Rain Thursday ? ?

Today's North Carolina Weather Report: Partly cloudy tonight and Thursday. Probably local thunder showers Thursday and in west portion tonight.

New York Gains.

New York, July 9.—New York city has a population of 6,958,792 according to the 1930 census figures, completed yesterday. This is an increase of 1,338,744, or nearly 24 per cent during the past 10 years.

Highway Cracks Under Heat

No. 18 Swells Up And Buckles Under Extreme Heat. Record Here For Day.

This section's only casualty in the heat wave, so far as could be determined today, was Highway 18, which yesterday afternoon buckled up and cracked under a sizzling sun.

Early in the day motorists had reported that a knot was rising in the concrete highway north of town, near the Shelby hospital, but it was not until afternoon that the concrete pavement cracked with a bang similar to that of a cannon.

At their monthly meeting this week the county commissioners picked the following jurors for the term: First Week. Wade H. Jones, J. D. Allen, J. Pink Beason, A. C. McSwain, Vernon Crawford, Gordon Lowery, W. C. Lanier, G. A. Rhea, W. P. Ware, D. W. Adams, W. Frank Goforth, J. K. Willis, R. M. Dover, sr., Martin Hoyle, A. A. Hovis, Charlie M. Weathers, N. D. Francis, B. N. Wakefield, C. H. Swofford, A. E. Blanton, L. C. Bost, J. H. Anthony, C. B. Bridges, Z. A. Harrill, C. Y. Harris, D. W. Humphries, Robert L. Shuford, D. P. Edwards, L. P. Grayson, Clarence Grigg, Henry Hoyle, Will J. Dixon, A. M. Boggs, W. C. Edwards, Joe F. Clark, W. R. Mull.

Record heat was reported at several points in the two Carolinas on the same day, three deaths, two in this state and one in South Carolina, being attributed to the heat. The highest report in North Carolina, 110, was reported officially at Rocky Mount. Yesterday the mercury dropped back to 90 degrees at Rocky Mount.

Kings Mountain Man Is Killed In Wreck

Cope Burlington Fatally Injured In Crash Near Sylva On Saturday.

Sylva, July 8.—A Cleveland county man is dead, a woman seriously injured, and two men are under bond, following a triple automobile collision on a curve just west of Dillsboro, on highway No. 10.

Cope Burlington, 72, of Kings Mountain, suffered fractures of arms and several ribs in the crash, which occurred late Saturday, but his condition at first was not thought to be critical. He died at a hospital here late Sunday night.

Mrs. H. F. Brady of Atlanta is in the hospital here. Both knee caps are fractured and she is suffering from cuts and bruises about the face and head.

Brady and John Watson of Jackson county were placed under bonds of \$2,000 each for their appearance at a hearing to investigate the accident. The hearing is set for Thursday.

Dan Cupid Care Not About Warm Weather

A record hot spell does not seem to interfere with the business of Dan Cupid, the cherub-cheeked match-maker.

Of the 12 couples married at Gaffney, S. C. last week four were from Cleveland county—three white and one colored. The white couples were Will Peyor and Annie Shipman, of Kings Mountain; Theodore Beaver and Vangie Warlick, of Lenoir; Frank Canipe and Lula Belle Hoyle, of Lenoir. The colored couple was Nathan Degree and Lena Mae Wesson, of Shelby.

Shelby Jeweler In 'Frisco, Long Trip

A message received by relatives here this week informed that T. W. Hamrick, prominent Shelby business man and former alderman, said his nephew, Frank Hamrick, Jr., after reaching San Francisco after an automobile trip across the continent. They made the trip by the Southern route. Mr. Hamrick plans to take treatment in a San Francisco hospital for some time before returning to Shelby.

Select Jurors For Court On Monday, 21st

Unusually Heavy Docket Ahead

Around 160 Cases To Come Up On Criminal Docket Alone. Big Civil Calendar.

The July term of superior court, which convenes here Monday, July 21, promises to be one of the biggest courts held here in years.

