**AN OPEN LETTER**

**D. A. BEAM COAL CO.,  
SHELBY, N. C.**

GENTLEMEN:

I cannot refrain from writing you about the great help I have derived from the use of your Rex Coal. Before using it, I was in a weak and run down condition and hardly able to do the cooking. Since ordering a trial dose from you after it was recommended that I use it continually for best results from one of your satisfied customers, I feel 100% better, and while I have used less than one ton of it, my system is absolutely clean from soot and am able to breathe with perfect ease. It is now a pleasure to do the cooking as it only takes half the time and less effort.

You are at liberty to publish this letter if you think it will be of benefit to the thousands now suffering as I did.

Yours truly,  
IMA STOVE — By Cook.
