SALE OF VALUABLE FARM PROPERTY.

Under and by virtue of the authority conferred upon us in a deed of trust executed by R. C. Laughlin and wife Eva Laughlin and D. F. Laughlin and wife Tommie Laughlin and recorded in book of mortgages 131, page 610, and dated February 8th, 1926, we will on Saturday the 25th day of October, 1929

12 o'clock noon at the courthouse door in Shelby, N. C., Cleveland county, sell at public auction for cash to the highest bidder the following land, to wit:

Being those tracts of land described in deed made by A. P. Eskridge et al, to J. A. Laughlin, by deed which is of record in the office of the register of deeds of Cleveland county, N. C., in book SS, page 350-351, and being joined on the north by the lands of A. D. Spangler, on the east by Tom Cornwell, on the south by Stough Hopper and on the west by First Broad river, and being described by notes and bounds as follows:

Beginning at a stake on the east bank of the branch, Stough Hopper and Tom Cornwell's corner, and runs S. 70 W. 254 poles to the middle of the river; near the Proctor Ford; thence with the middle of said river, about N. 6 E. 90 poles to a stake in the middle of said river; thence N. 70 E. 120 poles to a stake, corner of A. D. Spangler near a hollow; thence S. 61 E. 60 1/2 poles to a small pine and sassafras; thence N. 70 E. 51 poles to a stone, Tom Cornwell's corner, thence S. 20 E. 30 poles to the beginning, containing eighty-five and five-eighths (85 5/8) acres.

This sale is made by reason of the failure of R. C. Laughlin and wife Eva Laughlin and D. F. Laughlin and wife Tommie Laughlin to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham.

A deposit of 10% will be required from the purchaser at the sale. This the 23rd day of September, 1929.

THE FIRST NATIONAL BANK OF DURHAM, Trustee. Durham, N. C.

Bynum E. Weathers, Atty. 4t 25c

"GUS AND GUSSIE" — Grateful Gus.

Bon-Bon Announces.

MODERN GIRL DODGES CRAMPING FOOTWEAR

Present Day Activities Have Completely Routed the Mid-Victorian "Mince" and Account for Women's Demand for Sensible Shoe Sizes.

By ROYAL S. COPELAND, M. D.
 United States Senator from New York.
 Former Commissioner of Health, New York City.

WOMEN dislike conspicuous feet—conspicuous for size I mean. Even with that qualifying clause I haven't said exactly what I have in mind. To be blunt about it, no woman is proud of big feet, she positively dislikes them, but she is increasingly sensible about her shoes and stockings.

The prevailing styles in women's dress have given us rather accurate information regarding matters formerly hidden in mystery. We know a lot more than we did in the older days.

Put along comes the manager of a great hosiery company who says: "Despite the probable protest from the fair sex throughout the country, the feet of women in America are growing larger!"

Only a few years ago, he insists, women wore hosiery well divided in sizes between 8 1/2 and 10. Now the smaller sizes are rapidly decreasing and the larger sizes are in increasing demand. "Size 9 1/2 is the general average worn by women, but size 10 is coming more and more into demand."

I follow the statistician to this point, but part company when he says, "In another generation there will be little difference in the size of a woman's and a man's foot."

I don't believe it. This is merely another of the many dire predictions we have heard, about what will happen to women. I have lived to see every one of these fall by the wayside.

They used to say that corsets would cramp the organs and lead to disaster. High-heeled shoes would "throw the spine out of alignment" and disturb the nervous system. Vells would cause irritation of the retina and produce blindness. Sheer costumes would lead to bronchitis, pneumonia and tuberculosis. Rouge and powder would poison the blood and damage the nerves.

But they didn't. These terrible things never happened.

In spite of all her "bad" but charming habits, lovely woman has survived and continues to rule the world from her throne of undisputed power. Her feet may be a trifle larger than they used to be, but even that I doubt. Anyhow, fair woman will never become as gross and massive as a man.

Modern women have a different outlook on life than their mid-Victorian ancestors had. Western women have been emancipated just as have Chinese women. No longer will they bunch their toes and crowd their feet into tiny shoes. They are wearing shoes the size nature requires for their pedal extremities. Of course, they need larger sizes in hosiery, not because they have bigger feet, but because they have bigger brains.

They are honest-to-goodness food. They take real exercise. They walk and dance. Stately minuets, through which a foot-tortured maiden could move only with mincing steps, have given way to dances which set the pulses beating.

The feet aren't bigger—they simply spread out over the territory nature intended. They won't be any bigger in the future, because with woman's present sensible foot dressing they have reached, not larger sizes, but merely the sizes they should have worn all the time. Just as you see more of women these days, you see more of her feet. It is the mode, nothing else.

She insists on having good shoes, well-fitted shoes, sensible shoes. She can't be fooled by the plausible salesman. I am proud of her emancipation.

Answers to Health Queries

D. P. Q.—Do you think it harmful to go swimming about three times weekly?

A.—No, but do not overdo it.

D. P. R. Q.—How can I reduce my weight?

A.—Eat very sparingly of starches, sugars and fats. Get regular systematic exercise. A gradual reduction in the amount of food consumed, with the regular exercise will work wonders in most cases.

A. E. D. Q.—What is the cause of a condition called tic-douloureux? Is there a cure?

A.—May be due to decayed or abscessed tooth, possible sinus infection or neuralgia. The treatment depends upon the cause. Have an examination. In the meantime application of heat should give increased comfort.

J. C. Q.—What do you advise for gall stones?

A.—The diet should be carefully watched and constipation avoided. For full particulars send a self-addressed, stamped envelope and repeat your question.

K. B. Q.—What causes a crusty substance to appear on my eyelids every morning? Is there anything that will cure or help this condition? This started about a year ago.

A.—You are probably troubled with blepharitis marginalis or granulated eyelids. It would be advisable to consult an eye specialist for an examination. In the meantime use an eye wash of warm boracic acid.