An investigation of the court docket shows that approximately 160 criminal cases are scheduled to come up. This is the largest number of criminal cases ever scheduled for one session of the court, but due to the fact that it is the hot weather term of the year, some of the cases may be postponed. There is, likewise, a heavy civil calendar.

Appeal Cases.

The heavy criminal calendar does not indicate a growth in crime as the majority of the 160 cases come up as appeals. It is said, from court reports.

Veteran Judge.

In all likelihood the term will be presided over by one of the state's two veteran jurists—Judge Thomas J. Shaw or Judge James L. Webb. Both of these veterans retire at the end of the year from the bench and the term may be the last regular term either will preside over.

Jurors Named.

At their monthly meeting this week the county commissioners picked the following jurors for the term:

First Week.

Wade H. Jones, J. D. Allen, J. Pink Beason, A. C. McSwain, Vernon Crawford, Gordon Lowery, W. C. Lanier, G. A. Rhea, W. P. Ware, D. W. Adams, W. Frank Goforth, J. K. Willis, R. M. Dover, sr., Martin Hoyle, A. A. Hovis, Charlie M. Weathers, N. D. Francis, B. N. Wakefield, C. H. Swofford, A. E. Blanton, L. C. Bost, J. H. Anthony, C. B. Bridges, Z. A. Harrill, C. Y. Harris, D. W. Humphries, Robert L. Shuford, D. P. Edwards, L. P. Grayson, Clarence Grigg, Henry Hoyle, Will J. Dixon, A. M. Boggs, W. C. Edwards, Joe F. Clark, W. R. Mull.

Second Week.

W. H. Wood, C. D. Lancaster, Carl Lattimore, J. D. Hord, C. B. Hambrick, D. A. Bridges, D. F. Hord, Will McWhirter, E. T. Switzer, B. V. McEntire, E. Y. Jones, A. Walton Greene, L. P. Iryin, J. H. Palmer, John Cornwell, B. E. Baker, Alvin Cook, R. S. Short.

Charlotte Lions In Shelby For Meeting

Program At Local Club Put On By Visiting Charlotte Members.

Members of the Lions club at Charlotte put on the program at the meeting of the Shelby Lions club held last night at Hotel Charles.

The program was featured with a talk by L. Davis Phillips, of Charlotte; the "Buccaners" quartet, composed of Ed Lorry, W. C. (Bill) Jones, George Webb and Ralph Roane; original piano composition by J. M. Panetti; and a short talk by P. L. Holland. Mr. Phillips discussed the beneficial work the Lions organization can do in a community, and Mr. Holland told of the Charlotte club's work for the blind.

The Charlotte Lions were brought here by William Osborne and Arthur Beaky, of the Shelby club, who attended the Lions luncheon in Charlotte Monday.

Bulwinkle To Win This Fall, Claims District Committeeman

Cleveland Member of Committee Thinks Gastonia Man Sure Winner.

Major A. L. Bulwinkle will return to his old seat in congress this fall. That is the opinion of Attorney W. Speight Beam, Cleveland county member of the Ninth district congressional committee appointed by the recent State convention.

Discussing the fall election prospects Mr. Beam says: "The Democratic congressional committee of the ninth district should organize at once and formulate plans for the redemption of the district and the election of Major A. L. Bulwinkle. Major Bulwinkle and Hon. Hamilton C. Jones, of Charlotte, both are regular Democrats. The friends and supporters of Mr. Jones will gladly and wholeheartedly cast their votes and influence in behalf of the nominee. I know something of the staunch-

Aims at Lindy's Ocean Mark

W. S. "Bill" McLaren, Newark, N. J., aviator in his plane with Mrs. Beryl Hart, of New York. McLaren is planning a trans-Atlantic flight in the near future in which he will attempt to eclipse the record of 33 hours made by Colonel Charles A. Lindbergh in 1927. He intends using a Lockheed-Vega Sirius monoplane for the flight. (International Newsreel)

Hoey Next Senator, Ehringhaus Next Governor, Prediction Made

County Melon On 4th July

Cotton blooms were reported earlier this year in Cleveland county than ever before, and it now seems as if the melon crop is also early. On July 4th, according to a report given The Star today, Hatcher Ledford, of Mooresboro route 2, had a ripe watermelon from his patch.

