farm in county, very strong land. Price \$110 per acre.

Not very far from St. Paul church and about 7 miles northeast of Shelby we have 33 acres with 4 room dwelling, front and rear porch, several outbuildings, 20 acres in cultivation, 13 acres in pasture and wood, good land and just a few hundred feet off the main sand clay road, Jackson White's place and the price is \$2,750 for tract.

We are proud of the farms we now have listed, we have any size place, any kind of buildings you want, can make most any kind of terms that are reasonable and we WANT YOU TO SEE US before buying.
