"I'm glad to make this public statement in behalf of Miller's Herb Extract. One regret, I should have known of this good medicine years ago. Then I would have been spared a lot of unnecessary suffering—hundreds of dollars wasted on medicines that did me practically no good at all. It's just the medicine I've needed for a long time and now that I have found it, I want to pass the good word along to others in poor health."

J. L. POTEAU
 "A farmer, as well as every other working man, needs to keep physically fit for his work. But with me for several years, ill health had the best of me and I was in no suitable condition to push ahead with my work. I lost time, spent a lot of money for different treatments all to no avail until I got started on Herb Extract. Now that this medicine has thoroughly cleansed my system, rid me of chronic constipation, sour stomach, indigestion, lazy liver, biliousness, headaches and has completely regulated my bowels I feel like a new man altogether. No other medicine would do as much for me, hence, I believe Miller's Herb Extract (formerly called Herb Juice) is the best medicine that can be bought anywhere. It has done me worlds of good and has made me feel years younger and I know that I am much stronger than I used to be. I think every farmer needs it, in fact, believe every family ought to have a bottle in the house for every member of the family. It certainly beats all I ever tried and I gladly recommend it to everybody in poor health who needs a good medicine that will do the work." Mr. J. L. PotEAU, farmer, Route 4, Shelby, N. C., finds Miller's Herb Extract does the work like very many other users who praise it for its remarkable results. "Sold and recommended by Paul W. Beck, also leading druggists everywhere."

Heavy Toll Taken By 'Unquenchable' Fires In Country

Blaze In New Straitsville, Ohio Valley Has Been Raging For 45 Years.

New York Times.

Along the road between New Straitsville and Pawnee signs warn the motorist that the pavement he is riding on may collapse. And not without reason, for caverns 10 to 15 feet deep have occupied along that road as the smoldering fire, working its way along a coal fissure, has burst its way to the surface and made a volcanic crater in the ground.

eral companies in the vicinity blasted around a crater, said to have been 50 feet in diameter and seething with flames to the depth of the vein, in order to stop it.

Mother of Eight Boys

"I read an ad in the newspaper and I started taking Lydia E. Pinkham's Vegetable Compound and I will recommend this medicine to any woman who is in bad shape like I was. I used to get so tired after a few hours work that I was even afraid in my own house in the daytime. I didn't care if I lived or died. I have given birth to eight boys and feel strong right after, since I have taken the Compound."