Cleveland Springs Water Source Not A Typhoid Danger

Water Slightly Polluted By Hands. To Be Purified At Once.

A report spread about Shelby last night and today stating that the water in the famous mineral spring at Cleveland Springs had been condemned. This was somewhat erroneous as today it was stated that there is no source of pollution of the water there and the water has not been officially condemned.

There is, however, a slight surface pollution at the spring caused by people getting their hands in the water while dipping. The county physician says that this surface pollution, which shows a slight bacilli count, can be cleared up in a day or so with the proper treatment of the water. The spring will be closed to the public at a precaution until this is done. It was made plain that there is nothing within the spring area to cause pollution of the water, the source being entirely pure but the slight bacilli count now is accredited to indiscriminate dipping of the hands or unclean utensils in the spring.

The spring proper will be enclosed to prevent pollution on the part of the patrons and water can be secured from the overflow pipe on the outside.

Masonic Meeting. First degree work will be put on Friday night at 8 o'clock by Cleveland lodge 202 A. F. and A. M.

Both Men Honored by Democrats, Gardner Most Popular Governor In 20 Years.

(J. C. Baskerville in Gastonia Gazette.)

Raleigh—One of the most interesting and significant out-growths of the State Democratic convention here last week was the preponderant popularity of two men with the Democrats of the state. These two men are Clyde Hoey of Shelby and J. C. B. Ehringhaus of Elizabeth City.

Both came to the convention as private citizens, to do what they could to help the convention and the Democratic party. But the delegates would not let them alone, insisting upon doing them honor.

Two other outstanding Democrats were honored by the convention, and showered with acclaim, namely Governor O. Max Gardner, who is probably the most popular governor the state has had in 20 years and who is more popular now than when he took office, and Josiah William Bailey, but recently honored by being made the nominee of the Democratic party to the United States senate. But the honor bestowed upon these two by the convention was the type of honor that is bestowed to those to whom honor is due. It would have been discourteous and an exhibition of lack of good Democratic breeding not to have cheered and created something of a demonstration for Governor Gardner and Mr. Bailey, for they were recipients of the highest honors which the Democratic party has to bestow. And the demonstration accorded these two attested to their genuine popularity. Especially noticeable was the enthusiastic reception given Governor Gardner, and the real confidence which the convention reposed in him, despite the dif-

ference to consult a physician or health officer naturally prevented remedial measures being taken. It was pointed out. The cases being mild, most of these persons probably do not realize that they have any such disease, the bulletin said. "Years ago I assumed the attitude that the disease should not be diagnosed without the skin eruption except when a definite history of its past occurrence could be secured. In the light of what is to follow let me state here that in every such case a careful survey of the patient's diet should be made and corrected regardless of the possibility of pellagra in so doing much precious time will be saved for many of those destined to present the full picture at a later time.

Mrs. Levi Turner Passes At Grover

Victim Of Pellagra And Complications Buried This Afternoon At Antioch.

Mrs. Levi Turner who before marriage was Miss Mrs. White, died Tuesday afternoon at 3:40 o'clock at her home at Grover, following an attack of Pellagra and complications. Mrs. Turner was 30 years of age and leaves surviving her husband and one daughter, Rosetta May Turner. She was highly esteemed in the community in which she lived.

Funeral services were conducted this afternoon by Rev. W. E. Furcron, pastor of the Grover Baptist church and interment was in the Antioch church cemetery.

Two Local Students Pass Doctor Exams

Two Cleveland county medical students were among the 85 who passed the State medical examination given on June 17, according to an announcement this week by the secretary of the State Board of Examiners. They were Dr. Joe E. Osborne, son of Dr. and Mrs. J. R. Osborne, of Shelby; and Dr. Fred Fails, of Lattimore.

Dr. L. A. Crowell, jr., of Lincolnton, son of the Lincolnton surgeon and a brother of Mrs. Jen Schenck, of Shelby, made the highest grade of 94.

