Lattimore Wins Over Northbrook

(Special to The Star.)

Lattimore, Dec. 18.—The Lattimore boys and girls had a very easy time in defeating the North Brook boys and girls here Tuesday night. Both teams won by the greatest margins they have ever run up in the history of basketball contests between the two schools. The boys won by a 37-10 verdict; and the girls piled up a 43-3 count.

But for the consistent shooting of Captain Weathers, the boys game was very little more than an ordinary basketball game. Although his shots were wild he rung up a total of 15 points for individual scoring honors. During the first half, the passing of the locals was far from commendable. The entire team seemed to be unable to catch the passes of their fellowmen. The work of Branton and Gold at guard drew quite a bit of favorable comment from the fans. Morehead, who has been doing some nice work at guard, was shifted to forward and again came through in grand fashion. The subs who performed best were Brooks, Cabaniss, Hamrick and Irvin.

Anthony was the outstanding performer for North Brook with eight of his team's ten points.

A Run Away.

The girls' game was truly a run-away. It was only in the late minutes of play that the visiting girls were able to score. The game seemed doomed to be a shut-out, a rare thing in basketball; but North Brook broke through the defense to score one field goal along with one point on a free throw just before the game ended.

McEntire rung up a total of 20 points for high scoring honors. Gold racked a total of 14 points for the runner-up position. The entire team's greatly improved and promises to give hard battle to all opponents to be met this season.

The local boys play Rutherfordton Central high there Friday night. A hard battle is expected.

Buick And Marquette Prices Are Boosted

Buick and Marquette prices have been increased, ranging from \$25.00 to \$75.00, being a return to about the same list prices on several models which prevailed during the past year, while on some models the new prices are still lower than the past year.

The above statement is made by E. T. Strong, president of the Buick Motor company, and in commenting upon the readjustments of list prices Mr. Strong states that "these adjustments are necessary to conform with the increased costs in producing our present line of quality automobiles recently introduced and so wonderfully received by the public."

Smith of Asheville got the contract on the road work at \$79,077.20 and Hobbs-Feabody company of Charlotte got the contract for the structures at \$44,578.95.

N. Y. DOESN'T EXPECT SMITH TO RUN AGAIN

Chapel Hill.—Ned McIntosh, a special writer for the New York Herald-Tribune, who has been here on a visit to his parents, Prof. and Mrs. A. C. McIntosh, says that New Yorkers don't expect to see Al Smith run for the presidency again.

During the last campaign, Mr. McIntosh covered the speaking tours of both Mr. Smith and Mr. Hoover at different times, and is well acquainted with the political trends. He wrote the leading stories for the Herald-Tribune during the recent mayoralty campaign.

Mr. McIntosh is a native Tar Heel and a graduate of Trinity college. Before going to New York he did newspaper work in Macon, Ga., Philadelphia, and other places. At one time, before taking over special assignments, he was night editor of the New York Herald.

PORTUGUESE ARE TOLD TO DRINK MORE WINE

Lisbon.—Jugo-Slavia, Mexico, Norway, Russia and Switzerland have started crusades against liquor, but Portuguese authorities encourage an opposite policy.

Although the Portuguese people are proverbially sober and the price of wine ridiculously low, the dwindling foreign markets for wines have created a difficult situation.

The Portuguese are urged, therefore, to drink more wine and less beer in the interests of the national industry.

A sharp fight is being waged between wine interests and brewers. The latter lowered the price of beer in order to raise the consumption of the frothy beverage. Wine growers at Oporto have retaliated by lowering their prices.

The government is inclined to throw the weight of its influence on the side of the wine merchants. So a new tax on beer will be levied and its sale restricted to certain hours of the day.
