GIRLS LEAD BOY PUPILS IN UNDERSTANDING BIBLE

St. Charles, Mo.—Parents now may determine how quickly a child is likely to grasp the meaning of a biblical quotation.

For eight-year-old the chances of understanding are found to average 42 in 100 and for 16-year-old intelligence 88, with a regular increase in ages between.

This finding is reported to the American Association for the Advancement of Science by Dr. Ralph T. Case of Lindenwood college. The analysis is a guide in selecting passages for children which shall be readily understandable.

Tests were tried upon 3,200 school

children in four representative Iowa school systems. Doctor Chase found "there proved to be a slightly superior comprehension on the part of girls at every mental age."

VOL. 2. MAR. 28, 1930 NO. 55

The purchase of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of any car to you depends on the value or the quality built into the car at the factory. How much extra will you have to pay for any car other than a Model A Ford, for the dealer's distribution, selling, and financing cost? These charges are costs that are paid by the purchaser of an automobile for which there is no extra value in the car.

Telephone: Hello, I'd like to know where I can get hold of Miss Osgood?
Operator: I don't know; she's awfully ticklish.

"I do hope you keep your cows in a pasture," said Mrs. Newlywed, as she paid the milkman.
"Yes, madam," replied the milkman, "of course, we keep them in a pasture."
"I'm so glad," gushed Mrs. Newlywed. "I have been told that pasteurized milk is much the best."

There is approximately \$80.00 extra value built into the Model A Ford car at no extra cost to the purchaser. This item of extra value includes the Shatterproof windshield glass, Houdaille shock absorbers, Ford Steel Spoke wheels, and Rustless steel of which all the exposed metal parts are made.

"Since when do you grease your car with red grease?"

Now is the time to have the grease in the transmission and

Ask for a demonstration of the new Model A Ford car. It will be a revelation.

If you are considering the purchase of a new automobile just stop and figure what car will give you the most satisfactory service at the lowest cost. We feel sure you will decide on the Model A Ford if you are fair in your figures.

A demonstration incurs no obligation on your part, it will be a pleasure to let you try out one of the New Model A Ford cars.

It seems that some few people in the community think that the Carolina Theatre is a chain organization. The Carolina Theatre is the only Theatre or other business operated under the management of the D. & R. Amusement Company of Charlotte, N. C.
The Carolina Theatre operates like any other local concern. It does its banking in Shelby at the First National Bank.
It does its buying in Shelby, as far as demands can be supplied. It pays its bills in Shelby and maintains a bank account, the same as any other individual concern.
