Go Full Ten Rounds With Carr.

Babe Carr, the smiling boy with a punch in both hands, is still lightweight champion of Shelby and surrounding parts by virtue of his victory here Saturday night over Jerome Spangler. But the latter, due to his pluck, in the 10-round bout won by Carr on a decision, is more popular than ever.

From the outset the smiling Babe had the advantage in several ways. He had the reach, the experience, and the punch. Those things are not side-stepped except by lucky blows. But from the beginning Spangler stepped in and swapped blows. He was still doing his best to trade licks when the bout ended although he was groggy from kissing the canvas several times. Carr revealed great improve-

ment in his ring methods since he last appeared here.
