"I have used Black-Draught... and have not found anything that could take its place. I take Black-Draught for biliousness. When I get bilious, I have a nervous headache and a nervous, trembling feeling that unfits me for my work. After I take a few doses of Black-Draught, I get all right. When I begin to get bilious, I feel tired and run-down, and then the headache and trembling. But Black-Draught relieves all this." —H. C. Hendrix, Homerville, Ga.

**Japanese Invasion of Manchuria
Is Test for League of Nations**

Non-Resistance Policy and Refusal of China to Be Party to New War Leaves
Settlement of Dispute to International Body at Geneva—Kellogg
Peace Pact May Be Invoked Next.

The invasion of Manchuria by Japanese troops under General Honjo, that was at first thought to start of another devastating war, may, by China's attitude in the matter, be dampened to the status of a mere local disorder. When the first clash came between the two countries, Marshal Chang Hsueh-Liang, the youthful Governor of Manchuria, ordered Chinese forces to retire peacefully and offer no resistance to the invaders. In this he was backed by Foreign Minister C. T. Wang, who made representations to the Japanese Government, giving it the chance to withdraw and the opportunity to settle the affair with an apology. However, Japanese have continued to occupy town after town in the province of the Manchus and now the Chinese Government is going to pit its faith in the League of Nations and the Kellogg Peace Pact. If the august body at Geneva decides that Japan has committed an act of war, it will be the duty of member nations of the League to sever trade and financial connections with her. Thus the efficacy of the League as a power for international peace will be tested.

**"Change" Artists
Work Rutherford**

Rutherfordton—Four men traveling in a large car with an Ohio license plate who might be termed "short change artists" visited this section last week and got \$5 from the Tar Heel service station on Highway 20, about 10 miles west of here. They also got \$5 from a service station at Bat Cave and went on towards Asheville.

Their game seems to be for two or three of them to enter a store or filling station at the same time, purchase several small items, change their minds and want something else, rush the clerk, as they are in a hurry, and want bills changed. They do all within their power to confuse the clerk and get extra money. Their game failed to work on W. T. McDaniel who operates a large service station near town on the Chimney Rock road.

The summons was issued and mailed to Forsyth county officers for service but was returned because the defendant was not in the county at the time. An alias summons, or substitute summons was then drawn and sent back to the defendant last Friday.

Mr. End declares that the meat must be tenderloin from the backbone on each side for the meat that is to be canned in steaks. The flesh that is to be put up with sauce is boiled until it tender and then chipped from the carcass.

Mr. End explains that the meat tastes something like chicken. However, there is some argument over this. Mr. End believes it is more like frog legs, and a few who have sampled rattlesnake declare it is like crab meat. Others insist that it has a flavor of its own—and that it is a delicacy well worth trying.

Mr. End points out that he is doing three things—he is furnishing the world with a new food; he is providing employment for persons engaged in catching the snakes as well as in working in the cannery; and he is helping Florida to destroy one of the most venomous of all reptiles.
