

Just Ten Years Ago
A Peep or Two Back in 1920
(Items Taken From The Cleveland Star of 1920.)

April 9, 1920.
Shelby is entertaining nearly 400 delegates this week who come from all parts of North Carolina to attend the 30th annual Missionary union.

A. L. Quickel, a prominent young lawyer of Lincoln, has announced himself as candidate for congress in the ninth district.

Sheriff H. A. Logan and deputy Mike Austell purchased this week the James Tiddy house on East Warren street, together with two lots adjoining the property.

Gaffney was shocked today to learn of the death of Mrs. A. N. Wood as a result of apoplexy. Mrs. Wood was the step-mother of Mrs. Geo. Blanton of Shelby.

Miss Millicent Blanton, the attractive daughter of Mr. and Mrs. Geo. Blanton, played the part of Kate Curtis in a play entitled "Cousin Kate" presented a few days ago at Saint Mary's college, Raleigh, where Miss Blanton is a student.

True bills against ten bakers, charged with conspiracy to exact excessive profits in the sale of bread, were returned by the grand jury at Greenville, S. C., this week.

Attending the state Democratic convention in Raleigh are the following who left in a chartered pullman carrying banners on both sides: "Vote for Gardner for Governor": O. M. Mull, Chas. C. Blanton, Paul Webb, Lee B. Weathers, Hayne Patterson, S. S. Royster, Hugh A. Logan, A. B. Suttle, Jr., Frank Hoey, Wm. Lineberger, Frank L. Hoyle, A. M. Hunt, B. T. Falls, J. E. Roberts, Chas. Burrus, W. H. Blanton, Grover Beam, Oliver Anthony, C. R. Doggett, Sam Lattimore, Dr. E. B. Lattimore, J. T. Gardner, I. C. Griffin, J. T. S. Mauney, Wm. Lattimore, W. B. Nix.

U.N.C. Students In "Wet" Vote

Chapel Hill.—Less than half of the 2,700 students at the University of North Carolina voted in the three-day prohibition poll conducted by The Daily Tar Heel, student newspaper. The poll closed and tabulations showed that of 944 who voted, 656 favored the repeal of the 18th amendment, 144 favored modification, and 142 favored strict enforcement.

The students were also polled as to drinkers and non-drinkers and the results showed that of the 944 who voted 564 said they did drink to some extent while 380 claimed total abstinence. The poll here showed results that were typical at other colleges: the country where such polls have been conducted.

Of the 24,000 students who voted in the big poll recently conducted in 14 eastern and middle western colleges by The Harvard Crimson, student newspaper at Harvard, 15,000 students admitted they drank, while a great majority favored repeal or modification of the 18th amendment.

War Nurse Sends Sargon to Mother In Far Off London

MRS. A. J. PAYNE
"Sargon did so much for me that I'm sending a treatment to my mother in London, England.
"I'm a trained nurse and served overseas in the World war, but I never in all my life saw anything like Sargon. I was almost a nervous wreck, was put on a strict diet of milk, for months and I was constantly having to dose myself with drastic laxatives, and finally after long suffering I was down to 95 pounds. I started Sargon about a month ago and now my appetite is splendid and I haven't a trace of indigestion. My whole system is wonderfully strengthened and invigorated, I sleep fine and am gaining weight every day. Sargon pills overcame my constipation completely."—Mrs. A. J. Payne, 214 N. 75th St., Birmingham, Ala.

Nobody's Business

GEE McGEE—

chain stores.
flat rock, s. C., april 8, 1930.
dear mr. editor:
please allow me space in your valuable paper to express my views about chain stores as a great many of my add mirows have asked me to rite a peace on same.

If folks want to get red of the chain stores for ever and ever amen, the best way to do it is to have congress pass a law forcing them to sell goods on credit and in less than 6 months instead of there being 124 thousand chains there won't be over 3 links. (so the best way to help your town is pay your credit procer what you owe him.)

there is just as good store keepers in the indy pendants as there is in the chains and the only difference betwixt them is as follows, if you want a head of cabbage for c10, you can crank up your lizzie and use c8 worth of gas and oil and ride down there and get the same from a chain, but some folks prefer to foam down town and get a credit merchant to send same up for c12 and charge it.

about half the folks ain't willing to shop and two-thirds of same can't get no credit and three-fourths of the balance is willing to pay a little bit more if necessary so have their stuff fetched up so's she will have more time to sleep in the mornings and play bridge in the evenings and set up late at night and if they need some new clothes they can rike their grocer pay for them by riding him for a few

TAX NOTICES

All persons, administrators, executors, guardians, receivers, trustees, and corporations are hereby notified to meet the tax listers at the following places on dates mentioned and make their tax returns.

Section 806 of the Revenue and Machinery act makes it a misdemeanor for anyone to fail to make return.
I wish to ask all parties liable for taxes to comply with the above request and to avoid the penalty.
All farmers will come prepared to make a crop report. This crop report is for statistical purposes, it therefore has no relation to your taxes whatsoever.

trees cut on the light of the moon betwixt Friday morning and Saturday night. The soap greases is more desirable if it is obtained from bones and skins not previously boiled or knawed on too long by man or beast.

The full moon is the best time to set your hens but in doing so be sure to place the eggs in the nest so's a setting moon will not shine on same as it is bad for a hen and a moon both to be setting on the same eggs. It will also be a good idea to sell your rooster and as soon as the eggs are piped tie a brick on top of the old hens back so that she will not try to set standing up. A great many of fairly good eggs have been made much worse by the hens not clinging to their jobs.

The moon is also right for digging doodles, but no doodle should be dug between supper and sundown as that is their siesta period and naturally they will not want to be disturbed. As the legislatures over the country have about add adjoined and the members have returned to their respective homes, doodle digging ought to pick up. When a politician changes from politicking to doodle digging his occupation does not really go thru any change as to results and effects and expectations.

If you want to raise a nice crop of potato bugs you should plant your potatoes just betwixt the new and the full moon so's the bug food will be pretty and green for the aforementioned insects. There are many varieties of potato bugs, none of which is satisfactory, but we think the yellow-backs with the brown fronts and the black horns are the most ravenous of all, and we believe that if you want to get ahead of your neighbors in the matter of potato-bug production, I would get this breed. By planting your potatoes during the moon suggested, the foliage will be just right for the bugs to devour during the night time—while all other pests, such as book agents and parpedlers are asleep. It is a good idea to pay close attention to the moon in your meanders and labors—then you can rest assured always that you won't amount to much if this life and nothing at all except a charcoal in the life to come.

Middle Life Suffering
"Thirteen years ago, I was in bad health," says Mrs. J. B. Bean, of Kirbyville, Texas. "I was going through a critical time, and I suffered a lot.
"My back hurt almost all the time, and my legs and ankles ached. My head hurt me until sometimes I would be almost past going.
"As I had used Cardui before, and knew how much I had improved after taking it, I got a bottle and started taking it. I continued to use it for several months. After a while I regained my health, and I feel that I could never have gotten through that awful time without Cardui."
