WHO BUILT Shelby ?

THE EFFORTS OF THE LOCAL PEOPLE HAVE BEEN RESPONSIBLE FOR THE GROWTH OF SHELBY....

The chain stores come into communities after those communities—or cities—have been built. They contribute absolutely nothing to the betterment of any community. They draw and send the money from the towns in which they operate. They do not even do local banking. Our banks are merely a safe for them. The chain stores are largely responsible for conditions resulting from non-employment.

What has happened in our town while cash has been continuously going to Northern Capitalists? Fifteen bankruptcies have occurred in Shelby within the last twelve months... fifteen patriotic citizens sent to the wall by unfair methods of competition. As a result of that fact, many honest people are out of jobs.

YOU OWE IT TO YOUR COMMUNITY TO PATRONIZE YOUR LOCAL MERCHANTS AND BUSINESS HOUSES.
