THE BROKEN CUP. Never beside you, but sometimes alone I wonder what the chipped cup of my soul Lifts to your lips to drink of; you have known Lovelier beings; eyes that softly stole Upon your face, nor gazed as my eyes do Unwinkingly at yours with thoughts that crowd For utterance. I search my memory through Until I wake the ghosts and cry aloud Finding some old despair. Too many doors Are locked and yet fly open at a touch. Revealing pierced hands and running sores: These are not gifts to offer you as such. Nothing I have for you, unless it is My loving you despite my knowing this. Aory Hare.

1 1/2-ton 157-inch Stake Truck \$810\* (Dual wheels standard)

By actual road performance, week after week, month after month—the six-cylinder Chevrolet has proved its right to be called America's most economical truck. Owners have found that on a ton-mile basis Chevrolet costs less for gas and oil, less for upkeep and less for service than any other truck—regardless of the number of cylinders. And price-comparison will show that this big, sturdy Chevrolet Six is one of the lowest-priced trucks you can buy.

Today, any truck user can apply this economy to his own particular work. The current Chevrolet commercial car line covers practically

every delivery and hauling need. Twenty-five different models. Half-ton and 1 1/2-ton pay-load capacities. Three wheelbase lengths. A wide variety of Chevrolet-designed and Chevrolet-built bodies. Just name the type of truck you need—and you will very likely find it in Chevrolet's all-inclusive line.

Each Chevrolet truck has a 50-h.p. six-cylinder engine—25% more powerful than any other engine in a truck priced so low. Maximum load-capacity is assured by unusually large bodies, supported by long rigid frames and long parallel-mounted springs. And Chevrolet truck prices are among the lowest in the commercial car market.

Half-ton 100-inch wheelbase chassis \$355 (Dual wheels standard) 1 1/2-ton 131-inch wheelbase chassis \$520 (Dual wheels 125 extra) 1 1/2-ton 157-inch wheelbase chassis \$590 (Dual wheels standard)
