PAINS QUIT COMING

"When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could ges no relief.

"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardul. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health." But, somehow, we feel of Carpenters Grove attended a dislike getting this off our chests:

According to those who have investigated the matter, one beggar Tuesday evening who has worked Shelby streets comes to work, or almost to work, in an automobile. He lives in another city and comes here, perhaps, because his circumstances are not known here. Still another beggar who has visited here owns a home in one of the State's largest cities and Mrs. W. H. Young is quite ill

We wonder, if all this be true, if Shelby hasn't needy people of her own-people who do not own motor cars or homes-who should be the past week with her sister Mrs. taken care of first. Spend an hour or so some day in the welfare office Wytle Costner and Mr. Costner of and see.
