**'Squire Falls Talks Morrison-McNinch**

To the Editor of The Star:

I notice in your paper that Mr. Morrison and Mr. Bailey have locked horns over the McNinch confirmation affair and I think that Bailey is everlastingly right. The very first act of Mr. Morrison is to court favors with the McNinch faction in order to get their influence in 1932. This was done in order to win them over in case Mr. Hoey is a candidate against him. This is exactly what caused the revolt against Mr. Simmons. He tried to court favors in order to keep his nest feathered. Now Mr. Morrison gave Mr. McNinch down the country for voting for President Hoover, the Republican. Then the very first act of Mr. Morrison was to play Mr. Simmons and endorse Mr. McNinch in confirmation in order to get away with such milk and elder politics. Now there's a negro in the woodpile somewhere in the Morrison-McNinch affair. Now I have always been a friend to Morrison but I'm afraid this will kill his influence.
