

Girl Reaches Altar, Declines To Marry

Lawton, Okla.—You can lead the bride to the altar, but you can't make her get married. A couple and several friends called on Justice of the Peace G. W. Horn. The couple wanted to be married, they said. The party and the court clerk went to the courthouse to procure a license. Just as the license was about to be delivered the would-be bride said she was not going to be married. And she was not.

Modern Medicine turns away from "DOSING" Back in the old "horse and buggy" days, it was the custom to give large doses of internal medicines for almost every human ailment. Then a North Carolina pharmacist originated Vicks VapoRub, the better method of treating colds externally. Mothers appreciate Vicks, because it checks children's colds without the risk of upsetting delicate little stomachs. Adults, too, have found Vicks just as good for their own colds. Today, the whole trend of medical practice is away from needless dosing. Now 26 million jars used yearly. VICKS VAPORUB

SPELLS OF BACKACHE I HAVE used Cardui at intervals for sixteen years, when I suffered from weakness, and it always helped me. Mrs. J. W. Jirright, R. F. D. 3, Troy, Ala. "Mostly I was afflicted with spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of a way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was. "When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui." THE STAR

HOW MANY Shelby people do you pigeon-hole in your memory cells by one lone trait of character or action? As many as fifty?

IN A conversation recently with a Shelby man who has a philosophical and observant bend of mind he declared that "every man possesses a half dozen or more good traits, but usually there is some one trait or inclination of character that impresses those who know him above all others. THIS EPISODE really took place in a Shelby business house recently. A customer came in and one of the clerks inquired: "Well, was Santa good to you?" "He certainly was. The Santa sent out by the welfare fund left us flour, coal, food, and I don't know what all. If he hadn't come around to see us, I don't believe I could have managed to scrape up enough money to come in and buy my car license today," was the reply.

IN PASSING up this chatter for today we note that the building inspector's report shows that in 1929 there were 20 service stations erected in Shelby and only one church. Who asked why so many pews are vacant each Sunday?

Cherokee Farmer Gets Potato Prize State Line Farmer Wins Sweet Potato Contest. He Gets Good Yield. Gaffney Ledger. C. P. Green, successful farmer of the State Line section of the county and Agricultural Agent S. C. Stribbling attended the extension banquet at the Jefferson hotel in Columbia Tuesday at which time Mr. Green was awarded a cash prize of \$100 as winner of first prize in the upper district of the state in the state 1-acre sweet potato contest conducted under the supervision of the Clemson extension service in 1929. This prize was offered to the farmer in the upper 15 counties of the state who should produce the largest number of U. S. No. 1 sweet potatoes on one acre. Mr. Green by producing 201.3 bushels of No. 1 potatoes was the successful contestant. In addition to this his acre produced 136.4 bushels of No. 2's, and 99.5 bushels of culls. A total yield of 437.34 bushels of sweet potatoes on one acre. The second prize was awarded to Preston Timms, of Winnsboro, whose yield was 164.4 bushels of No. 1's, 79.6 bushels of No. 2's, and 122.6 bushels of culls, a total yield of 366.7 bushels. J. P. Blanton of the Thickety Mountain section of Cherokee county, fell short of second prize in the district by only about seven bushels of No. 1 potatoes, his yield having been 157.9 bushels of No. 1 potatoes, 115.5 bushels of No. 2 potatoes and 26.7 bushels of culls, a total yield of 300.1 bushels on one acre. His total yield was larger than the total of Mr. Timms, but as the winners were determined by the yield of No. 1 potatoes he fell short by 7 bushels as indicated above. Four other Cherokee county farmers completed one acre demonstrations in this contest with good yields. Sam C. Littlejohn, editor of The Ledger on his farm near Goucher produced 110.7 bushels of No. 1 potatoes, 111.5 bushels of No. 2's, and 68.87 bushels of culls, a total yield of 346.1 bushels on one acre. J. P. Mullinax of the State Line community made 118.25 bushels of No. 1's, 60.63 bushels of No. 2's, and 92.69 bushels of culls, a total yield of 271.57 bushels. C. A. S. Campbell, of the Midway section, made 60.50 bushels of No. 1's, 55.28 bushels of No. 2's, 1.4 bushels of Jumbos and 88.34 bushels of culls, a total of 205.62 bushels on one acre. W. W. Hardin, of the Antioch section, made 41.81 bushels of No. 1's, 37.36 bushels of No. 2's, 28.11 bushels of culls, a total of 107.28 bushels.