Woman, 2 Men Get Sentences In Court Here

Men Stole Nitrate Soda In County

War Vet Evades Theft Charge On Plea Of Depressed Skull.

A white woman was given a jail sentence and two white men were given chain gang sentences in county court here yesterday, the woman being convicted of operating a disorderly house and the men of stealing two bags of nitrate of soda. Evidence introduced to the court alleged that the woman, Winnie Lewis, who formerly lived in South Shelby and has been convicted one time of operating a bawdy house, had for a month or so been operating a disorderly place near Mooresboro. Witnesses testified that other women lived in the house with her and that men visited the place at all hours of the night. The sentence imposed was a jail term of four months. Notice of appeal was given.

Canipe's Soda. The men given road terms were Ed and Grady Hullett, who said they lived in Gaston county. Last week the two were arrested with two sacks of nitrate of soda in their car which had been stolen from Boyd Canipe of the Waco section. The Hulletts denied the theft, stating that they had been hired to haul the soda away by another man. They could not remember his name, however, and were given three months each, on the No. 6 gang.

Aud Ledwell, young white man of Gaston county, was charged with the theft of a pocketbook and \$15 from a Cleveland county man. Evidence, including a letter from the U. S. Army, was introduced to show that the young man was not mentally responsible. Instead of freeing him, Judge Kennedy nullified the charge and placed Ledwell in the custody of an officer to be taken to the Gaston county jail where it is to be seen if he can be entered in the state hospital. The army surgeon stated that Ledwell's mind was not altogether right due to a depressed skull resulting from a fracture. An operation, or proper treatment, it was said might improve his condition.

Health Officers Says Failure To Do So Makes Disease Fight Harder. Raleigh, July 9.—Failure of hundreds of pellagra victims to report their condition to physicians or proper health officials is proving a great handicap in the battle against the disease in North Carolina, said a health bulletin made public by Dr. G. M. Cooper, director of the bureau of health education of the state board of health.

The bulletin referred as example to a quoted opinion by a physician of a certain North Carolina county that there were 1,000 cases of pellagra in the county in question. Reference to the official report of the state board of health showed, it was added that there had been only 23 cases of the disease officially reported.

Should Report Pellagra Cases

Health Officers Says Failure To Do So Makes Disease Fight Harder.

Failure to consult a physician or health officer naturally prevented remedial measures being taken. It was pointed out. The cases being mild, most of these persons probably do not realize that they have any such disease, the bulletin said. "Years ago I assumed the attitude that the disease should not be diagnosed without the skin eruption except when a definite history of its past occurrence could be secured. In the light of what is to follow let me state here that in every such case a careful survey of the patient's diet should be made and corrected regardless of the possibility of pellagra in so doing much precious time will be saved for many of those destined to present the full picture at a later time.

Little Lindy Gets Name of Famous Dad

Englewood, N. J., July 9.—America's most famous baby, the son of Col. and Mrs. Charles A. Lindbergh, has been named Charles Augustus Lindbergh, jr. It was announced last night at the home of his grandfather, Ambassador Dwight W. Morrow, here. Hence an interested world may now know and remember the youngster as Lindy, jr.

Charles Augustus, jr., was born June 22. Until last night it was firmly believed that Charles Augustus, jr., had been named Charles Morrow Lindbergh. He has yet to be viewed by the public. It is unlikely, however, that his photograph will appear in the newspapers for some time, as photographers have dogged the grounds of the Morrow home for days, hoping for even a "long shot" picture of the baby.

Mrs. Lindbergh intends to go with Charles Augustus, jr., to the Morrow summer home in North Haven, Me., within a week or so and probably will remain there until September.

Death Takes Creator of Sherlock Holmes

Sir Arthur Conan Doyle, noted novelist and spiritualist, and creator of the world-famed Sherlock Holmes, is dead at his London, England, home at the age of 71. News of the death came as a shock to England, as the novelist had been in fair health during the last few months. (International Newsreel)

Shelby Shows Golf World That A Left Hander Can Hit It

In golfing circles the experts have declared for years that a left-handed golfer cannot expect to be anything but a dud. In other words, left-handers just cannot play golf although some of the greatest hitters in baseball—Ruth, Cobb, and Speaker hit from the portside.

