

### Continue Suits Against Shelby; Start Baber Case

(CONTINUED FROM PAGE ONE) than a day being occupied in hearing the evidence and arguments. The Moore farm is in the Bolling Springs section and the case attracted considerable interest. Two or three criminal actions have come out of the litigation, it is said.

#### Try Divorce Over

One of the three divorce cases heard by Judge Walter Moore last week after he had completed the criminal docket must be tried over again. In the action Van Buren Wilson seeks a divorce from Annie Wilson. It was tried and the divorce granted but since it has been learned that the divorce was contested by Mrs. Wilson and her filed answer was overlooked. Wilson charges adultery with "unknown men" while he was a patient in a tubercular hospital. In her answer Mrs. Wilson denies being unfaithful, but adds that had she been her husband had shown that he had condoned it by living with her as man and wife since that time. They have one child. They were married at Lincolnton in August, 1926.

The two other divorces granted last week were Theo Roberts from Velmar Roberts and Lawrence Dill from Mae Bell Dill. The Roberts were married at Rutherfordton in April, 1927, and lived together until August of the same year. The complaint alleged adultery while the husband was in Hawaii and at other times. The best of action in the Dill divorce was separation. The Dills were married in May, 1919, at Greenville, and have been separated since October, 1924, or more than the five years necessary to secure a divorce.

In another civil litigation yesterday D. H. Oline was awarded a judgment of \$133.38, against M. P. and Eliza Ramsey.

### Call Curb Market "The Star Market"

Mrs. Walter Ramsey Wins Cake For Naming New Curb Market

The Shelby curb market, sponsored by the home demonstration club women of Cleveland county and operated just off the square on North Washington street, has been named "The Star Market."

Mrs. Walter Ramsey is the winner of the cake offered for the name accepted.

One of the reasons advanced by the market officials for the selection of the name is the cooperation given the movement by The Cleveland Star.

In announcing the name the market officials express their appreciation to a number of citizens who have helped make it a success. Those thanked include Judge B. T. Falls, owner of the property where the market is located; the Arey oil firm, lessee of the property, and Mr. Reid Misenheimer who operates the oil station adjoining the market.

### Mr. Greene Dies At Boiling Springs

Passes Suddenly. Funeral Conducted By Rev. J. L. Jenkins Tuesday.

(Special to The Star.) Boiling Springs, Aug. 4.—Friends of Mr. Lukey Greene were shocked by his sudden death which occurred Monday morning about 3 o'clock. Mr. Greene had been in declining health for many years but his death was quite unexpected.

He was a faithful and consistent member of the Boiling Springs Baptist church. He, even though afflicted with rheumatism for many years, was always cheerful and patient. He is survived by his wife, Mrs. Octavia Greene and the following children: R. S. Greene of Cliffside, Mrs. Roy Lee of Mt. Olive, Mrs. Brutus Lovelace, Miss Odessa Greene and Messrs. Lawrence, N. N., and Loy Greene, all of Boiling Springs.

Funeral services were conducted by Rev. J. L. Jenkins, his pastor, at the home Tuesday afternoon at 2 o'clock. Interment took place in the Boiling Springs cemetery underneath a mound of beautiful flowers.

### Morrison Mixed In Debate Over Luxury Tax Now

Not Oppose Tax. Took No Friends Of Senator Say He Did Stand.

Charlotte, August 5.—Senator Cameron Morrison's position, or lack of it, on the luxury sales tax became an active topic of conversation in political circles yesterday. A supposed effort on the part of his political enemies to align him on one side or the other of this State issue, caused him to be referred to in various newspapers as opposing the luxury tax.

The Senator, himself, was silent about the whole matter but his friends were more outspoken, declaring that he had religiously refrained through the whole period from taking any position at all on the luxury tax.

When State Senator Francis Clarkson was asked about an article in Raleigh News and Observer that it was reported there that Senator Morrison had influenced him to change his vote from favorable to unfavorable on the luxury tax question in the Legislature, Senator Clarkson said:

"Senator Morrison did not persuade me to change my vote on the luxury tax. He never mentioned it to me in private conversation nor did he communicate with me about it. So far as I know Senator Morrison did not take any position on the luxury tax question."

Fisher To Meet Lefty Sherrill In Hurling Duel. Expect Hot Game.

An unusually fast baseball game is anticipated at the city park in Shelby Saturday when the strengthened Cleveland Cloth Mill club takes on the Riverbend team, a strong baseball aggregation of one of the Duke power plants.

The ace hurler of the visiting club is Lefty Sherrill, former Piedmont leaguer, and he is expected to take the mound to oppose Fisher, star moundsman of the Shelby club.

Supporting Sherrill will be one of the heaviest hitting independent outfits in the State, but the local team, with several heavy hitters added since the collapse of the Western Carolina League, expects to make it a hard-fought contest.

### Carr-McCarver Bout To Go On Saturday Night

Was Scheduled Last Saturday But Is Booked For Coming Saturday Night.

(By G. O. Blackburn)

Lawndale, Aug. 5.—Below is an alibi concerning the boxing match scheduled for Aug. 1, 1931.

Just why we flopped on this bout will be completely explained in this paragraph. We rented the Thompson building from Mr. Carl Thompson of Shelby, with rent in advance.

It is generally understood that the electric lights go along with the building; that is that the juice or power be paid by the party renting same. On the otherhand I do not know the ropes or onions around Shelby and the next time I rent a building in town I would appreciate it very much if the City Hall Dept. would inform me just how to secure electric power for a boxing match or any kind of entertainment.

We are very sorry that this mishap occurred but we will assure you it will not occur again in the future. Also we are sure that Babe Carr and Tommy McCarver would have put on one of the snappiest bouts possible for their weight and experience.

Coming Aug. 8th. to Shelby. Boxing (Main Bout, 10 rounds) Babe Carr vs Tommy McCarver 140 lbs. 145 lbs.

(Semi-Finals) Horse Petty vs Battling Johnson Lawndale Double Shoals 180 lbs. 190 lbs.

Also several good preliminaries. This bout is being promoted by Dick Blanton of Shelby, and G. O. Blanton, of Lawndale, and we are sure that this one will be a success.

### Ora And Lily Clubs To Play

Two Textile Outfits Battle Each Other In Ora Park Saturday.

A baseball game which will attract considerable fan interest is booked for the Ora mill park Saturday afternoon when the Ora and Lily textile club.

Both clubs have had good seasons and a hard-fought game is anticipated between the friendly rivals.

An ice cream supper is booked for the Ora village immediately after the game.

### Lattimore Loses To Zoar Church

Playing at the Lily ball park yesterday the Zoar baseball team defeated Lattimore 6 to 5 in a close and hard-fought game.

War and Bolton formed the battery for the victors. It was the second game between the two clubs.

### Grasshopper Plague

Des Moines, Iowa, Aug. 5.—The grasshoppers are hopping right along, with appetites that seem to be insatiable.

Encouraged, however by the success of some farmers in North and South Dakota, Iowa, Nebraska and Minnesota, exterminating the pests with poison mixed with bran and molasses, the Iowa department of agriculture prepared today to spread by airplane the mixture over the wastelands of Iowa in an effort to halt the invasion of the pests.

In addition to playing havoc with farm crops the insects have been eating everything from feathers to fork handles.

Take the word of Dr. C. J. Drake, state entomologist the grasshoppers will eat almost anything.

He reported that in Western Iowa a wagon tongue had been partially eaten by the insects. They devoured so much of it that it had to be placed.
