# FOR SUPERIOR COURT JUDGE

16th DISTRICT

16th D

Our candidate would bring to the bench a ripe experience, drawn from more than thirty-three years of active practice at the bar; an intimate knowledge of the law, acquired by study and close application; an honesty that is inherent in his nature; a courage to assert his convictions; and a disposition, such as is described as a "Judicial Temperament."

#### Long And Splendid Record Of Public Service

He has a long record of public service. Early in his career he served for a few years as chairman of the County Board of Education. At different times he has been chosen Chairman of the Democratic Executive Committee for his native county, and served with success. He represented Lincoln County, in the Legislatures of 1903, 1911, 1921 and again in 1923, and in two extra sessions. He served as clerk to the Judiciary Committee of the lower house of Congress for a period of five years, during the Wilson administration, and his satisfactory service in this capacity has been attested by members of that committee. Notwithstanding, the fact that his official position would have relieved him from the draft, he claimed none, and held himself subject to the call of his government for service in the World War. His class was next to be called for service, the war coming to a close before the call came.

#### Judge Should Be Of Best Available Material.

It behooves our state to select its best available material for its judges. We do not hesitate to recommend to the other counties of this district our candidate, as a man who will mesaure up to the duties and responsibilities of this high office, and fill it with dignity and ability.
