**SOULS.**  
My soul goes clad in gorgeous things,  
Scarlet and gold and blue;  
And at her shoulder sudden wings  
Like long flames flicker through.

And she is swallow-leet, and free  
From mortal bonds and bars.  
She laughs, because Eternity  
Blossoms for her with stars!

O, folk who scorn my stiff gray gown,  
My dull and foolish face,  
Can ye not see my soul flash down,  
A singing flame through space?

And folk, whose earth stained looks  
I hate,  
Why may I not divine  
Your souls, that must be passionate,  
Shining and swift, as mine!

M. Gault. Mrs. John Lovelace read a paper on Amos and Andy, which had been prepared by Mrs. Ed Post. Mrs. E. T. A paper on Halloween was read by Lottie Mae Hendrick, Miss Isabelle Hoey read a Halloween story, and Mrs. Charles Hoey read a group of Halloween poems. After the close of this program each member was given a piece of paper and asked to draw a Halloween cat. Miss Etta-ble Moses received the prize for the best cat, and Miss Ethel Thomas received a prize for drawing the poorest cat. After this the guests were entertained by a junior program, furnished by the small pieces of the hostess. Jane Washburn played the piano, Virginia Washburn sang a solo, and little Betty Washburn gave a recitation.

## Eskridge News

VOL. 2 OCT. 24, 1936 NO. 32

There were 23 new cars sold and registered in Cleveland County during the month of September and of this number 16 of them were New Model A Ford Cars or 57% of the total sold.

We are equipped to service your car regardless of the make or type and thoroughly prepare it for winter.

The percentage for the year up to October 1st is just a little over 60%. Car owners of Cleveland County are wise to real values in automobiles and have shown that they have complete confidence of the value of the New Model A Ford as 60 out of every 100 cars sold in Cleveland County up to October 1st were Model A Fords.

A man's car struck the rear of a car driven by a woman. "Didn't you see me stick out my hand?" the woman asked.

"No, I didn't Miss," he replied. "Well, if it'd been my leg, you'd have seen it," she replied and drove away.

If you are skeptical of the stamina, service and durability of a Model A Ford car find one that has been driven at least 25,000 miles and compare it with any other make of car that has given that much service. Also compare the resale price of both cars.

Young Bride: "Now, dearie, what will I get if I cook a dinner like that for you every day?"  
Young Groom: "My life insurance."

With winter just around the corner it is time to prepare your car for the rigors of winter driving. Have your had the grease in the transmission and differential of your car drained, flushed out and refilled with a special grade of gear lubricant for cold weather? It is very important that you have this done as the heavy grade of lubricant used for hot weather is not satisfactory during cold weather.

We will install a 13-plate Genuine Ford Battery in your car for only \$7.00 and your old battery. This battery is guaranteed for 15 months service and will fit 90% of all makes of cars!

Call us for a demonstration of the New Model A Ford Car or Truck. A demonstration will convince you and you will understand why 60 out of 100 purchasers of new cars choose the Model A Ford.

Take advantage of our radiator service. We will drain the radiator and cooling system of your car, flush it out, and refill with fresh water and either full strength denatured Alcohol or Prestone to prevent freezing and cracking either the radiator or the motor block.

SERVICE IS A PLEASURE.
