Independence By Long Shirts Women Hurt

Chicago.—Women will lose their independence and their health as well, if they return to long skirts and corsets, according to Dr. C. Jeff Miller, president-elect of the American College of Surgeons, in an interview.

Dr. Miller is recognized as one of the leading gynecologists of the country and is professor of that subject at Tulane university.

A native of Tennessee, he speaks with a pronounced southern accent. He is six feet tall, has grey hair, and appears to be about 55 years old.

"Women will never go back to the older styles even in the smallest way," he commented. They simply won't stand for longer skirts. They drive automobiles and golf balls, go to business and make political talks nowadays, and to do such waist lines are unthinkable.

After all, the new type of woman with her freedom and her ability to do things is much more interesting than her grandmother.

Dr. Miller is militantly anti-corset.

Some corsets are worse than others, he said, but all of them are harmful. Nothing is healthier that restricts freedom of movement.

Regarding drinking, smoking, athletics and high heels, the president observed:

The thing to understand is that women have just as much physical endurance as men. Cigarettes don't hurt women any more than they do men. Some people can smoke a lot without hurting themselves, and some can't. Neither smoking nor drinking is necessarily harmful if practiced in moderation.

"Where Ignorance Is Bliss. "Does your bride know anything about cooking?" asked the old friend, meeting a recent groom. "Well," he grinned, "I heard her calling up her mother the other day to ask if she had to use soft water for soft-boiled eggs and hard water for the hard-boiled ones."

THE LIQUIDATION OF A DEBT GIVES A THRILL OF Satisfaction

A GOOD FARMER, who usually needs accommodation during the spring and summer, came in the bank a few days ago and PAID IN FULL all of his notes for supplies and fertilizers, and after thanking for the accommodation, he remarked that it made him feel mighty good to be

OUT OF DEBT

and further remarked that he hoped to be able to manage his affairs next year without

GOING IN DEBT

saying: "I have made a good crop this year and I don't intend to let my money get away from me by buying everything under the sun that comes along. I have started a deposit account today and I am going to have 'money in the bank' from now on."

THIS MAN could be well termed a WISE MAN. HIS POLICY OF PAYING UP HIS DEBTS and THEN BUILDING UP A CASH RESERVE IN THE BANK IS A MOST EXCELLENT EXAMPLE to follow. We hope many people in Cleveland county will follow his example and put the CLEVELAND COUNTY FARMER on a sound financial basis.
