50 Years' Use of Black-Draught

"ABOUT fifty years ago," says Mr. Lewis G. O'Shields, Lewis G. O'Shields, of Portersville, Ala., "my mother gave me the first dose of Black-Draught, and I have taken it ever since, when I needed a medicine for constipation. I have used this

constipation. I have used this remedy all my married life, in raising my children.

"I have used Black-Draught for heartburn, as I have had spells of this kind, off and on, for years. This follows indigestion, and indigestion comes close on constipation.

"I have found that the best way to head off trouble is to begin taking Black-Draught in time. It relieves me of

dizziness, tightness in the chest and backache. "By getting rid of impuri-ties, Black-Draught helps to keep the system in good order. I always keep it in the home, and have recommended it to many people, in my time."

You Want And be Dollars in Pocket, Besides

Let us show you how you can own a fine big Essex for less cost than a car of apparently lower price. In the column to the right are the figures of a deal which illustrates the point and proves it in dollars and cents.

One car APPARENTLY was lower in price than Essex. But look into the whole deal, and you find Essex actually LOWER in price, besides being by far the larger, roomier, finer automobile in every way.

Examine the trade-in we can allow you. Remember, our business is not so laid out that we must take your used car from you at less than it is worth. We can give you its full value. Do not give up your used car at a loss because you are attracted by a list price of another car that SEEMS low.

Let us show you a REAL price comparisonan automobile-buying proposition that will appeal to your business and thrift sense. Get our finance terms-get all details.

Have a car you are proud to own-and save money, too.

STUDY THESE FIGURES

This deal started when the buyer told us that Essex was the car he wanted, but apparently for reasons of thrift he must buy a car which was offered at a lower list price. Together with him we figured out the whole deal for Essex and the other car as follows:

\$865 \$625 Price ----We offered for \$400 trade-in ___ traded car Cash difference \$315 Difference \$225 he must pay ... Our 12 monthly Payments \$29.48 \$24.05 ALL-COST figure for Essex \$353.76 FIGURES _ \$288.60 The net of it all, so far, is that for \$65.16 total

maker at \$240 less. Then, finally-a year from now his Essex will be worth \$115 more than the other car he was considering. Or, casting up all totals, his Essex in a year will cost \$49.84 Cents LESS than the car apparently cheaper. So, we say-
