## This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, L. I. writes: 'A year ago I weighed 190 pounds. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 yrs. old than the mother of 2 children, one 19 and the other 18. Everyone of my friends say it's marvelous the way I reduced.'

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at Stephenson Drug Co., Cleveland Drug Co., or any drug store in America. If not joyfully satisfied after the first bottle—money back.

"There were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.  
My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."  
—Mrs. T. R. Gibson, Fort Payne, Ala.

... I am sorry of one thing. My wife begged pitifully that I water her flowers and shrubbery, but it's been looking so much like rain for 10 days, I have waited. It hasn't rained yet, and nearly everything is dead in our yard except the nut-grass—which sun, nor fire, nor hail, nor brimstone, nor shovel, nor hoe, nor drought can hurt or stunt. But she can plant some new flowers and stuff next summer.

... I am sick of this batching, business and want my people back home. I get two meals a day down town, but they ain't like the meals mother useter cook. If it would snow, I believe they would come home. I get sweet letters from them every day though and here's the way they read: "Dear Daddy: It is nice and cool up here. Send 20 more dollars quick. Love and kisses. Mother." Twenty dollars are getting mighty scarce since Mr. Hoover straddled that moratorium on us.

... the mule and cow belonging to arlie allen has disappeared from his pastor and they were abouts is unknown, and as they is the only live stock the allen had to make a living with, they ask that the public at large look out for them and report if saw to the polezman, she had a crumbled horn and was giving nearly 2 gallons a day and he ancers to the name of pete and had a scar on his left hind leg and was a full blooded jersay and they have nothing to plow, as the rest of the family is married and moved away.

... a right smart of gossip is going about the price of cotton and soforth next fall, some of the loafers say that the republicans will haffer raise it c15 or get beat, while others think that it will fetch c20 as nobody was able to use anny fertilizer and the crop will be too short to fetch c10. The akeraage was cut considerable in this neighborhood onner account of noboddy got anny help from the farm bored and all of mr. freed landbank's farms is laying out.

... well, mr. editor—you can count on me for a full column twice a week from now on, as I have laid by my crops, and don't have so much manual labor to do about the house. If anybody gets killed from here, I will rite or foam same in promptly, as yore readers will no doubt be glad to hear same.

**Wanted: A Family.**  
... I don't like summer time. Summer time means keeping batch for me about 6 weeks while the folks go away where the cool breezes blow and hotel bills flow. They are away now. The doctor told them that they couldn't stand this hot weather, and suggested the highest priced mountains he could think of for them to recuperate—in.

... I am in the middle of my second week of batching. I think I'll wash the dishes tomorrow. I have not made up any beds yet. We have 8 beds in the house, and when I "touse" one up too bad, I move to another bed. I have not felt like sweeping up either of the rooms occupied so far. Newspapers are not quite knee-deep yet in the sitting room.

... I had a death in my family yesterday. The gold-fish died. I didden know how to feed gold-fish, and I thought as long as he had water to swim about in he was all right, but he's gone now where all good little gold-fishes go. The cat left last Tuesday, a week ago. The towel in the bath-room is getting somewhat sold. I wonder where in the world that woman hides the clean towels.

... I was instructed to look after the chickens. An old hen came in with 12 biddies about 10 days ago, but I'll be hanged if I can find her or her results anywhere's in the yard. There are 7 other hens a-setting on nothing but excelsior, and I am letting them set, if they ain't got no more sense than that. I ran out of feed for them 4 or 5 days ago, and can not think to
