Dover P. T. A. Has Important Meeting

Rev. L. L. Jessup Talks. Mrs. Stroup Discusses Affiliation With National Organization.

(Special to The Star.) The Parent-Teacher association of the Dover school held its first regular meeting Monday p. m. at 3:00. Mrs. C. M. Stroup presiding for Mrs. Pritchard, the president.

The meeting was called to order and turned over to the program committee. The subject "Health" was cleverly carried out in rules, songs and readings, the various grades contributing. Rev. L. L. Jessup, pastor of South Shelby Baptist church gave an interesting and constructive talk on "Selecting Ideals for P. T. A." This was built around the child, 4 square, the ideals for the child in home, school, church and community. Emphasis was evident throughout his talk on how the parent and teacher with similar aims from a clear and definite understanding of the bond between them—parent and teacher—could contribute to the child's high ideals of living which would last through life. Here he paid tribute in a fine way to the four fold work of P. T. A.

After the program the business session was held. Thirty-two answered to roll call. The president, Mrs. Pritchard, announced that the constitution would be ready for adoption by the next meeting. She will have the different committees and grade mothers selected by the next meeting also. The third Monday at 3 p. m. was the time set for regular meetings except when the association observed "Fathers Night and Founders Day." Those dates to be voted on later.

Mrs. C. M. Stroup spent a few minutes in discussing state and national affiliation, the value of using circulating P. T. A. library, information of the P. T. A. institutes held each year during July-August at N. C. G. W., Black Mountain and University of North Carolina. The meeting of the annual convention of state P. T. A. at Wilmington during November. Here she urged that the association send a delegate, for it is during these meetings interest is created, enthusiasm caught, vision broadened to the possibilities of a standard P. T. A. After the meeting adjourned the teachers served fruits and delicious home made candy.

That the Dover school P. T. A. will succeed is evident through the interest and loyalty of its fine faculty and a determined stick-to-it-iveness promised by the parents.

FORD COMFORT

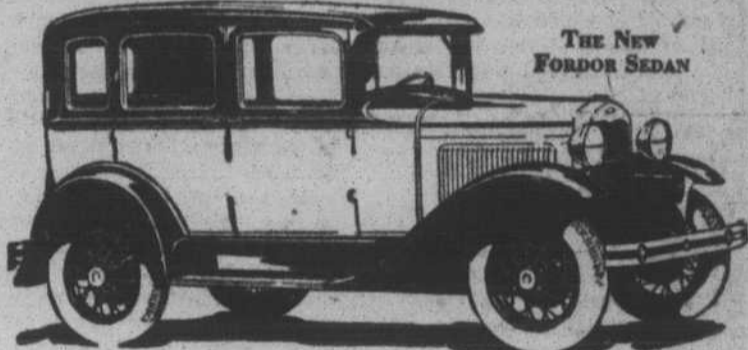

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

LOW PRICES OF FORD CARS \$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

SHRUBBERY SALE

In connection with the settling of this estate we are now offering our entire stock of hundreds of thousands of evergreens, shrubs and fruit trees at very low prices.
