Pale and Weak

"I THINK Cardui is a wonderful medicine, for I improved greatly after taking it," says Mrs. A. W. English, of R. F. D. 4, Roanoke, Va. "When I was just a girl of 13, my mother gave this medicine to me, and it did me a great deal of good. I was weak and run-down. After I had taken Cardui awhile, I felt much better."

"In 1924, my health was poor. I felt miserable, and hadn't enough strength to do my housework. It took all my willpower to keep up. I was pale and weak."

"I got Cardui again and took it. My improvement was wonderful. I can recommend Cardui to others, for my health was so much better after I had taken a course of the Cardui Home Treatment."

Nobody's Business

GEE McGEE—

Over There and Over Here.

When us Americans fail to elect our man for president, we simply cuss a few blue streaks, and accept the other party's man. In most foreign countries, the defeated presidential candidates immediately start a revolution, and occasionally win out. It pays to be satisfied even with a Republican administration some times—Democrats never revolute—they suffer it out.

Cotton Letter.

New York, Oct. 25.—There was little southern selling today, hence the advance of 2 points was met by hedges and private estimates. Tinges, dog-tails, highs, lows, jack and the game are selling 246 points off of December and the bulls are straddling May and October and are long on next August, therefore, according to Al Smith's way of thinking, the wets have a strong chance in 19 and 32 compared with strict middling and Liverpool cables. The last government report was anticipated as usual, and spots firmed up as well as down in sympathy with Anaconda copper and General Foods krackles. We don't advise nothing.

School Hints.

Dear Teacher:

Willie knows when his stummick hurts, so don't whip him no more for rubbing same. His daddy has always suffered with the same mally-lady and he is the kinder man who won't have his boys whipped for something they can't help, so after this, when Willie has the stummick ake, you send him home and if he needs a beating for having it, me and his pa will do that. And more over, you run a big reek every time you whip one of our young-uns.

Yours truly,
 His Ma.

Mucha-Too-Beeg.

A derigible is all right for bluff and experiments. They have to be too large to be useful. Riding in one of those big old gas globules is like using a telegraph pole for a walking stick, or sending the baby down on an elephant, or wearing the Lick Observatory telescope for a pair of spectacles. A derigible would indeed be a wonderful machine if it weighed less than 1,000 pounds and was no larger than a street car and could bump along at 150 M. P. H., with 45 passengers.

Politics Won't Help.

Too much rain next year, and plenty boll weevils, and an abundance of rust and wheat flies, and all the droughts possible, plus the scarcity of money with which to buy fertilizers, and much flu and mumps at seeding time—will fetch prosperity back to this old country, and nothing else will—the farm board, the land banks and the Republican party notwithstanding.

My First Venture and Adventure.

I was born and raised (not reared) on a farm. I plowed and hoed and reaped and sowed and ran an engine and a saw-mill and a corn mill until I was nearly 20 years of age. My father was strong for all kinds of machinery. Its chief purpose was to keep him poor—which it did.

One day I decided that I ought to learn to be a telegraph operator. I had finished school (in about the eighth grade in a country school) and was right smart in books, so I thought, I could bound Russia, and I knew which was the longest river.

EXECUTOR'S SALE.

By virtue of the power of sale contained in the last will and testament of Mrs. Belle Elliott, and by virtue of a raised bid, I will offer for sale at public auction at court house door in Shelby, on Monday, Nov. 3rd, 1930 at 12 o'clock the following described real estate, to-wit:

That 23 acres of land situated two miles south of Shelby, N. C., on State highway No. 18, and known as the last residence of Mrs. Belle Elliott and husband, D. A. Elliott.
 Terms of sale: One-third cash; one-third January 1, 1931, and one-third January 1, 1932, with the privilege of paying all cash. Bidding will begin at 3,780.00.
 This the 18th day of October, 1930.
 J. L. MARTIN, Executor of the will of Mrs. Belle Elliott.

Chicago Company Buys Utilities
 Carolina Coach And Raleigh Gas Company In \$0 Million Dollar Deal.

