

### "Poppy Day" Is Proclaimed By Mayor McMurry; Boosts Event

Saturday, May 23, was proclaimed poppy day in Shelby in a proclamation issued today by Mayor S. A. McMurry. The proclamation urges all citizens of the city to observe the day by wearing an American legion and auxiliary poppy as an individual tribute to the American men and women who gave their lives in the World War. It also calls upon the citizens of the city to contribute as liberally as their means will allow to the welfare of the disabled veterans and dependent families of the dead and disabled when purchasing their poppy.

The proclamation follows: "I, S. A. McMurry, mayor of the city of Shelby, remembering the fine young men of Cleveland county sent forth in the years of 1917 and 1918 to defend the honor and ideals of our nation on the battle fields of the world's most terrible war, and who died in the heroic performance of the duty the nation assigned to them, and deeming it fitting that the citizens of the city should pay honor to their memory by wearing the flower among whose bright red blooms many of them died, do hereby proclaim Saturday, May 23, poppy day.

"I urge that this day be observed by all patriotic citizens of Shelby by the wearing of the memorial poppy made by disabled veterans which will be offered on the streets of the city by the women of the American Legion auxiliary. I further urge that the citizens of Shelby who gave so gallantly of their services and so liberally of their wealth during the war, think on this day of those who gave health and strength, and when purchasing a poppy give as liberally as their means will allow to help lighten the burden for those who are still paying in suffering and poverty the price of our glorious victory.

"S. A. McMURRY, Mayor."

### Mothers Avoid Colitis

Dysentery with children need not be at all dangerous if treated upon first symptoms. Mothers for more than a generation have put an end to stomach and bowel disturbances of their children by keeping handy a bottle of Anti-Ferment. It settles the stomach, soothes the pains, prevents violent paroxysms, tends to regulate the bowels and in the end may avoid Colitis and more serious troubles. It is harmless and non-narcotic but a relief for Dysentery, and Diarrhea and digestive disorders due to upset stomach and bowels. It may be obtained in separate formulae, for adults 75c or for children 60c at all drug stores. Keep it ready for emergencies. adv.