But Shelby, home-town of North Carolina's governor, is a town of left-handed golfers, according to an Associated Press dispatch which is being given wide publicity over the country. Speaking of the southpaw golfer, the Associated Press says: "At least all its linksmen of any note swing from the portside Governor O. Max Gardner and his executive counsel, Oduis M. Mull, have used the southpaw since their sandlot baseball days, and see no reason for changing on the golf course."

Jenkins Officer In Vet Group

Shelby Man Vice Commander Of Spanish-American War Vet Body.

Capt. J. Frank Jenkins, of Shelby, was yesterday elected junior vice-commander of the United Spanish War veterans of North Carolina at their annual encampment in Greensboro.

Mrs. Lula Logan, of Shelby, was elected guard in the organization auxiliary for women.

The next encampment of the war veterans will be held in Raleigh. R. M. Parrot, of Raleigh, was elected commander, and J. L. Booth, of Charlotte, was elected senior vice commander.

Eastside-Ora Outfit To Play Shelby Mill

A fast baseball game is scheduled at the city park Friday afternoon at 3:30 when the strong Eastside-Ora club plays the Shelby mill club. Both teams have good records so far this season, Eastside winning the first half of the county league race, and the Shelby mill playing independent ball. Sherrill Hamrick, the high school ace, will hurl for the Eastside-Oras and Simmons will pitch for the Shelby mill.

Supper Given To All County Home People

The W. M. U. of Double Shoals Baptist church fixed up a bountiful and appetizing dinner and carried it down to the county home about 6:30 o'clock. It was indeed a privilege of the W. M. U. to send it and a treat to those who were there. The W. M. U. is doing good work.

Huge Increase In Population Of U. S. Seen As Census Nears End

Washington.—Half of the states have completed the decennial census. The other 24 are busily adding away toward the new sum total, which the census bureau hopes to announce sometime in July.

Twenty-four states and the District of Columbia reported populations totaling 50,198,950, a combined gain of 7,444,129 over their 1920 population, or 17.4 per cent.

California was the greatest gainer in the list, passing both Michigan and Massachusetts on the impetus of a 64.4 per cent increase. Vermont, increasing by 1.9 per cent, showed the least augmentation.

Not a single state reporting thus far has shown a decrease. A 17.4 per cent increase over the 1920 population of continental United States—105,710,620

would make a 1930 population of 124,104,747. The states remaining to report probably will lower the percentage of gain, since census bureau estimate of the 1930 population was about 122,597,000. The states which have finished are: Illinois, 7,630,283; California, 5,642,282; Michigan, 4,818,371; Massachusetts, 4,364,972; Indiana, 3,227,522; Wisconsin, 3,000,388; Kentucky, 2,605,031; Minnesota, 2,558,265; Iowa, 2,468,747; Arkansas, 1,852,088; West Virginia, 1,729,297; Connecticut, 1,602,813; Washington, 1,557,540; Nebraska, 1,386,619; Colorado, 1,033,156; Maine, 799,462; Rhode Island, 685,017; North Dakota, 681,273; Utah, 502,640; District of Columbia, 485,716; New Hampshire, 469,325; New Mexico, 418,932; Vermont, 359,153; Delaware, 236,858; and Nevada, 90,559.

No Tax Boost Despite Increased School Cost

County Tax To Stand, 73 Cents

Information Given The Star Today From The Office of A. E. Cline, Chairman of the Commission Board, Indicated That Cleveland County's Tax Rate For The Year Will Be The Same As It Was Last Year.

Mr. Cline is now completing the county expense budget, and despite increased school expense he believes now that the tax levy may be held at the old figure—73 cents. The present school tax rate is 54 cents and the county-wide tax rate is 19 cents. A surplus from last year will hold the school rate at the old figure, he says, while the commissioners are confident of keeping the county rate down to 19 cents.

Board Approves School Budget

County Boards Hold To Economy In Teaching 1,100 New Pupils.

