## No Vacant Stores At Grover; Garment Factory To Enlarge

(Special to The Star.)  
 Grover, Jan 22.—There has been several changes in business and locations in town recently. The State Line filling station that was operated by Mr. Sage Sapoch last year has been taken over by Frank and Roy Tessenner.

Also the filling station on the corner of Bob Vance and Main streets that was operated by Mr. Walter Norman has been recently repainted and improved and is now being operated by Mr. Marvin Hamrick.

The Rainbow Novelty Co., has moved their store room upstairs over their sales and show room in the Masonic building on Main street and the other half of the ground floor vacated by them will be occupied by the Peoples Drug store. Carpenters and painters are busy fitting up this place and when finished it will be one of the most attractive drug stores in this section.

Dr. George Gates will have his office in the rear of the new drug store and he will have a much larger and more convenient place in which to take patients.

The White building that was occupied last year by the Peoples Drug store is the only vacant store building in town, and it is rumored that it is to be fitted up for a first class barber shop in the near future and when this is done there will not be a vacant place in town.

**Will Enlarge Garment Factory**  
 The H. S. Keeter Co., is building a large brick veneer building on B. Vance street which will be occupied on or about the 1st of February by the Bonita Garment Mfg Co. Mr. R. D. Moss is owner and manager of this rapidly growing business, and when the new plant is finished she will install ten more electric machines and will increase her working force fifty per cent or more. She will also enlarge or extend her line to cover every thing in women's fine underwear. This is going to mean much to this section as it will help out in a large way the unemployment problem.

The Minnette Mills has been operating full time for several weeks but they had to shut down for a day and a half this week on account of some repairs to the boilers, but this was only a temporary shut down. Indications are good for this plant to go on for some time at least, much to the satisfaction of the community in general.

Mr. Ray Beam, who has been connected with the H. S. Keeter Co., for several years has been transferred to one of their stores in Shelby, and Mr. Alton Bell, has taken his place in the store here. This is in the nature of a promotion for Mr. Beam.

Mrs. D. A. Moss has been in the Presbyterian hospital recently for a very serious operation, but she is back at home now and is getting along nicely, and the doctor says that she will be entirely well in a short time.

**Epidemic of Mumps.**  
 There has been quite an epidemic of mumps in and around town for several weeks, and this has had a

tendency to curtail attendance in our churches and schools. Prof. Laxton Hamrick was one of the sufferers of this annoying malady and he had to miss his classes for over a week, but Mrs. Hamrick took his place in the school and carried on in a splendid way.

Little Miss Margaret Jean Ferree has been seriously ill for some weeks with pneumonia, but is much better at this writing.

Mr. R. C. Tate has been confined to his bed for several days with flu, but is out again and will soon be able to take up his work in the new drug store.

Little Miss Hilda Herndon spent some time last week in the hospital in Shelby, being treated for some form of rheumatism, but she is back at home now and seems to be getting along fine.

Mr. T. S. Keeter who spent the greater part of last year in hospitals and under the care of doctors has almost entirely regained his health and is back at his desk in the postoffice.

Mrs. Monroe Beam has been quite sick for two weeks, but is improving in a nice way at this writing.

Mr. S. A. Crisp was another victim of the flu this week. He was in bed for several days and is still confined to his room, but hopes to be out again in a few days.

## ALLEN SUGGESTS CHANGES IN PLAN

Would Have State Share All Six-Month Expenses On Current Year Basis.

Raleigh.—"State participation in all the necessary current operating expenses of the six months school term on the basis of the current year's business" is one of the suggestions made by Supt. A. T. Allen in his biennial report to the general assembly, as a way of improving the fund," says Supt. Allen, "has a twofold purpose:

"(1) The equalization, as nearly as may be of the county tax rates levied for the operation of the six months school term. (2) The equalization, as nearly as may be of the educational opportunity among the children in the several counties of

### NOTICE OF SALE OF PERSONAL PROPERTY.

North Carolina, Cleveland County. Pursuant to an order made by M. R. Weathers, recorder of Cleveland county, State vs. Buren Green, said Buren Green having been convicted of transporting intoxicating liquors by means of one Ford roadster. The undersigned will sell at public auction sale at the court house door in Shelby, N. C., on the 14th day of February, 1931, at 12 o'clock noon or within legal hours, the following described property: One Ford roadster, motor No. A2622705.

Terms of sale. This the 13th day of January, 1931. I. M. ALLEN, Sheriff. 2t 15c

the state. "I should like to suggest two ways however," Supt. Allen continues, "in which the administration of this fund can bring us a little closer to even tax rates and also a little closer to equalized educational opportunity.

"First State participation in all necessary current operating expenses of the six months school term. It does not take into consideration

the increment on teachers salaries nor the full number of additional teachers made necessary by increased attendance. In many counties a much larger percentage is necessary than the 10 per cent allowed in the State approved budget for current expenses other than salaries and transportation.

"Second, make the state participation on the basis of the current year's business instead of the previ-

ous year as heretofore. At present in each county in which it will participate looks backward to last year's business.

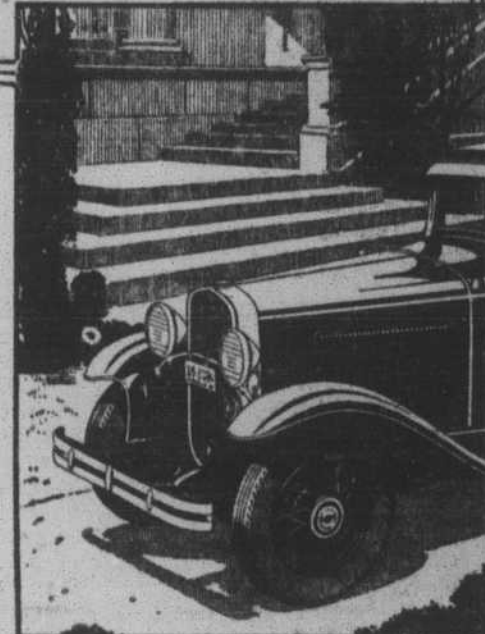

In my opinion both the state and county should sit down together and face the business of the current year and agree upon the amount of state participation that would be fair and equitable among all the counties."