A \$50,000,000 deal whereby the Carolina Coach company, largest bus operator in the state, and Raleigh Gas company, and gas companies at Durham and Asheville and other properties out of the state have been sold by the Southern Cities Utilities Co., of Philadelphia, to the Central Public Service Corporation of Chicago, was revealed yesterday.

The transfer of ownership is slated to become effective November 1, following ratification at a stockholders meeting in Philadelphia on October 28.

No details of the purchase or of the basis of exchange of the stock of the Southern Cities Utilities, of which the preferred issues were widely distributed in this section, were available. Questioned about the sale, Manager H. H. Hearne of the Carolina Coach Co., and Chas. M. Crawford, of the Raleigh Gas Co. said they were not advertent to the details, and had been advised of no contemplated change in the local organizations. An official of the Central Public Service Corporation is expected here over the week end to take up matters incident to the transfer with the local managers.

Baptist Centennial To Be Observed Soon

Wake Forest, Oct. 27.—The centennial of the founding of the Baptist State convention, which will be celebrated next month, will find the most complete record of its history in the Wake Forest College library. There is a collection of about a thousand books and four thousand pamphlets by and about Baptists. The unit contains treatises on baptism and the Lord's Supper, biographies, sermons, minutes of associations, the file of the North Carolina Baptist, of the Southern Baptist convention, and the most nearly complete file in existence of the Biblical Recorder.

PLATFORM OF

R. A. LACKEY

REPUBLICAN CANDIDATE FOR COUNTY COMMISSIONER

TO THE VOTERS OF CLEVELAND COUNTY:—

As a Candidate on the Republican Ticket for County Commissioner of Cleveland County, I desire to take this method through the press to let the voters know in advance some of the vital ills I propose to help correct if you elect me to this office:

First. I am opposed to the manager form of government for this county, that is to say, for any one man to be the dictator of our county as the present form now exists, but to restore it back to the commission form where it rightfully belongs.

Second. I will work in favor of the abolishment of the Game Warden of this county, that will eliminate the feegrabbers from harassing the people, as I feel that seventy two deputy sheriffs are a sufficient number to look after the game laws now written on the statutes.

Third. I whole-heartedly favor the abolishment of the Welfare Officer of Cleveland County, and save this \$1700.00 that rightfully belongs to the tax payers, and refer cases of this nature to the County Board of Commissioners for disposition, who will co-operate with Boards of Charity.

Fourth. Also, I want to go on record as favoring a reasonable assessment for farm land and other real estate in this County as our people feel that our land and other property was assessed at value while we were passing through a period of inflation.

Fifth. I am in favor of our Sheriff supervising the making up of the tax books and save the tax payers this \$1800.00 per year, as the Sheriff is well paid for his service as will entail no burden on him.

Sixth. I further pledge to use my influence to abolish any unnecessary offices that the people have no part in creating.

Seventh. If I am elected, I will serve the best interest of all the people and ask your vote and influence regardless of political affiliations.

Yours very truly,
 R. A. LACKEY

Power Plants To Go Over To S. P. U.

Rutherfordton, Oct. 25.—The Southern Public Utilities company of Charlotte, will take active charge of the water and light plants of Forest City and Rutherfordton on November 1. The citizens of these two towns voted on September 9 to sell their plants to the Duke interest for \$500,000. Rutherfordton is to receive \$295,000 and Spindale \$205,000. Each town will apply the funds on their bonded indebtedness. The Southern Public Utilities company agreed to take up the bonds as they came due, until the amounts are taken up.

REPUBLICAN CANDIDATE FOR SENATE TO SPEAK THURSDAY

Rutherfordton, Oct. 25.—George M. Pritchard, Republican candidate for the United States Senate, will address the voters of Rutherford county in the courthouse here on Thursday, October 30, at 7:30 p. m. A large crowd is expected to attend. This will be Mr. Pritchard's only political public speech in Rutherford county this campaign.
