Around Our TOWN Shelby SIDELIGHTS

By RENN DRUM.

HOW MANY SHELBY PEOPLE KNOW THAT-

John K. Wells spent near 30 years in the United States army and as a result is one of Shelby's most widely-travelled citizens. Earl Hamrick, the mill man, and Oliver Anthony, the real estate agent, were aviators.

THE DAYS mentioned above were the days when everybody in Shelby strolled down to the station to see the evening train come in.

COME TO think about it, no one ever heard of a girl getting out and walking back home in the old horse-and-buggy days.

AS WE watch Deputy Ed Dixon tear tax receipts out of the big tax books at the court house these days we wonder if his mind isn't on something similar to that John Charles McNeill was thinking about when he wrote the following:

FROM A Yorkville Enquirer columnist we learn that on an abandoned refreshment stand at the Kings Mountain battleground is a sign reading like this: "Here on this spot Colonel Lemonade led the forces of Hot Dog and Hamburger to a dreadful and inglorious defeat before the assault of 50,000 sight-seers on Oct. 7, 1930."

A good many Shelby people will be able, in the years to come, to tell their grandchildren that they participated in that battle, and also a counter attack that night led by General Indigestion.

Kills Stepdaughter by Use of Ground Glass

Mrs. Pearl O'Loughlin (upper) confessed to Denver police that she drowned her ten-year-old stepdaughter, Leona (lower). The girl's body was found in Berkeley Lake on October 18. An examination showed that the girl had been fed ground glass and badly beaten before she was thrown in the water.

Jonas Prosperity.

I can hear Jonas as he uses to sing. About the farmers wearing diamond rings. But since his election they have had no shoes. And most of their property they are about to lose.

A 20,000 item tariff they did write. They said to help the farmer in his fight. But Monazite, Mica, and cotton three. Jonas believed should all be free.

Now, plow shares sell at 20c per pound. While a buyer for cotton cannot be found. The tariff on shoes we all must pay. While Monazite and Mica are cheap as hay.

They voted a tariff on everything. Then sent Nye down our necks to wring. Now they say they are sad indeed. Because the farmer is in need.

I haven't seen a 10 dollar bill. Since Pa Jonas went over the hill. He promised prosperity to one and all. But he sent starvation the very next fall.

If you vote Republican again this time. You keep the farmer in the starving line. Vote the Democratic ticket straight. And drive starvation from out state.

Butter Fat Higher. When the Pet Milk Products company bought the North Carolina Creamery at Burlington recently, the management increased the price of butterfat to farmers and decreased the price of milk to consumers.

Catawba Wins Ribbons. Catawba county 4-H club members won a larger of ribbons at the state fair than any other 4-H group. They had entries in the poultry, dairy calf, corn, Irish potato and sweet potato classes and made good wins in all five.

(From Issue of The Star, Nov. 2, 1920.) An intimate picture "of the manner of man this Woodrow Wilson really" is, based on 10 years as his private secretary and touched here and there with hitherto unpublished incidents in the president's official life, was drawn by Jos. P. Tully, speaking at the Democratic mass meeting, just over the line in Maryland.

Thomas A. Edison was so stranded financially when he first landed in New York, in 1869, that he didn't have a cent to buy food, for which he was starving. Seeing a tea-taster at work, Edison begged him for some tea, and this formed his first breakfast in New York. Three days later Edison was sitting in the offices of the Gold Stock Telegraph

company watching the gold ticker at work—speculation in gold was then at fever pitch.

PRAISE 30 . . . h Oil 1236686 Nashville, Tenn.—The United States would have a higher grade of citizens as a whole if ministers could afford larger families, the Rev. Kenneth McArthur, field representative of the American Eugenic society told a group of Nashville ministers. Mr. McArthur suggested that if more church were consolidated over denominational lines, ministers would make better salaries and could afford "at least" four children each. "It is not chance that though the ministers in this country number only four-tenths of one per cent of the men, their sons take first place in the roster of "Who's Who," he said.

PLATFORM OF R. A. LACKEY

REPUBLICAN CANDIDATE FOR COUNTY COMMISSIONER

TO THE VOTERS OF CLEVELAND COUNTY:—

As a Candidate on the Republican Ticket for County Commissioner of Cleveland County, I desire to take this method through the press to let the voters know in advance some of the vital ills I propose to help correct if you elect me to this office:

First. I am opposed to the manager form of government for this county, that is to say, for any one man to be the dictator of our county as the present form now exists, but to restore it back to the commission form where it rightfully belongs.

Second. I will work in favor of the abolishment of the Game Warden of this county, that will eliminate the fee-grabbers from harassing the people, as I feel that seventy-two deputy sheriffs are a sufficient number to look after the game laws now written on the statutes.

Third. I wholeheartedly favor the abolishment of the Welfare Officer of Cleveland County, and save this \$1700.00 that rightfully belongs to the tax payers, and refer cases of this nature to the County Board of Commissioners for disposition, who will co-operate with Boards of Charity.

Fourth. Also, I want to go on record as favoring a reasonable assessment for farm land and other real estate in this County as our people feel that our land and other property was assessed at value while we were passing through a period of inflation.

Fifth. I am in favor of our Sheriff supervising the making up of the tax books and save the tax payers this \$1800.00 per year, as the Sheriff is well paid for his service as will entail no burden on him.

Sixth. I further pledge to use my influence to abolish any unnecessary offices that the people have no part in creating.

Seventh. If I am elected, I will serve the best interest of all the people and ask your vote and influence regardless of political affiliations. Yours very truly, R. A. LACKEY
