**Miss Hamrick Wins Two Essay Honors**  
Beams Mill Pupil Writes on Making Flour and Ice Cream in Shelby.  
Louise Hamrick of Beams Mill school recently won two successive honors in essay writing contests. After the pupils of the 6th and 7th grades had visited several manufacturing establishments in Shelby, they undertook, under the direction of their teacher, to write essays about such subjects as appealed most forcibly to their interests. In contests of this nature in competition with 17 other pupils of the 6th and 7th grades, Louise Hamrick won in two contests "How Flour is Made" and "The Manufacture of Commercial Ice Cream." As an incentive to this educational phase of school work, The Eagle Roller mills donated two dollars as a prize. Louise Hamrick showed her unselfish spirit by consenting to use the prize money in purchasing ice cream for her classmates picnic given during the closing days of school.

**NEW OAKLAND V-8**  
WITH 85-H.P. V-8 ENGINE . . . WITH NEW INSULATED FISHER BODIES . . . WITH SYNCRO-MESH TRANSMISSION DELIVERED EQUIPPED

**\$1,018**

THIS IS THE PRICE OF THE TWO-DOOR SEDAN OR COUPE, equipped and delivered in Shelby. Sport Coupe \$1,098.00. Four-Door Sedan or Convertible Coupe \$1,118.00. Custom Sedan \$1,178.00. All cars equipped with front and rear bumpers, shock absorbers, 5 wire wheels, extra tire, tube and tire lock.

Pending an examination and a personal test of the car itself, you can gain some idea of the new Oakland's unusual value from the following important features:

**POWERFUL V-TYPE ENGINE**—developing 85 h.p. in a smooth flow of energy—more than adequate for all needs and emergencies. The V-type motor, as a type, has long been identified with the finest cars. Now Oakland owners enjoy its advantages at low cost.

**NEW INSULATED BODIES BY FISHER**—combining new roominess, beauty, comfort and safety with a practical snugness of construction which shuts out inclement weather, excessive heat and cold. Cowl and windshield posts are built in one piece, a leak-proof and rattle-free design.

**SYNCRO-MESH TRANSMISSION**—one of the outstanding contributions to motoring efficiency. It enables Oakland drivers to shift gears up or down, quietly and almost without effort.

**CHASSIS CUSHIONED WITH RUBBER**—At more than 40 points in the chassis, rubber insulation absorbs road shocks—adding to comfort, increasing the car's steadiness and prolonging its life.

**MOHAIR OR WHIPCORD UPHOLSTERY**—choice, durable materials which please riding guests, satisfy the owner's pride and help maintain Oakland's value.

**FIVE WIRE WHEELS**—heavy single-bar bumpers; Lovejoy shock absorbers; one-piece fenders with fender lamps; new sturdy, rugged frame and axles.

A demonstration of the new Oakland V-8 will be arranged at your convenience.
