**Around Our TOWN Shelby SIDELIGHTS**

By RENN DRUM.  
S-s-sah! We're about to let you in on the inside of something.  
A news article in The Star informs that no woman has ever served on the jury in Cleveland county. Then the article goes ahead to explain that we've had no feminine jurors because the commissioners have never placed the names of women voters on the jury list. That's not the reason, and, a la Chic Sale, we'll tell you why: No woman has ever served on a jury in Cleveland county because very few women in the county would be willing to sit and do all the listening while a flock of lawyers did all the arguing. Jurors can't talk back and the women are not going to be told what to do without saying a few things themselves.  
And who blames them? (Certainly, none of us married men.)

**A COLLEGE BOY WOULD START SOMETHING LIKE THIS.**  
Just about the time this corner ran out of the commodity we vainly refer to as ideas along came a letter from a Duke university reader. He is after starting a few new contests to take the place of the Miss Shelby contest. But, boy, just wait until you get home and the girls, who haven't been nominated yet and still hope to, get hold of you. Anyway, one of his proposed contests should start something—maybe a duel or a regular alley war. But here's the letter, do your own grading:  
Several weeks ago you published a "long name" some of the Cleveland county farmers were having trouble with, so I'd suggest as you amble across the square some time you try this on your piccolo, "Dihydroxydiamidoarsenobenzol." In case you don't recognize it, it is the old reliable "606."  
Now since the beauty contest is over let's have another that will create some more excitement. The following should draw a small crowd at least:  
(1) What lawyer has ever won an argument at home?  
(2) Who owes the biggest grocery bill in town?  
(3) What married man has been seen in more places — Well, finish it yourself for you can run faster than I.  
We told Wallace Wade to save you one of those seats on the big trip to California in 1932. However, keep your bag packed for we might go in 1932.  
Toss this in the waste basket for that is what what we do with The Star, after we have read it twice. What is the big idea of leaving "Around Our Town" out of the paper every once in awhile? Don't you know we have to have our vitamin A. S. (Apple Sauce) three times per week? Do you know what "Hoover Prosperity" means? It is the French for "patched pants." But don't tell H. Clay Cox for he might cut off our supply of free air about better business.  
"So long. E."

**WATCH HIM COME HOPPING HOME, RAMBLIN' BILL**  
T'other night a special delivery messenger left a small box on this colym's front door step. The top of the box contained a number of small air holes and beside the perforations was written: "A live horned toad. Compliments of the Arizona desert. Ramblin' Bill, Phoenix."  
Somehow, being by nature kindhearted towards dumb brutes, animals, and other dumb people, we had an idea the poor critter needed something to eat after the long trip from Arizona to North Carolina. Not knowing what tidbits horned toads are fond of, we carried him into the backyard, dumped him in the garden and tried to get the blinking-eyed cactus-jumper of the desert to take on a meal of chicken hash and water. He backed away from both. Then we ducked him in the water and he hippity-hopped behind a bush and hid. Since then he hasn't been seen. Maybe by now he's back in Arizona asking Bill why he sent him to a place where folks don't know that a horned toad eats bugs and insects, doesn't know what water is, and would rather sleep in a sand pile than in a feather bed; in fact, will sleep nowhere else.  
The next day there came a letter from Ramblin' Bill, telling how his young son caught the toad, and had it sent back to his dad's native state. The letter also informs that the toad should be placed in a box of sand and given a barbecue of dead flies and insects until he could get acclimated. But the poor toad—perhaps a great grandson of the one that slept for 50 years in the cornerstone of a Texas court house—couldn't be found high or low.  
If he'll only come back, we'll be glad to get up the files and sand for him. But we have a sneaking idea, somehow, that we're going to wake up some night and find that toad in bed with us, prodding our bare feet with his horns to get even for the poor reception given him in this alleged section of hospitality and litchstrings swinging on the outside. Neighbors, beware!

**Shelby Shorts:** Sheriff Allen has a fox dog he calls "Hoover," and he is said to be better at catching Reynolds than his godfather was in catching votes—in 1928 . . . Grover Rollins is getting up material on the slaying in 1911 of Mr. and Mrs. John Dixon in upper Cleveland county for a detective magazine story . . . Pete Webb, brilliant young Shelby golfer, is an expert pool shot and was a corking good baseball player while he was in school . . . In a Shelby boarding house, we hear, two or three young men slipped into the room of another young man, carried out his face powder box, emptied the powder out, filled it with flour and placed it back in his room. He didn't know about the change until a week or two later when he was told of the prank. That ought to be an idea for the Eagle Roller mills. Think of an ad reading like this "Use Isaac Shelby flour after shaving to maintain that school boy complexion. Your best girl will grumble no more about your rough face" . . . Says a reader: "That colym mimmicking McIntyre makes me think you are a country boy who came to town and did NOT make good" . . . Give us a break, buddy. You see McIntyre has been more fortunate in that he has more bright boys like you contributing scintillating little morsels.

**NOW YOU TELL ONE, AND YOU AND YOU**  
A number of years ago—we may get shot for telling this one—Mr. John R. Dover and the late J. A. Anthony were invited to a rural Cleveland county church to make talks. They took with them their 14-year-old sons, Toms Dover and Graham Anthony, both of whom were typical boys, packed with energy and unable to sit still long at a time in church or anywhere else. While their dads were speaking the two boys had a big time playing about outside.  
After returning home Mr. Dover desired to give the boys a lesson about their conduct. He chose this method: Sitting down he changed his handwriting and wrote letters to himself and Mr. Anthony. In the letters, posing as one of the members of the church where they spoke, he informed Messrs. Dover and Anthony that while they were speaking their two sons were cutting up outside. "You came down here and told us how to live and bring up our children," the letter reads, "but seems as if you could try out some of your advice on your own children." The next day over came Mr. and Mrs. Anthony, muchly worried about the rebuke given them about the behavior of their boys. Mr. Dover did not tell them any better and that he wrote the letter until several days later. The boys were not told where the letters came from until they were 21, but thereafter when they went a-visiting other churches, they went inside and found seats.

**How One Woman Lost 47 Lbs. In 3 Months and Feels Years Younger**  
Mrs. S. A. Solomon of New Bern, N. C., lost 47 lbs. in 3 months with Kruschen Salts. She reduced from 217 to 170 lbs. She feels much stronger, years younger and pains in sides, back and abdomen that bothered her for years are all gone. She says she not only feels better but looks better as all her friends tell her.  
"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it."  
A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Stephenson Drug Co. and druggists the world over. Take one half teaspoonful in a glass of hot water every morning before breakfast.  
Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen way is the safe way to lose fat. Fry one bottle and if not joyfully satisfied—money back.
