### Items Of Interest In Shelby School System Briefly Summarized.

**Washington School.**  
The visual education slides were used to good advantage in our school last week. The fourth, fifth, sixth and seventh grades enjoyed the pictures and descriptions of places in connection with their geography.

The sixth grade was voted the most appropriately kept during the month of March. Miss Clara Edwards and her pupils are to be congratulated.

Cecil Webb donated three pieces of mountain laurel for our ground Mrs. J. B. Nolan contributed lovely shrubbery for the MacArthur memorial corner and sweet williams for a flower bed on the grounds. We thank them.

Our glee club held a business meeting Monday after school to organize. We elected Faye Weathers, president and Edna Earle Grigg, secretary and treasurer. A committee was organized to draw rules for the club. At the regular meeting on Tuesday a short business session was held and the rules were discussed and voted on.

We want to thank Mr. E. M. Lowman for furnishing the lumber and making the hurdles for our field day which will be held in May.

**South Shelby School.**  
The posters, booklets and essays for the live-at-home contests were turned in this week. Ethel Patterson, a pupil in Miss Austell's sec-

tion of the third grade, had the winning poster. Mary Sue Hill, a seventh grade pupil, had the best essay. Her subject was "The Importance of a Cow." Kathleen Black, a pupil in Miss Parker's section of the fourth grade, had the prize booklet. She illustrated the five different phases of the live-at-home program.

We were delighted to have Miss Mary Helen Lattimore visited our school Wednesday morning for the chapel program at which she and the orchestra furnished music.

Little J. E. Ferre, Jr., a pupil in the second grade, played the "March of the Little Sages" in chapel Monday.

The pupils in Miss Suttle's section of the fourth grade prepared their own chapel program which was rendered Thursday morning. Catherine Hollifield presided over the program.

On Monday Captain Sam Putnam and his team had a game with the Sharon team. The final score was 9-10 in our favor. Mr. Paul Moss coaches our team. Mr. Lee Lovelace, from Sharon, umpired the game. They are planning to have another game soon.

Six of our teachers are planning to take a course in Zaner-Blosser writing.

We are working on the Poppy drill to be given at the American Legion program. We are glad to be honored in helping support such a worthy cause.

**Marion School.**  
The P. T. A. held its regular monthly meeting Tuesday afternoon at 3:30. The glee club, under the capable direction of Miss Roberts, gave a splendid program. The selections given by the club, which is only a few months old, were wonderful demonstrations of the work they have been doing. The other numbers on the program were given mostly by the children in the fourth grade.

At the conclusion of the program a count was made by grades of the number of parents present and it was found that the third grade won the prize.

Our school has felt very keenly the death of one of our most beloved citizens, Dr. T. G. Hamrick, father of Miss Annie Hamrick, a teacher in our school.

We wish to thank Mrs. Forney for her contribution to our school fund.

The courtesy contest, in which the boys and girls of the fifth grade have been greatly interested, closed last week. As a result the boys gave the girls an Easter egg hunt.

The third grade is enjoying fixing an Easter sandtable. This grade is also beginning a museum. We already have a very interesting collection of things.

We have been having lots of fun lately with different pets brought to the room. We have had two birds, a frog, some crawfish and tadpoles. For several days we had reading, language, spelling and arithmetic lessons drawn from our pets.

Last Monday were were studying the life of Robert Louis Stevenson along with some of his poems. The grade greatly enjoyed dramatizing the poem, "The Marching Song." We made our paper hats, the banner, brought our combs and drums from home.

### TODAY'S ERROR.

An invitation to a Cleveland county school commencement which comes to this department states that on such and such a day the "grammer" grade exercises will be held. Insofar as we know that may be the correct method of spelling it by this new-fangled system.

### IT DOES WORK!

Those who enjoy brain teasers may get a kick out of this one tendered the public by Roy Crawford, the pied typer columnist of the Hickory Record. At first it appeared as if there was a trick in it, yet it worked. You try it.

Put down these figures—1 2 3 4 5 6 7 8 9. Now, take any one of the numbers given and multiply it by 9. Then take your answer and multiply it with the first row of figures set down and the answer will consist entirely of the first number you chose.

### TIGHT, OMEOMI

A local reader of this column who believes in Scotch efficiency and who plays the stock market and reads the Wall Street Journal—some may doubt that there is a man with such contrasting traits—asks that we reproduce the following from the Wall Street Journal about Scotch efficiency:

"The Scotch have always been known as a thrifty, efficient race, and here is a new proof thereof from Glasgow, Scotland. A professional pipe lighter has been employed there to keep street railway laborers from wasting their time. This man's sole duty is to refill and light the men's pipes as fast as they go out. His job was established by an efficiency expert, who found the men wasted too much time lighting their own pipes. The men, however, have to furnish their own tobacco and matches."
