"GUS AND GUSSIE" —

Loony Lives

Patterson Springs Late News Mention

(Special to The Star.) Christmas was spent very quietly this time. The snow prevented people from visiting as they wished. The snow and ice were so hard that people could not rabbit hunt successfully.

Mr. and Mrs. George Borders and family and Miss Kathleen King spent last week-end in Lawndale at the home of Mr. George Hord.

Rev. and Mrs. Ivan L. Roberts are spending a few days with his parents Mr. and Mrs. Sam Roberts.

Mr. Max Roberts, the young son of Mr. Solon Roberts is slowly recovering from a case of typhoid fever.

Miss Edith Allen entertained a number of friends with a pound party last Thursday evening. All present reported a fine time.

Misses Pauline and Geneva Hendricks, Harriet and Mabel Roberts, Messrs. Gilbert Hord, Lawrence Roberts, Jim Hopper and Billie Hendrick attended a party Tuesday night given at the home of Miss Anne Warlick at Belwood.

Mr. L. H. Patterson who has been ill for the past two weeks is some better at this writing.

Miss Grace King returned to school at Bolling Springs and was accompanied by her sisters, Misses Minnie and Kathleen who remained over the week-end with her.

Mr. and Mrs. Thad Thompson and family spent the day Friday with Mr. and Mrs. Chivous Byers, Jr.

Wear Cotton. W—ill you listen, sisters and brothers. E—nter into this campaign with all others. A—ll things demand, and take no excuses. R—eally this fiber enhances their uses.

C—otton is that of which I am talking; O—surely, I know you will not be caught balking, T—is everyone's duty this staple to wear T—hat to our producers it profit may bear. O—n every occasion appear clad in cotton. N—or let it be said of you, "Their taste is rotten."

Falls, Atty., Shelby, N. C.

HOUSTON WILL SPEND 56 MILLIONS IN 1930

Houston, Tex.—More than \$56,000,000 will be expended on development activities in Houston during 1930, it was estimated by the chamber of commerce.

These improvements include municipal expenditures and work on the Houston ship canal, it was pointed out. One of the principal figures in the program for next year will be the Southern Pacific tunnel approach, the widening and extension of streets, water mains and a new city hall.

Improvements outlined for the ensuing year by the Houston independent school district entail an expenditure of more than \$2,000,000 as compared with \$3,171,856 during the year 1929.

The ship channel district during 1929 cost, for new building and enlargements, approximately \$24,000,000. Next year the amount to be spent on improvements has been estimated at \$20,000,000.

Increase in the expenditure for general construction work in the city during 1930 over that of 1929 is seen in the chamber of commerce forecast. Last year \$28,355,000 was spent, and next year it is believed \$30,000,000 will be used.

Total amount of money expended in Houston during the last eleven months for development activities equals \$65,365,083 the chamber of commerce report indicates.

One On The Banker.

Banker (telephoning)—I am sorry to bother you, Mr. Cohen, but your account is overdrawn \$167. Cohen—Jas. dot. so? Well look up a month ago and see how did I stood. Banker (a few minutes later)—You had a balance on this date last month of \$465. Cohen—Well, did I call you up?

NEW CHEVROLET AT LESS PRICE

Company Announces "Greatest Chevrolet" At Reduced Prices. Cars Shown Here.

The Chevrolet Motor company today announces a new car for 1930 known as "The Greatest Chevrolet in Chevrolet History" with price reductions ranging on the different models from \$30 to \$55, according to the Crawford Motor company of Shelby.

Announcement of the new car today comes right at the close of Chevrolet's greatest year, for the sensational success of the six-cylinder Chevrolet, introduced just a year ago, resulted in an output of 1,350,000 cars this year, breaking by a wide margin all former Chevrolet annual production records.

In making public Chevrolet's plans for 1930, W. S. Knudsen, president and general manager, declared that with the improvements incorporated in the new car, Chevrolet was anticipating a volume of business that will equal, if not surpass, the phenomenal record of 1929, and in order to accommodate an early demand, production is being speeded with all the haste consistent with the precision methods for which Chevrolet manufacturing operations are famous.

New car shipments have been going out to dealers for the past ten days, with deliveries to owners scheduled to start today. The cars went on display Saturday morning in thousands of Chevrolet showrooms from coast to coast, while at the same time the announcement of the new car was being broadcast through the advertising columns of more than 6,500 newspapers.

Scores of distinct improvements have been made in the 1930 Chevrolet line, the factory announces. Greater beauty, added safety factors, improved riding comfort and better all-round performance with added power, and faster acceleration are announced as features of the new line.

Larger tires, small wheels, Delco-Lovejoy hydraulic shock absorbers at all four wheels, Fisher slanting non-glare VV windshield and vastly improved four wheel braking system are some of the highlights.

Brakes are of the internal expanding "articulated shoe type" both front and rear, those on the front wheels having two shoes while those on the rear have four. These brakes, also, are fully enclosed giving perfect protection against water and dirt.

The brakes represent an innovation not only in the Chevrolet line but in the entire passenger car field. The length of service that these linings give in the new design Chevrolet brakes is second to none. The brakes may be adjusted without the removal of any plates from the brake drum and operate with equal efficiency on all four wheels. The brake drums are 11 1/2 inches in diameter. The emergency brake is an independent unit operating on the rear drums. A new method of construction known as the "articulated shoe type" assures uniform braking under all conditions of temperature. Tests at the General Motors proving ground show that the new brake will stop a car traveling thirty miles per hour in two and two-tenths seconds within 48 feet.

The attractive new closed bodies, in a variety of colors, carry the famous Fisher stamp of craftsmanship. Eight models, three of which are new to Chevrolet, comprise the line. Of the eight, five are closed cars and three are open. The open models new to the line this year are the sport coupe, sport roadster and club sedan.

The six cylinder valve-in-head engine introduced a year ago, after four years of research and development, has been further improved and refined. Since the introduction of the six a year ago, test cars have run up more than a million miles of driving at the General Motors proving ground in the working out and the justifying of the improvements

ADMINISTRATOR'S NOTICE.

Having qualified as administrator of the estate of T. A. Stamey, deceased, all persons holding claims against said estate, are hereby notified to present same to the undersigned at Falls, N. C., properly proven, on or before the 24th day of December, 1929, or this notice will be pleaded in bar of any right to recover thereon. All persons indebted to the said estate will please make immediate payment to me. This the 23rd day of December, 1929. CHARLINE STAMEY, Administrator of T. A. Stamey's Estate. B. T. Falls, Atty., Shelby, N. C.