At a joint meeting of the county board of education and the county commissioners this week the Cleveland county school budget for 1930-31 was approved. The new budget calls for \$14,767 more than last year, but due to several cuts and economic shifts the tax rate will not be boosted it was stated today.

The expense budget for the school year calls for \$380,767 as compared with \$366,000 in 1929-30. The increase in the budget is due to the enrollment of 1,100 new pupils, increased teachers salaries due to raised certificates, and to a new consolidated building.

Hold Rate Down. But despite the additional cost of \$14,767 the two boards pared down other items on the budget so as to hold the tax rate at 54 cents, where it was last year. One aid in taking care of the increase was a surplus of several thousand dollars left over from last year's budget due to economy practiced in educational expenditures.

The entire increase in the budget for the most part is due to increased salaries made necessary by teachers improving their certificates at summer school. The expense in other portions of the budget is less than it was last year. In order to keep within the budget and not boost the tax rate the two boards ruled that there would be no repairs or building during the year where such is not absolutely necessary.

Budget Division

The three major items of the budget are current expense fund, capital outlay, and debt service fund. The current expense fund, in the budget as prepared by Supt. J. H. Grigg, calls for \$302,464. Of this amount teachers salaries, will claim \$245,783. Other items in the current expense includes general control expense, fuel, building and ground repairs, truck expense, and the salaries of the teachers in the eight months schools for six months of the year.

The capital outlay fund will take \$34,002. This is for the purpose of taking care of the new consolidated high school for No. 3 township and for approximately \$5,000 to be spent for new trucks for transporting pupils.

The debt service fund of the budget is allotted \$39,301 for the purpose of repaying loans, bonds, and interest.

Of the total budget cost only about 60 per cent will be derived from taxes, approximately 40 per cent, or \$157,394, coming from other sources according to estimates made in the budget. These other sources of school revenue are \$81,000 from the state equalization fund, \$25,000 from the state loan for building programs to be paid back over a 20 year period, \$20,362 from various long term districts as their portion on state loans, and \$15,000 from fines and forfeitures in the county court.

The remaining \$223,373.21 will come from taxes on the old 54-cent levy.

Last Notice Of 4-H Encampment Given

Plans for the 4-H club encampment at Bolling Springs, beginning July 14, are now practically complete and a big meeting is assured. Club members who did not receive a personal letter or see Monday's announcement in The Star should get in touch with Mr. Shoffner or Mrs. Wallace, the county agents. A prize is offered for the club with the best attendance.

Copperhead Strikes Blacksburg Youth

Blacksburg.—Clyde Ray, 19, who was bitten by a copper-head snake on July 4, is reported to be getting along all right. It was thought at first that young Ray's condition was critical, but he is now on the road to recovery. Ray was bitten by the snake while gathering corn to feed the stock at the home of Tom Martin, one mile from Blacksburg. After being bitten by the snake, Ray was rushed to Dr. C. A. Campbell who administered first aid. Serum was rushed from Spartanburg to be used in treating the boy.

County Tax To Stand, 73 Cents

Information Given The Star Today From The Office of A. E. Cline, Chairman of the Commission Board, Indicated That Cleveland County's Tax Rate For The Year Will Be The Same As It Was Last Year.

Mr. Cline is now completing the county expense budget, and despite increased school expense he believes now that the tax levy may be held at the old figure—73 cents. The present school tax rate is 54 cents and the county-wide tax rate is 19 cents. A surplus from last year will hold the school rate at the old figure, he says, while the commissioners are confident of keeping the county rate down to 19 cents.

Shelby Shows Golf World That A Left Hander Can Hit It

In golfing circles the experts have declared for years that a left-handed golfer cannot expect to be anything but a dud. In other words, left-handers just cannot play golf although some of the greatest hitters in baseball—Ruth, Cobb, and Speaker hit from the portside.

But Shelby, home-town of North Carolina's governor, is a town of left-handed golfers, according to an Associated Press dispatch which is being given wide publicity over the country. Speaking of the southpaw golfer, the Associated Press says: "At least all its linksmen of any note swing from the portside Governor O. Max Gardner and his executive counsel, Oduis M.
