### The Inevitable.

I like the man who faces what he must  
With step triumphant and a heart  
of cheer:  
Who fights the daily battles with-  
out fear:  
Sees his hopes fail, yet keeps un-  
flinching trust  
That God is God—that somehow,  
true and just  
His plans work out for mortals: not  
a fear  
Is shed when fortune, which the  
world holds dear,  
Falls from his grasp—better, with  
love, a crust  
Than living in dishonor; envies not,  
Nor loses faith in man; but does  
his best,  
Nor ever murmurs at his humbler  
lot:  
But with a smile and words of hope,  
gives zest  
To every toiler. He alone is great  
Won by a life heroic conquers fate.  
—Sarah Knowles Bolton.

### Dover School Patrons Give Party.

The Dover school patrons were delightful hosts to the teachers and the school board and their wives on Monday evening at eight o'clock at the home of Rev. and Mrs. W. A. Elam. This charming home was beautifully and artistically decorated with the lovely dogwood and white narcissus. After the guests had assembled, interesting games and contests were played and at the close of the evening delicious refreshments consisting of a salad and sweet and ice course was served. Mrs. Elam was assisted in serving by her daughter, Mrs. Lane. The evening was one of rare pleasure and enjoyment.

### Methodist Circle Meets With Miss Hardy.

Miss Mary Hardy was the charming hostess on Thursday evening at the home of Mrs. J. A. Anthony at eight o'clock to the members of the Business Woman's circle of the Methodist church. This attractive home was artistically decorated with beautiful spring flowers. A most important business session was held after the guests assembled. A delightful program was then rendered by Miss Vivian Dellinger and Miss Mary Hardy interspersed with music. At the close of the evening the most delicious strawberry short cake and hot coffee was served.

### Miss Isabel Hoey Hostess.

Miss Isabel Hoey was the gracious hostess on Tuesday afternoon to the members of the Contemporary club at her lovely home on West Warren street. Beautiful spring flowers from Mrs. Hoey's outstanding garden graced the rooms making a rare picture. The subject of the afternoon was "Modern American Opera," and Miss Mary Adelaide Roberts, a gifted and finished musician, had charge of this subject. Her rare insight into the subject and her competent way of handling it made it most interesting. A business session was held and after the conclusion of the program delicious strawberry ice cream, cake and other delectables were served.

### Miss Minnie Eddins Roberts Hostess To Contract Club.

At the lovely home of Mrs. W. J. Roberts, Miss Minnie Eddins Roberts was the charming hostess to the members of the Contract bridge club on Saturday afternoon at 4 o'clock. Four tables were placed in the spacious room and attractive little bud vases filled with the beautiful colored tulips graced the center of the tables. Throughout the rooms spring flowers in abundance vied with each other in all their lovely beauty. The place cards and tallies represented spring. After many interesting rubbers the cards were laid aside and scores added. Mrs. Plaster was the lucky winner and was presented with two decks of Goodey's print cards. The hostess, assisted by her mother and sister, Mrs. Roberts and Miss Adelaide Roberts, served a beautiful and tempting salad and ice course.

Miss Lusia Mae Blanton and Mr. Giles Edwards were winners in the Bible contest and Miss Mae Edwards winner in the guessing contest.

### Dr. and Mrs. Schenck Entertain Fortnight Club.

The Fortnight club was most delightfully entertained on Friday evening by Dr. and Mrs. Sam Schenck at their charming home out in Cleveland Springs Estate.

## New Planet Invisible Majority of the Time

Can Be Seen From Earth Only  
200 Years Out of Each 3,200.  
Other Facts.

Tucson, Ariz.—A description of planet "X" heralded as the ninth planetary member of the solar system, in which the recently discovered astronomical body was

said to be about the size of the earth, and to require 3,200 years to complete a circuit of its orbit, today was available to the public for the first time.

Dr. E. C. Sipher, Lowell observatory astronomer, one of those directly connected with the recent discovery of the trans-Neptunian body, explained the secrets of the planet in laymen's language after describing it to delegates of the eleventh annual convention of the Southwestern section of the Amer-

ican association for advancement of science.

Dr. Sipher is the brother of Dr. V. M. Sipher, director of Lowell observatory, where, under provisions in the will of the late Dr. Percival Lowell, its founder, specialized study of the long suspected trans-Neptunian object has been carried on. Dr. Lowell sixteen years ago predicted the presence of an extra Neptune planet three degrees from the point at which the planet was located.

### Known Planet Facts.

Here are the chief known facts concerning the astronomical body, as presented by Dr. Sipher. Distance from the earth 42 astronomical units or one billion, three hundred, thirty-five million miles.

Mass—Known to be smaller than at first believed, but not computed. Tentatively believed about the same as the earth.

Orbit—Elliptical, its plane included to that of the other major planets at about 31 degrees, 21 minutes.

Size of the orbit—Long diameter

roughly 433 astronomical units or 433 times thirty-three million miles.

Time required for complete circuit or orbit—3,200 years.

Length of time to remain in view of earth—probably a century more. Time it will then remain hidden—roughly three thousand years.

Photographic characteristics—sharp definition under all circumstances.

In San Francisco scientists have destroyed the privacy of Swiss cheese. They now subject them to cheese. They now subject them to x-rays and tell their age to the minute.

Forty-seven years ago Rochester, Minn., was a mass of ruins, a tornado had twisted its base, uprooted it. William W. Mayo, country doctor, took charge of patching up the scores of injured people in the small town. His boys helped him. Today in Rochester is a giant hospital known as the "Mayo clinic". Besides the Mayo brothers there are over 300 medical men in the town.

## Maxwell Wins For Best Scout Plane

Stacy Maxwell won first prize for making the best airplane entered in a contest by Boy Scouts at the Carolina theatre Saturday. About seven homemade plane models were entered by local scouts. J. L. Dover won second prize, a ticket to the theatre for a month. Young Maxwell was awarded \$250. Judges of the contest were Chas. L. Ekridge, Joe Whisman and Tilden Falls.

## Teachers To Conduct Pre-Primer Classes

Those Taking Teacher Training Will  
Conduct Classes For Children.  
Begin May 2.

The pre-primer class which is conducted each year by the student teachers of the teacher training department, will begin Friday, May 2. As the room in which the work will be given, is small, only a limited number can be accommodated. All children who enter must be six years old by the end of the calendar year, December 31. The enrollment will have to be made up of those who register first. Those who have already made arrangements will be included in the number taken. Please bring or send \$1.00 as a fee. This money will be used to pay for a mid-morning lunch and other necessary materials and equipment. The children will be kept only a short time Friday morning. Beginning with Monday morning the hours will be from 8:45-12:00 o'clock. Louise M. Gill, Instructor Teacher Training.
